In the mythical town of Winesburg, Indiana, there lives a cleaning lady who can conjure up the ghost of Billy Sunday, a lascivious holy man with an unusual fetish and a burgeoning flock, a park custodian who collects the scat left by aliens, and a night janitor learning to live with life's mysteries, including the zombies in the cafeteria. Winesburg, Indiana, is a town full of stories of plans made and destroyed, of births and unexpected deaths, of remembered pasts and unexplored presents told to the reader by as interesting a cast of characters as one is likely to find in small town America. Brought to life by a lively group of Indiana writers, Winesburg, Indiana, is a place to discover something of what it means to be alive in our hyperactive century from stories that are deeply human, sometimes melancholy, and often damned funny.

The first in the Amos Decker series, Memory Man is an astounding novel from blockbuster author David Baldacci, where an extraordinary man races to hunt down a terrible killer. Amos Decker would forever remember all three of their violent deaths in the most paralyzing shade of blue. It would cut into him at unpredictable moments, like a gutting knife made of colored light. He would never be free from it. When Amos Decker returned home eighteen months ago to find the bodies of his wife and only daughter, he didn't think he could carry on living. Overwhelmed with grief, he

saw his life spiral out of control, losing his job as a detective, his house and his self-respect. But when his former partner in the police, Mary Lancaster, visits to tell him that someone has confessed to the murder of his family, he knows he owes it to his wife and child to seek justice for them. As Decker comes to terms with the news, tragedy strikes at the local school. Thirteen teenagers are gunned down, and the killer is at large. Following the serious brain injury Amos suffered as a professional footballer, he gained a remarkable gift – and the police believe that this unusual skill will assist in the hunt for the killer. Amos must endure the memories he would rather forget, and when new evidence links the murders, he is left with only one option. Memory Man will stay with you long after the turn of the final page. The series continues with The Last Mile.

This is a story of two young men who first met when they were at art school in their midteens. The story is set in a period between the late '50s and early '60s. Both young men are called up to do their national service. The narrator, Christopher, who is the less adventurous and romantic of the two, does his military service in England, only seventy miles from his home so that he is able to visit his parents and girlfriend on frequent weekend passes. Simon, the other young man, is posted to Cyprus at a time when there is much unrest as it struggles to establish its independence from British rule. During his time there, he is involved in the interrogation of Cypriots, who are suspected of activity against the British. Later, some of the suspects are shipped to a British army base in Egypt, where they are interrogated more severely. He eventually refuses to continue with his part in this in spite of a direct order from his commanding officer. He is charged with disobeying a direct order, and as he is nearly at the end of his two year service, he is shipped back to England, initially to be court-martialed but is finally released with a severe reprimand. He is much embittered by this experience.

“Brilliant. . . . Lewis has given us a spectacular account of two great men who faced up to uncertainty and the limits of human reason.” —William Easterly, Wall Street Journal Forty years ago, Israeli psychologists Daniel Kahneman and Amos Tversky wrote a series of breathtakingly original papers that invented the field of behavioral economics. One of the greatest partnerships in the history of science, Kahneman and Tversky’s extraordinary friendship incited a revolution in Big Data studies, advanced evidence-based medicine, led to a new approach to government regulation, and made much of Michael Lewis’s own work possible. In The Undoing Project, Lewis shows how their Nobel Prize-winning theory of the mind altered our perception of reality.

In the mornings, he gazes out the train window at the lavish homes of the uberwealthy, dreaming about joining their ranks. In the evenings, he listens to the fiscal news on his phone, already preparing for the next grueling day in the cutthroat realm of finance. found hanging in a storage room of his office building—presumably a suicide, at least for now—prompting the NYPD to come calling on him. If that wasn't enough, before the day is out, Devine receives another ominous visit, a confrontation that threatens to dredge up grim secrets from his past in the army unless he participates in a clandestine investigation into his firm. This treacherous role will take him from the impossibly glittering lives he once saw only through a train window, to the darkest corners of the country's economic halls of power . . . where something rotten lurks. Fiction and reality merge inside the mind of a famous Israeli author in this “hilarious and profound . . . slyly philosophical novel” (Booklist). In this novel, Amos Oz offers a prismatic portrait of the storytelling impulse, with an extended glimpse inside the mind of a celebrated, unnamed Author. On a stiflingly hot night, the Author is in Tel Aviv to give a reading from his new book. As his attention wanders, he begins to invent lives for the strangers he sees around him: here, a self-styled cultural guru, Yakir Bar-Orian Zhitomirski; there, a love-starved professional reader, Rochele Reznik; to say nothing of Ricky the waitress, the real object of his desires. Reality and fiction blend in this ingenious, poignant work by the author of *A Tale of Love and Darkness*, a winner of the Koret Jewish Book Award. “A fable on themes of sex, death and writing pitched somewhere between the fictional universes of JM Coetzee and Milan Kundera.” —The Guardian “The witty and melancholy recorder of his country's brilliant sufficiencies. . . . Now Oz takes an equally witty, equally melancholy look at his role as a writer.” —Los Angeles Times “From the prodigious Oz comes a delightfully elusive . . . story of imagination, talent and the transitory nature of fame. . . . Stamped with Oz's charm and graceful skill in creating rich characters.” —Publishers Weekly *The Last Mile* Farrar, Straus and Giroux (BYR)

Each of the twelve stories in *A Twilight Reel* chronicles a transformation-loss, self-discovery,

renewal—among the inhabitants of the fictional town of Runion, NC. A preacher held at knifepoint in a stranger's cabin, another who absconds with his church's funds and the wife of a parishioner; an elderly woman who slowly goes mad as she freezes to death; a renowned fiddler who returns home to die of AIDS; a gravedigger more comfortable with the dead than the living . . . Sinful or righteous, imbued with hope or beyond redemption, each of these memorable characters struggles to endure, survive, or triumph over unplanned encounters with the people, forgotten or remembered, admired or scorned, who beset their lives. These narrative threads are masterfully woven into the tapestry that is *A Twilight Reel*—a book full of surprises, dark fears, and unexpected humor, that echoes and distills the travails of any people, in any place.
