The stakes are life and death when Bela Lugosi is threatened in this "affectionate parody of the hard-boiled private-eye" genre (The New York Times). 1942: In the basement of a crumbling Los Angeles movie palace, five vampires crowd around Bela Lugosi. They should not frighten the fading horror icon, who found worldwide fame as

Dracula, for these are only wannabes—diehard fans who get their kicks dressing up as bloodsuckers. But Lugosi is terrified, because he knows that one of these crackpots has been making threats against his life. Their fangs may be plastic, but their lethal intentions are all too real. For protection, Lugosi hires Hollywood private eye Toby Peters, who's splitting his time between this case and a job for his old employers: the Warner brothers. A Hollywood murder has been linked to one of the studio's star screenwriters: the brilliant novelist and violent drunk, William Faulkner. To his horror, Peters finds a connection between the two cases. To get

Faulkner off the hook, he'll have to find out who wants to close the coffin lid on Dracula. With "shades of Raymond Chandler and Dashiell Hammett" Edgar Award-winning author Stuart Kaminsky's 1940s Hollywood PI is once again cracking wise and saving celebrities from psychos (The San Diego Union-Tribune).

Detective Anna Travis is working on a horrific, brutal murder case that has created a media frenzy. The victim, Louise Pannel, a 24-year-old, single, 'fun-loving' girl, was last seen in a London night club wearing a sequined mini-dress and a red rose in her hair. In an eerie mirror image of the famous LA murder case of Elizabeth Short in the 1940s known as the Black Dahlia, her body was found dumped by the River Thames... severed in half and brutalised beyond recognition. Anna Travis must summon all the strength and guile she became so well known for in ABOVE SUSPICION to hunt down this sadistic killer. \*\*Lynda La Plante's Widows is now a major motion picture\*\*

Device, the debut novel by David Keenan, is a love letter to the small towns of Lanarkshire in the west of Scotland in the late 1970s and early 80s as they were temporarily transformed by the endless possibilities that came out of the freefall from punk rock. It follows a cast of misfits, drop-outs, small town visionaries and would-be artists and musicians through a period of time where anything seemed possible, a moment where art and the demands it made were as serious as your life. At its core is the story of Memorial Device, a mythic post-punk group that could have gone all the way were it not for the visionary excess and uncompromising bloody-minded belief that served to confirm them as underground legends. Written in a series of hallucinatory first-person eye-witness accounts that capture the prosaic madness of the time and place, heady with the magic of youth recalled, This Is Memorial Device combines the formal experimentation of David Foster Wallace at his peak circa Brief Interviews With Hideous Men with moments of delirious psychedelic modernism, laugh out loud bathos and

tender poignancy.

"The dark corners of the human soul are Karen Novak's specialty, and there are few writing today who able to illuminate them with such courage and elegance." - Karen Karbo When private investigator Leslie Stone's own thirteen-year-old daughter, Molly, attempts to hire her to find a vanished friend, the case stirs memories of one from Leslie's own troubled childhood: a series of abductions of girls who became known as the Nightingales. Five eighth-grade boys are being charged with assaulting Molly's friend. But even as their small town erupts in anger and calls for justice, Molly insists that the boys are innocent, and takes the stand to testify on their behalf. Leslie's investigations show that although Molly may be right, someone is guilty. As the case draws her own secret knowledge of the Nightingales' history toward the light, she is left uncertain of every instinct except the one that demands she protect her child- even if she has to betray her own childhood by telling everything. "A smart, realistic tale of female

identity and deception." - Time Out New York "This will surely be touted as a suspense novel, and suspenseful it is. But this elegantly written and intricately plotted work transcends genre... This frightening and mesmerizing book deserves a wide readership." -Library Journal "A tantalizing page-turner." -Cincinnati CityBeat

This edited volume combines cutting-edge research on feminist and intersectional writing methodologies with explorations of links between academic and creative writing practices. Contributors discuss what it means for academic writing processes to explore intersectional in-between spaces between monolithic identity markers and power differentials such as gender, race, ethnicity, class, sexuality and

nationality. How does such a frame change academic writing? How does it make it pertinent to explore new synergies between academic and creative writing? In answer to these questions, the book offers theories, methodologies, political and ethical considerations, as well as reflections on writing strategies. Suggestions for writing exercises, developed against the background of the contributors' individual and joint teaching practices, will inspire readers to engage in alternative writing practices themselves.
