Shayara Bano knocked at the doors of the Supreme Court to challenge her husband's sudden decision of ending their marriage using the three dreaded words: talaq, talaq, talaq. A 1980s Bollywood movie sparked off a national debate on the validity of instant divorce, which even saw Dawat-a four-page daily published by the Jamaat-e-Islami Hind talking about triple talaq as

per the Quran. For a long time, the battle against instant talaq has garnered public attention. In *Till Talaq Do Us Part*, Ziya Us Salam, an eminent social commentator and an associate editor at Frontline, presents a holistic view of how divorce works in Islam. Ranging from triple talaq to talaq granted over three months to khula and talaq-e-tafweez, the book also discusses other methods of divorce available to a Muslim couple which go ignored thanks to all the attention on talaq, talaq, talaq.

The essays in this book chart how women's profound and turbulent experiences of migration have been articulated in writing, photography, art and film. As a whole, the volume gives an impression of a wide range of migratory events from women's perspectives, covering the Caribbean Diaspora, refugees and slavery through the various lenses of politics and war, love and family. The contributors, which include academics and artists, offer both personal and critical points of view on the artistic and historical repositories of these experiences. Selfies, motherhood, violence and Hollywood all feature in this substantial treasure-trove of women's joy and suffering, disaster and delight, place, memory and identity. This collection appeals to artists and scholars of the humanities, particularly within the social sciences; though there is much to recommend it to creatives seeking inspiration or counsel on the issue of migratory experiences.

Beginning in the late eighteenth century, British rule transformed the relationship between law, society, and the state in South Asia. But qazis and muftis, alongside ordinary people without formal training in law, fought back as the colonial system in India sidelined Islamic legal experts. They petitioned the East India Company for employment, lobbied imperial legislators for recognition, and built robust institutions to serve their communities. By bringing legal debates into the public sphere, they resisted the colonial state's authority over personal law and rejected legal codification by embracing flexibility and possibility. With postcards, letters, and telegrams, they made everyday Islamic law vibrant and resilient and challenged the hegemony of the Anglo-Indian legal system. Following these developments from the beginning of the Raj through independence, Elizabeth Lhost rejects narratives of stagnation and decline to show how an unexpected coterie of scholars, practitioners, and ordinary individuals negotiated the contests and challenges of colonial legal change. The rich archive of unpublished fatwa files, qazi notebooks, and legal documents they left behind chronicles their efforts to make Islamic law relevant for everyday life, even beyond colonial courtrooms and the confines of family law. Lhost shows how ordinary Muslims shaped colonial legal life and how

their diversity and difference have contributed to contemporary debates about religion, law, pluralism, and democracy in South Asia and beyond.

This book is an urban ethnographic study of several Muslim women's organisations in northern India. These organisations work to carve out spaces that allow for the articulation of alternative experiences and conceptions of religion and justice that challenge Islamic orthodoxy as well as the monopoly of the Indian state in the domain of family law. While most analyses on reform efforts within Muslim family law in India have focused on women's protection within the state legal system, this book offers the rare opportunity to understand how organised groups of Muslim women's rights activists contest marginalising forces present in the family and criminal courts, Shariat courts, local mosques, workplace, legislature and legal documents. It pushes against troubling assumptions that Islam is incompatible with ideas of women's rights and that the State is the only dispenser of justice, and offers new directions for studies on the dispersed nature of women's identities in Islamic family law.

Muslim Women's Quest for Gender Justice Abde Mustafa Official Women have been cursed to live the life of secondary sex for centuries, and only women can change this reality. Not only in India but in the entire world, women are aching for a ray of hope to illuminate their world and remove the darkness spread in their life. All they need is courage, determination, and continuous effort. Santosh Srivastava's book, 'Mujhe Janam Do Maa' is a profound, strong, and well-researched expression of this effort. It is a compilation of articles written by her over six years of research. These articles were published as episodes in one of the columns of Samarlok magazine called Angana. Her six years of hard work and thorough research are visible in this book. Every article in this book compels the reader to think and exposes the aspects of women's issues which expose the irrationality of the patriarchal society. Each article in this book exposes the helplessness, pain, and deteriorating condition of women's life

Triple talaq, or talaq-e-bidat, is one of the most debated issues in the Muslim world. From antiquity, the Muslim faith has been plagued by the portrayal of Muslim men regularly misusing this perceived "right" to divorce their wives instantly by simply uttering "talaq" thrice. The Supreme Court of India, in the landmark judgment of Shayara Bano v. Union of India, has taken the step to declare this form of talaq unconstitutional and to strike down its practice. In Triple Talaq: Examining Faith, Salman Khurshid, who intervened to offer the court an amicus brief in the "Triple Talaq case", offers a straightforward yet comprehensive overview of this complicated issue. Explaining the reasons behind the court's decision, he dives deep into other aspects of this practice: why it is wrong; why it has thrived; what was the judicial history of this issue; what the Quran and Muslim religious leaders say about it; and what the comparative practices in other countries are. A handy guide to this landmark decision and what it means for Muslims in India, this book is written not just for the

theologian, but also for the common reader.

Problems of governance in Pakistan are rooted in a persistently unclear and antagonistic relationship among the forces of authority, ideology and ethnicity. Based on theoretical and empirical research this book focuses on significant themes such as the oligarchic state structure dominated by the military and bureaucracy, civil society, Islam and the formation of Muslim identity in British India, constitutional traditions and their subversion by coercive policies, politics of gender, ethnicity, and Muslim nationalism versus regional nationalisms as espoused by Sindhi nationalists and the Karachi-based Muhajir Qaumi Movement (MQM).

"Discusses the claim that understanding the legal world as plural is an important starting point to think about women's access to

justice"--

National Register of Private Records Longman Publishing Group

Recent years have seen extensive discussion about the continuing retreat from marriage, the increasing demand for the right to marry from previously excluded groups, and the need to protect those who do not wish to marry from being forced to do

so. At the same time, weddings are big business, couples are spending more than ever before on getting married, and marriage ceremonies are increasingly elaborate. It is therefore timely to reflect on the rites of marriage, as well as the right to marry (or not to marry), and the relationship between them. To this end, this new interdisciplinary collection brings together scholars from numerous fields, including law, sociology, anthropology, psychology, demography, theology and art and design. Focusing

on England and Wales, it explores in depth the specific issues arising from this jurisdiction's Anglican heritage, demographic development, current laws and social practices.
