## HARVEY TOWNSEND

---

*Freemasonry and the Orient. Esotericisms Between the East and the West* Creation Books

Sheds new light on the identity of the alchemist Fulcanelli • Provides new understanding of the relationships between the most important figures of the esoteric milieu of Paris in the first half of the 20th century • Includes a wealth of rarely seen documents, photos, and letters Fulcanelli, operative alchemist and author of *The Mystery of the Cathedrals* and *The Dwellings of the Philosophers*--two of the most important esoteric works of the twentieth century--remains himself a mystery. The true identity of the man who allegedly succeeded in creating the philosopher's stone has never been discovered, despite ardent searches by many--even the OSS (the wartime U.S. intelligence agency, later to become the CIA) claimed to have looked for him following the end of World War II. Geneviève Dubois looks at the esoteric milieu of Paris at the turn of the century, a time that witnessed a great revival of the alchemical tradition, and investigates some of its salient personalities. Could one of these have been this enigmatic man, reported to have last appeared in Seville, Spain, in 1952 when he would have been 113 years of age? The trail followed by the author encounters such figures as Papus, René Guénon, Schwaller de Lubicz, Pierre Dujols, Eugene Canseliet, and Jean-Julien Champagne. Working from rare documents, letters, and photos, Dubois suggests that one of these men could have been hiding his activity behind the pseudonym of Fulcanelli or that Fulcanelli may even have been a composite fabricated by several of these individuals working together. Beyond its attempt to reveal the actual identity of Fulcanelli, *Fulcanelli and the Alchemical Revival* also presents an explanation of the alchemical doctrine and reveals the unsuspected relationships among the important twentieth-century truth seekers it highlights.

**The Mysteries of the Great Cross of Hendaye** Penguin

Takes readers on a journey through the free-energy research underground and the secret traditions of Occult Technology, focusing on the inventions of John Worrell Keely, the world's free-energy pioneer.

*The International Encyclopedia of Surrealism* Simon and Schuster

The Book of Aquarius by Anonymous delves into the mystical world of alchemy and the search for the philosopher's stone. This thought-provoking treatise invites readers to embark on a journey of discovery into the secrets of transformation and transcendence. In *The Book of Aquarius*, Anonymous blends historical accounts with philosophical insights, sparking the reader's curiosity and providing a fresh perspective on this ancient practice. This book is a must-read for seekers of wisdom, truth, and spiritual enlightenment.

**The English Heretic Collection** Oxford University Press

Our natural world has been irretrievably altered by humans, for humans. From domesticated wheat fields to nuclear power plants and spacecraft, everything we see and interact with has in some way been changed by the presence of our species, starting from the Neolithic era so many centuries ago. This book provides a crash course on the issues and debates surrounding technology's shifting place in our society. It covers the history of our increasingly black-box world, which some theorize will end with technology accelerating beyond our understanding. At the same time, it analyzes competing trends and theories, the lack of scientific knowledge of large sections of the population, the dogmas of pseudoscience, and the growing suspicion of science and technology, which may inevitably lead to scientific stagnation. What will the future of our civilization look like? How soon might scientific acceleration or stagnation arrive at our doorstep, and just how radically will such technological shifts change our culture? These are issues that we must address now, to insure our future goes the way we choose.

*Modern Alchemy* HarperCollins UK

These richly illustrated articles cover the representation of alchemy in art from the late Middle Ages to the 20th century. The authors, who are artists, curators and art historians from the US and Europe, address such topics as alchemical gender symbolism in Renaissance, Mannerist and modernist art; Netherlandish 17th-century portrayals of alchemists; and alchemy as the forerunner of photography. Distributed in the US by ISBS. Annotation

*The Alchemy Key*

*Le Mystère Des Cathédrales* Rider

This edition of *The Mystery of the Cathedrals* offers an English translation of the original 1926 edition of *Le Mystère des Cathédrales*, retaining the original drawings from that edition. In 1957, long after Fulcanelli's disappearance, a second edition of *Le Mystère des Cathédrales* was published in France, with important changes. Most of the drawings were replaced by photographs. The 2nd edition also added a new preface and a new chapter, "The Cyclic Cross of Hendaye", with more images. Eugène Canseliet, a disciple of Fulcanelli and in charge of his manuscripts, wrote the preface to the 2nd edition and to many other editions of Fulcanelli's works, but he never explained why the original drawings were replaced by photographs. Most of the photographs in the 2nd edition are similar to the original drawings, although they are not the same, and in three different images the differences are noticeable. The current English edition of *Le Mystère des Cathédrales*, translated by Mary Sworder, is based on the second edition of 1957, and

shows photographs instead the original drawings. This new translation faithfully preserves the drawings of Julien Champagne and the original numbering of the images, from 1 to 35. The text of the original edition was also translated anew, without introducing any of the changes found in most recent editions. The first edition of *Le Mystère des Cathédrales* fills an important place in the history of Alchemy. Newer editions added more material, but they couldn't replace the first one. Eugène Canseliet, said, in the preface for the 1926 edition: "the key to the major arcane is given, without any fiction, by one of the figures that adorn this work". Photographs and drawings are not the same and serve different purposes; photographs only show the same things that the naked eye can perceive, but drawings offer the illustrator a way to accentuate different aspects of the images, and thus add more symbolic depth to the scenes depicted. There are also many small details that differ between the drawings and the photographs, but we will say no more, it is up to the reader to extract the symbolic meanings of the original drawings, aided by the masterful exposition of Fulcanelli, which is shown in this translation as originally presented in its first edition, including the dedication to the brothers of Heliopolis and the strange coat of arms at the end of the text.

*Opus Mago-Cabbalisticum Et Theosophicum* Museum Tusculanum Press

A classic, prize-winning novel about an epic migration and a lone woman haunted by the past in frontier Waipu. In the 1850s, a group of settlers established a community at Waipu in the northern part of New Zealand. They were led there by a stern preacher, Norman McLeod. The community had followed him from Scotland in 1817 to found a settlement in Nova Scotia, then subsequently to New Zealand via Australia. Their incredible journeys actually happened, and in this winner of the New Zealand Book Awards, Fiona Kidman breathes life and contemporary relevance into the facts by creating a remarkable fictional story of three women entangled in the migrations - Isabella, her daughter Annie and granddaughter Maria. McLeod's harsh leadership meant that anyone who ran counter to him had to live a life of secrets. The 'secrets' encapsulated the spirit of these women in their varied reactions to McLeod's strict edicts and connect the past to the present and future.

*Spirit Whirled* Adventures Unlimited Press

Many modernist and avant-garde artists and authors were fascinated by the occult movements of their day. This volume explores how Occultism came to shape modernist art, literature, and film. Individual chapters examine the presence and role of Occultism in the work of such modernist luminaries as Rainer Maria Rilke, August Strindberg, W.B. Yeats, Joséphin Péladan and the artist Jan Švankmaier, as well as in avant-garde film, post-war Greek Surrealism, and Scandinavian Retrogardism. Combining the theoretical and methodological foundations of the field of Esotericism Studies with those of Literary Studies, Art History, and Cinema Studies, this volume provides in-depth and nuanced perspectives upon the relationship between Occultism and Modernism in the Western arts from the nineteenth century to the present day.

*The Alchemy Key* Springer

Translated into English for the very first time, the *Hermetic Recreations* is a uniquely lucid masterwork of French Hermetic philosophy. Set down in an anonymous hand at the turn of the Nineteenth Century, it provides critical insights into the operative arts of the western alchemical tradition. Illuminating both the traditional mediaeval practices which it inherited, and those of the Parisian alchemical revival which it would influence, this rare text forms an important bridge between alchemical epochs. Although the identity of the author remains a mystery, the text appears to have been composed sometime between the late 18th and early 19th centuries. Preserved in the manuscript collection of Muséum d'Histoire Naturelle in Paris, it was first brought to the attention of Bernard Husson by his friend, Eugène Canseliet (1899-1982), the French alchemist and only direct student of Fulcanelli. This eventually resulted in the first publication of *Les Récréations hermétiques* in 1964. Gilles Pasquier published a corrected edition in 1992, also in French, which included the Scholium or commentary. The text of the Scholium is a particularly revealing addition, for it presents 150 Hermetic "aphorisms" encapsulating the core principles of the alchemical process. Both texts, which clearly form a single work, are presented here in a handsome dual language edition, in French and in English, with copious scholarly annotations by Christer Böke, John Koopmans, Stanislas Klossowski de Rola, and Aaron Cheak. A limited edition hardback version of this work, in a limited print run of 222 copies, is available exclusively through Rubedo Press.

*Flowers from Hell* SteinerBooks

A translation of Fulcanelli's book on the meaning of hermetic symbols as they relate to the construction of cathedrals.

*Alchemy Quest* Books

A never-before-translated occult classic that brings the science of herbal medicine back to its Hermetic roots • Includes a large collection of recipes for spagyric medicines and quintessences, with detailed step-by-step instructions, adapted from celebrated spagyrists such as Paracelsus, Pseudo-Lull, Philipp Ulstad, and Nicaise Le Fèvre • Provides botanical and medicinal classifications of over 600 plant species along with their astral natures, elemental qualities, and planetary and zodiacal signatures • Explores advanced methods and techniques and shares the author's secret formula for a universal circulatum First published in French in 1911, this practical guide to the art of spagyrics begins by outlining the ancient yet often forgotten Hermetic foundations of herbalism. Author Jean Mavéric provides botanical and medicinal classifications of over 600 plant species along with an in-depth study of their astral natures, elemental qualities, and planetary and zodiacal signatures as well as practical advice on the appropriate times to harvest plants and administer herbal remedies and quintessences. Reviewing the general principles and procedures of premodern chemistry, Mavéric

then explores the secret doctrines and operations of the spagyric art. He offers a large collection of recipes for spagyric herbal preparations adapted from celebrated spagyricists such as Paracelsus, Pseudo-Lull, Philipp Ulstad, Jan Baptist van Helmont, Oswald Croll, and Nicaise Le Fèvre, providing detailed step-by-step instructions for a veritable pharmacopeia of spagyric extracts, tinctures, elixirs, liquors, oils, unguents, salts, aquae vitae, and quintessences. Mavéric also shares his intricate theory of astral medicine and advocates a seasonal “Hermetic diet” designed to keep the humors of the body in equilibrium and prevent the onset of illness. In the final section of the book, Mavéric focuses on the more advanced methods and techniques of Paracelsus, Helmont, and George Starkey, unraveling the mysteries of manufacturing alkalis, alkahests, and menstrua and divulging his own secret formula for a universal circulatum. Available now for the first time in English, this occult classic unveils the art of extracting spagyric essences to a modern audience while also bringing the science of herbal medicine back to its Hermetic roots.

#### **Gnosis** BRILL

Surrealism is one of the most influential and popular art forms of the last century. It has shaped painting, literature, film, photography, music, theatre, architecture, fashion and design, as well as thinking about politics and culture. The Encyclopedia presents the first comprehensive and systematic overview of surrealism internationally, from its beginnings to the present day. Volume 1 includes overviews of national surrealist movements, surrealism's influence across the visual, applied and performing arts, and analyses of the concepts which underpin surrealism. Volumes 2 and 3 present an A-Z of both the significant and the lesser-known individuals - theorists, critics, novelists, poets, playwrights, screenwriters, designers, painters, collagists, object makers, sculptors, film makers, and photographers - who have made and continue to make surrealism. The volume concludes with a detailed overview of contemporary surrealist practice.

*Witchcraft, Magic & Alchemy* Sterling Publishing Company Incorporated

Traces the use of powerful gnostic visionary techniques from Hellenistic Gnosticism and Jewish merkabah mysticism, through Muhammad, the Ismaeilis, and theosophical Sufism to medieval neoplatonism, and renaissance alchemy.

*Alchemy & Alchemists* Red Pill Press, Ltd

- Shares the history and meaning of Freemasonry and its symbols
- Offers thoughtful explorations of different areas of Masonic experience, drawing on esoteric doctrines and paralleling them with experiences found in daily life
- Provides simple exercises and practices to help internalize and personalize the lessons presented, including dreamwork, journaling, meditation, and prayer

In this practical guide, Mark Stavish details the spiritual lessons and rituals of Freemasonry as a step-by-step path of spiritual development and self-improvement for both Masons and non-Masons, men and women, alike. He explores the history and meaning of Freemasonry and its symbols--from its origins in the Temple of Solomon to the Medieval craft guilds to the Renaissance--and explains how the Craft promotes personal growth through the symbolic building of self and an inner Temple of Wisdom in much the same way that Masonry's rituals symbolize the building of Solomon's Temple in accordance with the mystical architectural instructions of Hiram. Drawing on esoteric doctrines, including the Qabala, alchemy, sacred geometry, John Dee's angelic magic, and the secrets of the Gothic cathedral builders, each chapter addresses an area of the Masonic experience, paralleling them with experiences each of us finds in our own lives. The author provides simple practices to help internalize and personalize the lessons presented, including dreamwork, journaling, meditation, prayer, and understanding sacred architecture. The author also examines the crafting and use of the spiritual and symbolic tools of Freemasonry, such as the trestle or tracing board and the Chamber of Reflection. Providing the tools to make the Craft an initiatic experience of self-improvement, the author

shows that, ultimately, the Masonic experience is the human quest for self-realization and self-expression, so that we each may find our place in the Temple of Wisdom.

*Politics and the Occult* Watkins Media Limited

The gritty business of politics is not something we usually associate with the occult. But esoteric beliefs have influenced the destiny of nations since the time of ancient Egypt and China, when decisions of state were based on portents and astrology, to today, when presidents and prime ministers privately consult self-proclaimed seers. *Politics and the Occult* offers a lively history of this enduring phenomenon. Author and cultural pundit Gary Lachman provocatively questions whether the separation of church and state so dear to modern political philosophy should be maintained. A few of his fascinating topics include the fate of the Knights Templar and the medieval Gnostic Cathars, the occult roots of America and the French Revolution in Freemasonry, Gurdjieff and the swastika, Soviet interest in UFOs, the CIA and LSD, the Age of Aquarius, the millenarian politics that inform the struggle with Islamic terrorism, fundamentalism, and more.

*The Initiatory Path in Fairy Tales* Simon and Schuster

The eighteen original interdisciplinary essays in *Lux in Tenebris* explore the alchemical, magical, kabbalistic, rosicrucian and theosophical verbal and visual symbolism in the history of Western Esotericism, from the middle ages to the present day.

*The Dwellings of the Philosophers* Red Wheel Weiser

Within the concentric circles of Trump's regime lies an unseen culture of occultists, power-seekers, and mind-magicians whose influence is on the rise. In this unparalleled account, historian Gary Lachman examines the influence of occult and esoteric philosophy on the unexpected rise of the alt-right. Did positive thinking and mental science help put Donald Trump in the White House? And are there any other hidden powers of the mind and thought at work in today's world politics? In *Dark Star Rising: Magick and Power in the Age of Trump*, historian and cultural critic Gary Lachman takes a close look at the various magical and esoteric ideas that are impacting political events across the globe. From New Thought and Chaos Magick to the far-right esotericism of Julius Evola and the Traditionalists, Lachman follows a trail of mystic clues that involve, among others, Norman Vincent Peale, domineering gurus and demagogues, Ayn Rand, Pepe the Frog, Rene Schwaller de Lubicz, synarchy, the Alt-Right, meme magic, and Vladimir Putin and his postmodern Rasputin. Come take a drop down the rabbit hole of occult politics in the twenty-first century and find out the post-truths and alternative facts surrounding the 45th President of the United States with one of the leading writers on esotericism and its influence on modern culture.

**Green Hermeticism** Red Pill Press, Ltd

Unholy creations from the world's greatest authors and artists are bound together in this essential illustrated anthology of Luciferian literature. Charting the progress of the Prince of Darkness via the short stories, novels and poetry of centuries past, this Satanic sampler summons forth the Devil in a fascinating array of guises. Authors and artists include: Charles Baudelaire, Aleister Crowley, Dante Alighieri, Goethe, J-K Huysmans, Matthew G Lewis, Charles Maturin, Mark Twain, Washington Irving, Christopher Marlowe, John Milton, Edgar Allan Poe, Felicien Rops, Francisco Goya, Jean Delville, Gustave Dore, Franz Von Stuck, Albrecht Durer

*The Forbidden Book* Inner Traditions / Bear & Co

Discover everything you ever wanted to know about secret societies like the Freemasons, the historical mystery of Atlantis, why King Arthur, Leonardo da Vinci and Hitler are key figures, plus conspiracy theories, forgotten sciences and ancient wisdom.
