**Selected Letters of Martha Gellhorn**  
 HarperCollins

"As a child, Iris had immigrated from Italy with his mother, who arrived in Chicago in pursuit of the American dream. Driven by ambition and narcissism, he began publishing poetry in 1905, participated in the Chicago Renaissance, and continued publishing until two years before his death in 1967." "With energy and persistence, the minor Chicago poet insinuated himself among the great and famous and simulated a life of literary stardom. Iris's self-projection as a neglected poetic genius often was designed to translate into monetary value, while confirming his role behind the scenes of 20th-century literary history."--Jacket.

Here is a look at the fascinating profiles of each of the 43 presidents, including the names of their pets! Sidebars are filled with fun and unusual information about our leaders-such as who appears on stamps and money-and "At a Glance" boxes provide birth date, political party, and other vital information, including that: Thomas Jefferson, our third president, spoke six languages, invented many things (the swivel chair and the pedometer, to name two), and designed and built not only Monticello (his rural

home) but also the University of Virginia. Theodore Roosevelt, was one of the nation's great hunters, and the Smithsonian is filled with hundreds of specimens from his safari in Africa. He was also our first environmentalist president, setting aside nearly 200 million acres for national parks and wildlife refuges. You'll also find a section on "The First Ladies"-short takes on all the presidents' wives. The book ends with a special feature that's just in time for the 2012 election: how a president gets elected. From the first presidential election to recent recounts, this chapter clearly explains to a young audience how we choose the next leader of our country. Includes over 100 whimsical illustrations!

Her fame seemed guaranteed by the compelling story of her life. She had been an aristocrat turned Communist, a celebrated author, and an international political figure whose acquaintances and collaborators included Stalin, Eleanor Roosevelt, Ernest Hemingway, Tina Modotti, Vittorio Vidali, and Anna Seghers among many others. Yet, surprisingly, instead of remaining a heroine of the Republic, Constanca de la Mora's memory somehow faded from Republican history. This book sets out to explore the life of this privileged woman who unexpectedly cast in her lot with that of the Spanish people.

#### Martha Gellhorn Teacher Created Materials

The first major biography of legendary war correspondent Martha Gellhorn, whose life provides a unique and thrilling perspective on world history in an extraordinary time Martha Gellhorn's heroic career as a reporter brought her

to the front lines of virtually every significant international conflict between the Spanish Civil War and the end of the Cold War. The preeminent-and often the only-female correspondent on the scene, she broke new ground for women in the male preserve of journalism. Her wartime dispatches, marked by a passionate desire to expose suffering in its many guises and an inimitable immediacy, rank among the best of the twentieth century. A deep-seated love of travel complemented this interest in world affairs. From her birth in St. Louis in 1908 to her death in London in 1998, Gellhorn passed through Africa, Cuba, China, and most of the great cities of Europe, recording her experiences in first-rate travel writing and fiction. A tall, glamorous blonde, she made friends

easily-among the boldface names that populated her life were Eleanor Roosevelt, Leonard Bernstein, and H. G. Wells-but she was as incapable of settling into comfortable long-term relationships as she was of sitting still, and happiness often eluded her despite her professional success. Both of her marriages ended badly-the first, to Ernest Hemingway, publicly so. Drawn from extensive interviews and with exclusive access to Gellhorn's papers and correspondence, this seminal biography spans half the globe and almost an entire century to offer an exhilarating, intimate portrait of one of the defining women of our times.

*Dealers and Dreamers: A New Look at the New Deal* Palala Press

In *The Lion's Pride*, Edward J. Renehan,

Jr. vividly portrays the grand idealism, heroic bravery, and reckless abandon that Theodore Roosevelt both embodied and bequeathed to his children and the tragic fulfillment of that legacy on the battlefields of World War I. Drawing upon a wealth of previously unavailable materials, including letters and unpublished memoirs, *The Lion's Pride* takes us inside what is surely the most extraordinary family ever to occupy the White House. Theodore Roosevelt believed deeply that those who had been blessed with wealth, influence, and education were duty bound to lead, even--perhaps especially--if it meant risking their lives to preserve the ideals of democratic civilization. Teddy put his principles, and his life, to the test in the Spanish American war, and raised his

children to believe they could do no less. When America finally entered the "European conflict" in 1917, all four of his sons eagerly enlisted and used their influence not to avoid the front lines but to get there as quickly as possible. Their heroism in France and the Middle East matched their father's at San Juan Hill. All performed with selfless--some said heedless--courage: Two of the boys, Archie and Ted, Jr., were seriously wounded, and Quentin, the youngest, was killed in a dogfight with seven German planes. Thus, the war that Teddy had lobbied for so furiously brought home a grief that broke his heart. He was buried a few months after his youngest child. Filled with the voices of the entire Roosevelt family, *The Lion's Pride* gives us the most intimate and

moving portrait ever published of the fierce bond between Teddy Roosevelt and his remarkable children.

*FDR and the Spanish Civil War* Vintage

In the 1890s, Assistant Secretary of the Navy Theodore Roosevelt led a campaign to modernize the navy.

Paramount in Roosevelt's vision was the creation of a fleet of modern, steel-hulled warships armed with the most powerful weapons available. The future president and his intellectual soul mate, Captain Alfred Thayer Mahan, firmly believed that America's emerging global expansion would only reach its full potential through sea. power. The swift and overwhelming US victor in the Spanish-American War of 1898 vindicated the views of Theodore

Roosevelt and Captain Mahan, and marked the debut on the world stage of the modern US Navy. Theodore Roosevelt, the U.S. Navy and the Spanish American War considers the impact Roosevelt had on the US navy in general and how his reforms affected the course and outcome of the Spanish-American war in particular. The nine contributors to this volume include leading historians, and prominent naval officers from the US and Spain. With essays ranging from the Roosevelt family's naval heritage to the impact of the Spanish-American War on enlisted forces in the navy, this work is a major contribution to our understanding of Theodore Roosevelt and 'his' navy.

### **Constancia de la Mora in War and Exile** Free Spirit Publishing

In 1940, a young Harvard-educated American named Varian Fry, inexperienced and not at all certain that he possessed any courage, went on a secret mission to Marseille. There, with only three thousand dollars and a list of names, he was to help those who had fled Nazi Germany and were now trapped in southern France. The list he took with him had been prepared by, among others, the Museum of Modern Art and Eleanor Roosevelt. It included most of the premier writers, painters,

and scientists of Europe, many of them Jews--people like Marc Chagall and Max Ernst, Jacques Lipchitz, Marcel Duchamp, Hannah Arendt, Franz Werfel, Andre Breton, Andre Masson, and other surrealists, and hundreds more. When Fry witnessed their plight, he became determined not just to give them immediate aid but to find ways for them to escape. Slowly he built up a group of people who could help, forging passports and finding secret paths across the Pyrenees into Spain and then to Lisbon. Fry himself was constantly in great danger, but he seemed to experience a divine inspiration, achieving greatness and glimpsing immortality by acting as the hero he never thought he could be. His own government tried again and again to stop him and send him home,

but he managed to continue his rescue operations for more than a year. Only in the past decade has the world begun to honor Fry, who died in 1967. He is, for instance, the only American honored at Israel's Holocaust memorial, Yad Vashem, as one of the "Righteous Among the Nations." Using letters and records unavailable to anyone else, as well as interviews with numerous survivors, Sheila Isenberg has given us an inspiring story of how the brave and determined actions of one individual can help change the world.
