Describes the history of accounting and double-entry bookkeeping from Mesopotamia to the Renaissance to modern finance and explains how a system developed that could work across all trades and nations. 13,000 first printing.

Accounting Gr11 T/g*afrikaans

HarperCollins UK

In this book, Jayne Godfrey and Keryn Chalmers explore the intricacies of the globalisation of accounting standards - arguably one of the most significant business developments of the wider globalisation process during the past two decades. They examine the key issues and implications of this harmonization of accounting standards from the perspectives of a diverse range of worldwide stakeholders. "Globalisation of Accounting Standards" shows that globalisation approaches differ significantly because countries seek to maintain varying degrees of sovereignty over their regulations. International differences in economic, political, legal, religious and social characteristics also affect globalisation approaches and, in

turn, influence national accounting standard-setting agendas. The book explores why countries relinquish their existing national accounting standard-setting regimes to join the global movement. It also seeks to resolve questions such as: To what extent are national incentives altruistic, economic, political or social? Who are the winners and losers in the process? This authoritative book is thoroughly researched and expertly informed. Written by both academics and regulators, it tackles a critical and controversial issue in the globalisation movement. As such, it will be of great interest to a wide-ranging audience including: international, national, private and public sector standard-setters, economic regulators, accounting academics and political economists and strategists.

Study and Master Accounting Grade 11 CAPS Study Guide

Michael O'Mara Study & Master Mathematical Literacy Grade 10 has been especially developed by an experienced author team according to the Curriculum and Assessment Policy Statement (CAPS). Spot on Life Orientation

Simon & Schuster
The CIMA F3 Practice and Revision Kit is an excellent revision tool that contains many recent exam questions that allow you to test yourself on each area of the syllabus. These questions are supported by detailed solutions, 'top tips' on how to tackle the difficult areas and an indication of where you might be able to pick up easy marks. Test your exam technique using the two mock exams we have provided and use the detailed solutions to check your progress.

We're Not All Like that Pocket Books

This book presents a comprehensive, systematic approach to the development of learning strategies.

It Ends with Us

Choice Books
South Africa has an education crisis, despite the fact that the government spends the biggest slice of its budget on education, more than any other African country. And yet the crisis persists. Jansen and Blank looked at South African schools that work, in spite of adverse conditions -- schools in poor communities, schools with overcrowded classrooms, schools in both rural and urban environments -- and have drawn out the practical strategies that make them successful. 19 short films (included on DVD or available for streaming or download in digital editions) let you visit these schools and understand in the words of their principals, teachers and learners what makes them succeed. Then take look at the 10 key strategies identified and see how to implement them in other schools to effect transformation. As we have come to expect from Jansen, there are no complicated theories, not difficult to implement solutions -- just lots of common sense!

Economic and Management Sciences,
Grade 8 Banner of Truth

This guide contains indexed lists of study opportunities in South African universities that relate to occupations that might be open to persons with various degrees, diplomas or certificates. In the first of two sections in the guide, opportunities for study and employment related to "first qualifications" are listed as follows: index

of fields of study for which study opportunities are available; particular degree programs by field of study; index of occupations available to those with first qualifications; index of institutions offering programs of study. The second section of the guide concerns "advanced qualifications" and arranges entries as follows: field of study for which advanced degrees are available; actual degree programs at particular institutions; index of institutions offering advanced degrees. For both sections the descriptions of actual degree programs at particular institutions list the name of the institution, the language medium (English or Afrikaans), the duration of the program, the entry qualifications, subjects required, the admissions criteria; and the application deadline; the descriptions in the first section also list the possible occupations for those completing the program. An appendix provides the addresses of institutions mentioned in the guide. (JB)

Examining the Phenomenon of "Teaching Out-of-field" New Africa Books

`It's a really great book: friendly, comprehensive, complete and up-to-date. It is an explanatory guide to help you judge and choose the contraception to use. I recommend the book highly.' Dr Cindy Pan, general practitioner, media broadcaster and author of Pandora's Box. Choosing a method of contraception isn't simply about preventing pregnancy. It's also about making the best choice for your future, your lifestyle, your health and your peace of mind. This updated edition of *Contraception-Healthy Choices* provides both women and men with information to help make that choice. Forms of contraception covered include condoms (male and female), progestogen-only injections, implants, diaphragms, cervical caps, intrauterine devices (IUDs), natural family planning, traditional methods and sterilisation. The book also includes an update on the contraceptive pill, a new chapter on the increasingly popular vaginal ring, and new information on emergency contraception. There is information on how pregnancy happens, reducing the incidence of sexually transmissible infections and abortion. Written in an easy-to-read Q&A format and illustrated throughout, *Contraception-Healthy Choices* is a practical and contemporary guide for people who want to make an contraception they use.

Froggy Goes to Hawaii NB Publishing Deals with the realities of drug use including: what causes people to use drugs, how these drugs work - physiologically and emotionally, what illicit

drugs are most commonly used in Australia, the pros and cons of different treatments available, what happens in counselling, a list of services available in each state.

The CD-Rom with a PowerPoint presentation includes: * interactive examples to explain new concepts * links to all solutions to activities and assessments in the Learner's Book

Double Entry: How the Merchants of Venice Created Modern Finance R. R. Bowker

This book identifies and surveys the major themes around 'out-of-field teaching', that

is, teaching subjects or year levels without a specialization. This has been an issue in many countries for some time, yet until recently there has been little formal research and poor policy responses to related problems. This book arises out of collaborations between members of an international group of researchers and practitioners from Australia, Germany, Ireland, England, South Africa, Indonesia and the United States. Cross-national comparisons of ideas through case studies, descriptions of practice and research data interrogates the experiences, practices, and contexts relating to out-of-field teaching. In particular, the book considers the phenomenon of out-of-field teaching in relation to national policy contexts, local school leadership practices, professional development. The book represents an essential contribution on a highly topical issue that has implications for quality and equitable education around the globe.

Academic Literacy Development Springer Nature

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).
