The Write Thing: Kwame Alexander Engages Students in Writing Workshop (And You Can Too!) Revell

With more than 60 million athletes involved in sports in America, it is estimated that one coach will impact more people in one year than the average person does in a lifetime. Today's coach could be one of the greatest authoritative figures in the life of today's adolescent. So the question isn't whether coaches leave a legacy, but rather, what will that legacy be? Current trending research shows that only 15% of coaches are intentional about coaching beyond the skills and strategies of the game (1st Dimension). A 3-Dimensional Coach understands and harnesses the power of the coaching platform to coach the mind (2nd Dimension) and transform the heart (3rd Dimension). They can be the catalysts for internal transformation that guides both the coach and the athlete on a spiritual journey to finding purpose in our performance-based culture. Now that's a legacy! In 3D Coach, National Coaches Training Director Jeff Duke shares his own journey through the three dimensions of coaching and how it has impacted his life and those around him. He also shares the personal stories of coaches from all levels who have implemented the 3D concept into their own programs and who have pointed to Jesus Christ, the Master Coach, as the ultimate example of how to lead athletes to true significance.
