Egyptian Art Scala Books

Presents an exhibit called "Splendors of Ancient Egypt," presented by the Florida International Museum in Saint Petersburg. Offers pictures and information about the Pharaohs of Ancient Egypt from the Cairo Egyptian Museum.

Pharaohs Metropolitan Museum of Art

The Egyptian Museum collection in Berlin is one of the world's great collections of antiquities from Ancient Egypt. Among its many masterpieces is the famous bust of Queen Nefertiti, the internationally celebrated object star of the collection. The collection's origins were in the 1698 purchase of the antiquities assembled by Giovanni Pietro Bellori, and it was greatly augmented by expeditions in the 19th and early 20th centuries. During the Cold War the works were divided between East and West, but they have since been reunited on Berlin's Museum Island, and will now be at the heart of the rebuilt Neues Museum that opens in October 2009 for the first time since World War Two. Featuring beautiful all-new photography, an authoritative text and stunning new design, this book works equally well as a guide to a great museum collection or as an illustrated general introduction to the world of Ancient Egypt. AUTHOR: Professor Dietrich Wildung is a world expert on Ancient Egypt and Sudan. Until 2009 he was the Director of the Egyptian Museum and Papyrus Collection, Berlin. 150 colour illustrations

Searching for Ancient Egypt Manchester University Press

The Petrie Museum of Egyptian Archaeology ?rst opened its doors in 1915, and since then has attracted visitors from all over the world as well as providing valuable teaching resources. Named after its founder, the pioneering archaeologist Flinders Petrie, the Museum holds more than 80,000 objects and is one of the largest and finest collections of Egyptian and Sudanese archaeology in the world. Richly illustrated and engagingly written, the book moves back and forth between recent history and the ancient past, between objects and people. Experts discuss the discovery, history and care of key objects in the collections such as the Koptos lions and Roman era panel portraits. The rich and varied history of the Petrie Museum is revealed by the secrets that sit on its shelves.

Akhenaten and Nefertiti Rizzoli International Publications

Cairo's Egyptian Museum houses the largest collection of Egyptian antiquities in the world. Some 150,000 pieces are exhibited, and another 30,000 are held in storerooms. This book carries full-color illustrations of many of the masterpieces of ancient art in the museum from the decorated vases, flint knives, and palettes of the predynastic period, through the magnificent artifacts of the pharaonic period, to the beautiful tempera portraits of the Roman period.

The Illustrated Guide to the Luxor Museum of Ancient Art and the Nubia Museum of Aswan American Univ in Cairo Press

A fresh look at the British Museum's celebrated and extensive ancient Egyptian collection from across three thousand years Pharaoh: King of Ancient Egypt introduces readers to three thousand years of Egypt's ancient history by unveiling its famous rulers--the pharaohs--using some of the finest objects from the vast holdings of the British Museum, along with masterworks from the collection fo the Cleveland Museum of Art.. In an introductory essay, Margaret Maitland looks at Egyptian kingship in terms of both ideology and practicality. Then Aude Semat considers the Egyptian image of kingship, its roles and its uses. In ten additional sections, Marie Vandenbeusch delves into themes related to the land of ancient Egypt, conceptions of kingship, the exercise of power, royal daily life, war and diplomacy, and death and afterlife. Detailed entries by Vandenbeusch and Semat cover key

works relating to the pharaohs. These objects, beautifully illustrated in 180 photographs, include monumental sculpture, architectural pieces, funerary objects, exquisite jewelry, and papyri. The rulers of ancient Egypt were not always male, or even always Egyptian. At times, Egypt was divided by civil war, conquered by foreign powers, or ruled by competing kings. Many of the objects surviving from ancient Egypt represent the image a pharaoh wanted to project, but this publication also looks past the myth to explore the realities and immense challenges of ruling one of the greatest civilizations the world has seen.

Egypt's Dazzling Sun Cornell University Press

The Egyptian Museum in Cairo houses the world's most celebrated collection of Egyptian antiquities. Because of the encyclopedic nature of the collection, this comprehensive, illustrated guide to the museum is required reading for anyone interested in Ancient Egyptian history and culture. With over 900 color illustrations, thorough explanations, and detailed descriptions of over 570 objects, this book is a wealth of information. The Egyptian Museum is currently touring a show throughout the United States called The Quest for Immortality: Treasures from the Egyptian Museum. Currently in Boston, it will travel to seven cities before the end of 2007.

The Royal Women of Amarna Metropolitan Museum of Art

Throughout their long history, the ancient Egyptians crafted exquisite statues of bronze, copper, silver and gold as offerings to their gods and for use in temples and shrines. This title focuses on the art and significance of Egyptian metal statuary, presenting insights and up-to-date information on this precious work.

Dawn of Egyptian Art Metropolitan Museum of Art

The ideal souvenir or gift from a visit to the great storehouse of antiquity. Cairo's Egyptian Museum, one of the greatest storehouses of ancient art and artifacts in the world, is at the top of the agenda for millions of visitors to Egypt every year. People come to see the fabulous gold treasures of King Tutankhamun, the monumental royal statuary, the elaborately painted coffins and funerary masks, the model houses, ships, and armies, the tools, furnishings, and games of everyday life, and all the other paraphernalia of three thousand years of ancient Egyptian civilization. But what to take home from all this? How to remember the highlights of a visit to such a wonderful house of treasure? Here in this light and compact book, Egyptologist extraordinaire Zahi Hawass has collected the very gems of the Museum, illustrated in full color and succinctly described-more than thirty significant objects that stand out in the memory, making the perfect souvenir of one of the world's truly great museums.

"This catalogue is published in conjunction with the exhibition 'The Dawn of Egyptian Art' on view at the Metropolitan Museum of Art, New York from April 10 to August 5, 2012"--T.p. verso.

The Grand Museum of Egypt Penguin Putnam

Lavishly illustrated in color, this book presents a spectacular collection of archaeological and artistic treasures covering the extent of Egyptian art from the Predynastic Period of the fourth millennium B.C. to the Greco-Roman period of the fourth century A.D. The volume features more than 130 objects ranging from architectural elements of a royal palace and funerary chapel to delicate jewelry and textile fragments, and contains many objects never previously shown in print. In an introductory essay David P. Silverman documents major expeditions to sites in Egypt and Nubia and summarizes the new information gleaned about ancient Egyptian civilization. Donald B. Redford provides a general treatment of ancient Egypt history. The objects themselves are introduced with concise essays by recognized Egyptologists: Edward Brovarski, Rita E. Freed, Arielle P. Kozloff, David O'Connor, Edna R. Russmann, William K. Simpson, and Josef W. Wegner. Contributors-- Edward Brovarski, Museum of Fine Arts, Boston Rita Freed, Museum of Fine Arts, Boston Arielle Kozloff, Cleveland Museum of Art David O'Connor, Institute of Fine Arts, New York University Donald Redford, University of Toronto Edna. R. Russman, Brooklyn Museum of Art David Silverman, University of Pennsylvania William Kelly Simpson, Yale University Josef W. Wegner, University of Pennsylvania

The Petrie Museum of Egyptian Archaeology Univ of California Press

An accompaniment to the Egyptian Museum of Berlin's special exhibition celebrating the discovery of the Nefertiti bust in 1912, this catalog presents never-before-seen artifacts and objects from the Amarna period of Egyptian history. The book also explores religion, craftsmanship, daily life, and sculpture in Amarna and the world famous Nefertiti bust.

Ancient Egypt Transformed Metropolitan Museum of Art

The Middle Kingdom (ca. 2030-1650 B.C.) was a transformational period in ancient Egypt, during which older artistic conventions, cultural principles, religious beliefs, and political systems were revived and reimagined. Ancient Egypt Transformed presents a comprehensive picture of the art of the Middle Kingdom, arguably the least known of Egypt's three kingdoms and yet one that saw the creation of powerful, compelling works rendered with great subtlety and sensitivity. The book brings together nearly 300 diverse works— including sculpture, relief decoration, stelae, jewelry, coffins, funerary objects, and personal possessions from the world's leading collections of Egyptian art. Essays on architecture, statuary, tomb and temple relief decoration, and stele explore how Middle Kingdom artists adapted forms and iconography of the Old Kingdom, using existing conventions to create strikingly original works. Twelve lavishly illustrated chapters, each with a scholarly essay and entries on related objects, begin with discussions of the distinctive art that arose in the south during the early Middle Kingdom, the artistic developments that followed the return to Egypt's traditional

capital in the north, and the renewed construction of pyramid complexes. Thematic chapters devoted to the pharaoh, royal women, the court, and the vital role of family explore art created for different strata of Egyptian society, while others provide insight into Egypt's expanding relations with foreign lands and the themes of Middle Kingdom literature. The era's religious beliefs and practices, such as the pilgrimage to Abydos, are revealed through magnificent objects created for tombs, chapels, and temples. Finally, the book discusses Middle Kingdom archaeological sites, including excavations undertaken by the Metropolitan Museum over a number of decades. Written by an international team of respected Egyptologists and Middle Kingdom specialists, the text provides recent scholarship and fresh insights, making the book an authoritative resource.

[Egyptian Museum and Papyrus Collection, Berlin](#) Metropolitan Museum of Art

In the 1970s and 1980s, the Denver Museum of Nature & Science acquired two ancient Egyptian mummies and three coffins. The mummies are the remains of two women who lived in an unknown locale in ancient Egypt. They both died in their thirties and have now been subjected to a number of unpublished scientific and unscientific analyses over the years. In 2016, as DMNS prepared to update its Egyptian Hall, staff scientists decided to reexamine the mummies and coffins using innovative, inexpensive, and accessible techniques. This interdisciplinary volume provides a history of the mummies' discovery and relocation to Colorado. It guides the reader through various analytical techniques, detailing past research and introducing new data and best practices for future conservation efforts. The new analysis includes more accurate radiocarbon dating, fully comprehensive data from updated CT scans, examples of Egyptian blue and yellow pigments on the coffins uncovered by non-invasive x-ray fluorescence, unprecedented

analysis of the coffin wood, updated translations and stylistic analysis of the text and imagery on the coffins, gas chromatography of the paints and resins, linen analysis, and much more. The *Egyptian Mummies and Coffins* of the Denver Museum of Nature & Science provides replicable findings and consistent terminology for institutions performing holistic studies on extant museum collections of a range of material types. It will add substantially to what we know about the effective conservation of Egyptian mummies and coffins. Contributors: Christopher H. Baisan, Hans Barnard, Bonnie Clark, Pearce Paul Creasman, Farrah Cundiff, Jessica M. Fletcher, Kari L. Hayes, Kathryn Howley, Stephen Humphries, Keith Miller, Vanessa Muros, Robyn Price, David Rubinstein, Judith Southward, Jason Weinman

Egyptian History and Art Metropolitan Museum of Art

This brand new book draws on important ancient Egyptian monuments from the superb collection of the Brooklyn Museum to illustrate Egyptian strategies for defeating death and living forever. The book answers the questions at the core of the public's fascination with ancient Egypt, and explains their beliefs about death and the afterlife, the process of mummification, the conduct of a funeral, and the different types of tombs. At the same time, curator Edward Bleiberg offers a fresh take on the subject by addressing the practical and economic considerations an ordinary ancient Egyptian faced when preparing for the next life. Contents of book: Foreword; A Brief Chronology of Ancient Egypt; To Live Forever: Egyptian Funerary Beliefs and Practices; Egyptian Beliefs About the Afterlife; Mummification and Rank; The Elite Funeral; Tombs over Time; How Much Did a Coffin Cost? The Social and Economic Aspects of Funerary Arts in Ancient Egypt and more.
