Geschichte und System Der Rechtsphilosophie in Grundzügen

Schwabe Verlag (Basel)

Exile is usually defined as the time one lives elsewhere, involuntarily separated from home. However, exile can also be conceptualized more broadly as a process already starting at home, while traveling into exile and/or before arriving in the place of exile. This volume sheds detailed light on those early stages of exile. Exil wird gewöhnlich als die Zeit definiert, in der man unfreiwillig getrennt von der Heimat anderswo lebt. Exil kann aber weiter gefasst auch als Prozess begriffen werden, der bereits in der Heimat, unterwegs und/oder vor der Ankunft im Exilland anfängt. Dieser Band geht den Vorstufen des Exils detailliert nach.

Vorstufen des Exils / Early Stages of Exile Walter de Gruyter GmbH & Co KG

This is a comprehensive practical course in translation for advanced students of German, which focuses on improving translation quality whilst clarifying the theoretical issues involved. This second edition brings the course up-to-date, and has been fully reworked to give clearer explanations of key terms and include revised chapters on genre, compensation and revision and editing. Based on detailed analysis of translation problems, Thinking German Translation features new material taken from a wide range of sources, including: business and politics press and publicity engineering tourism literary and consumer-oriented texts. Addressing a variety of translation issues such as cultural difference, register and dialect, Thinking German Translation is essential reading for all students wishing to perfect their translation skills. It is also an excellent foundation for those considering a career in translation. Further resources, including a free teacher's handbook for the course, are available on the companion website at <http://cw.routledge.com/textbooks/0415341469/resources/default.asp>

What is it like to be young and religious in migration society? This volume presents research at the intersection of religion, age and race. The chapters' foci range from methodological challenges to conceptual work and empirical case studies. The authors present research on various religious traditions including contributions on young Alevis, Hindus, Buddhists and Muslims, and apply an array of theoretical angles among them feminist, post- and de-colonial perspectives. Furthermore, the volume engages in the debate over novel conceptual frameworks attuned to investigate contemporary manifestations of youth religiosity, for example in digital spaces. The methodological chapters advocate for reflexivity in the context of empirical research on religion in migration society and promote a self-evaluative assessment of researchers' positionalities.

Arne Grøn's reading of Søren Kierkegaard's authorship revolves around existential challenges of human identity. The 35 essays that constitute this book are written over three decades and are characterized by combining careful attention to the augmentative detail of Kierkegaard's text with a constant focus on issues in contemporary philosophy. Contrary to many approaches to Kierkegaard's authorship, Grøn does not read Kierkegaard in opposition to Hegel. The work of the Danish thinker is read as a critical development of Hegelian phenomenology with particular attention to existential aspects of human experience. Anxiety and despair are the primary existential phenomena that Kierkegaard examines throughout his authorship, and Grøn uses these negative phenomena to argue for the basically ethical aim of Kierkegaard's work. In Grøn's reading, Kierkegaard conceives human selfhood not merely as relational, but also a process of becoming the self that one is through the otherness of self-experience, that is, the body, the world, other people, and God. This book should be of interest to philosophers, theologians, literary studies scholars, and anyone with an interest not only in Kierkegaard, but also in human identity.

A library was planned for the Polytechnic Institute from the very start, although the scale of the initial facility was quite small. Over

the course of two hundred years, the University Library of the TU Wien has grown into Austria's largest science and technology library. Today, the facility contributes to ensuring that the scientists and students of this modern research university are optimally supplied with literature for research and teaching, as well as being open to the general public. This volume attempts to present different aspects of the work and future challenges faced by this modern scientific library, as well as highlighting the diverse paths that libraries in general, and the TU Wien Library in particular, have followed over the past decades.

Wie beeinflussen Tanzbewegungen die musikalische Spielweise? Und umgekehrt: Welche Wirkung hat die musikalische Interpretation auf die Ausführung einer Choreografie? Wie stehen tänzerische und melodische Phrasierung zueinander? Derlei Fragen zum Verhältnis von Tanz und Musik ergeben sich sowohl bei der praktischen Ausführung als auch bei der Erforschung historischer «Tanzmusik». Entsprechend vielseitig sind die Zugänge, mit denen dieser interdisziplinäre Band «Tanzmusik» vom Mittelalter bis zur Romantik untersucht, kontextualisiert und im Sinne historischer Musikpraxis erschließt. Im Mittelpunkt steht die Wechselbeziehung zwischen Klang und Bewegung in verschiedenen historischen Repertoires, Gattungen und Formen.

Get your best grade with the SQA endorsed guide to National 5 German. This book contains all the advice and support you need to revise successfully for your National 5 exam. It combines an overview of the course syllabus with advice from a top expert on how to improve exam performance, so you have the best chance of success. - Refresh your knowledge with complete course notes - Prepare for the exam with top tips and hints on revision techniques - Get your best grade with advice on how to gain those vital extra marks

Der Lutheraner Verlag Theater der Zeit

Romanticism was always culturally diverse. Though English-language anthologies have previously tended to see Romanticism as predominantly British, the term itself actually originated in Germany, where it became the banner of a Europe-wide movement involving the profound intellectual and aesthetic changes which we now associate with modernity. This anthology is the first to place British Romanticism within a comprehensive and multi-lingual European context, showing how ideas and writers interconnected across national and linguistic boundaries. By reprinting everything in the original languages, together with an English translation of all non-English material in parallel on the opposite page, it offers a new intellectual map of Romanticism. Material is thematically arranged as follows: - Art & Aesthetics - The Self - History - Language - Hermeneutics & Theology - Nature - The Exotic - Science While focusing on European texts, the inclusion of essays on their North American and Japanese reception means that Romanticism can be seen as a global phenomenon, influencing a surprising number of the ways in which the modern world sees itself.

Die Studie «Performing the Archive» dokumentiert die Ergebnisse eines ersten Forschungsprojektes, das sich mit der Archivierung Freien Theaters beschäftigt. Seit mehr als 50 Jahren haben sich in Deutschland die Freien Darstellenden Künste als «zweite Säule» der Theaterlandschaft herausgebildet. Die Überlieferung seiner künstlerischen und kulturpolitischen sowie der organisatorischen und administrativen Praxis ist zwar überwiegend noch vorhanden, befindet sich aber weit verstreut, zumeist an den Orten ihrer Entstehung, ist aber unerschlossen und vom Verfall bedroht. Mit der Studie werden konzeptionelle Grundlagen geschaffen, um einen relevanten Bestandteil des kulturellen Erbes zu sichern und zugänglich zu machen. So wie das Freie Theater aus der kritischen Selbstermächtigung und innovativen Selbstorganisation seiner Künstler*innen entstanden ist, haben sich seine organisierten Akteur*innen aus Kulturpolitik und Wissenschaft zusammengetan und mit Unterstützung des Bundes und einiger Bundesländer einen Forschungsprozess für ein Archiv des Freien Theaters initiiert, dessen umfassende Bestandsaufnahme hier vorgelegt wird. Die Studie mit ihren Erkenntnissen, Expertisen und Handlungsempfehlungen zeichnet aus künstlerischer und wissenschaftlicher sowie technologischer und rechtlicher Sicht die strukturellen Konturen eines Archivs des Freien Theaters, das als dezentrale und digitale Wissensplattform die Voraussetzungen sowohl für ein «Performing the Archive» in der Praxis wie auch für kulturpolitische Diskurse zur Weiterentwicklung der Theaterlandschaft bietet. The study 'Performing the Archives' documents the results of one of the first research projects to examine the archiving of the Free Theatre movement. For over 50

years the free performing arts have constituted a 'second pillar' of the German theatre world. The records of artistic practice, cultural policy and organisational and administrative practice certainly survive in large part, but are widely dispersed, most being in the place of their origin, have not been properly archived and indexed, and are threatened with deterioration. This study lays the conceptual foundations for securing and making available a relevant part of our cultural heritage. Just as the Free Theatre movement grew out of the critical self-empowerment and innovative self-organisation of its artists, organisers in the fields of cultural policy and academia have come together and, with the support of the German Federal Government and of some German states, initiated a research process to create a Free Theatre archive. Its comprehensive survey is presented here. The study, with its insights, expertise and recommendations for action, describes from artistic and academic as well as technological and legal perspectives the structural contours of an archive which, as a decentralised and digital knowledge platform, provides the basis required both for 'Performing the archive' in practice and for cultural-political discourses of the future development of the theatrical landscape.

Obwohl die DDR nunmehr ein abgeschlossenes Kapitel in der deutschen Geschichte geworden ist, halt die Auseinandersetzung um das, was von ihr bleibt, auch im Abstand von mehr als zehn Jahren an. Selbst nach dem deutsch-deutschen Literaturstreit unmittelbar nach der Wende, der seinerseits schon Rückblicken und Bilanzierungen ausgesetzt wurde, bleibt der Stellenwert der Literatur in und aus der DDR ein umstrittenes Terrain. Ungeachtet dessen, dass es Einhelligkeit in literarischen Fragen ohnehin nicht geben kann, sind die Urteile zur Literatur der DDR natürlich auch von den Erfahrungen und Erlebnissen mit der DDR geprägt. In diesem Band haben wir uns für eine Sicht von aussen und von innen gleichermaßen interessiert.

This volume presents a selection of 434 letters from and to the Dutch physicist and Nobel Prize winner Hendrik Antoon Lorentz (1853-1928), covering the period from 1883 until a few months before his death in February 1928. The sheer size of the available correspondence (approximately 6000 letters from and to Lorentz) preclude a full publication. The letters included in this volume have been selected according to various criteria, the most important of which is scientific importance. A second criterion has been the availability of letters both from and to Lorentz, so that the reader can follow the exchange between Lorentz and his correspondent. Within such correspondences a few unimportant items, dealing with routine administrative or organizational matters, have been omitted. An exception to the scientific criterion is the exchange of letters between Lorentz and Albert Einstein, Max Planck, Woldemar Voigt, and Wilhelm Wien during World War I: these letters have been included because they shed important light on the disruption of the scientific relations during the war and on the political views of these correspondents as well

as of Lorentz. similar reasons the letters exchanged with Einstein and Planck on post-war political issues have been included.

Biographical sketch Hendrik Antoon Lorentz was born on July 18, 1853 in the Dutch town of Arnhem. He was the son of a relatively well-to-do owner of a nursery.

Schmidt's Jahrbuecher Böhlau Verlag Wien

Exploring mediated time, this book contemplates how far (and in what ways) media and time are intertwined from a diverse set of theoretical and empirical angles. It builds from theoretical discussions concerning the question of mediation and the normative framing of time (especially acceleration) and works its way through questions of time for/of one's own, resisting temporalities, polychronicity, in-between-time, simultaneity and other time concepts. It further examines specific time frames, imaginations of a media future and the past, questions of online journalism and multitasking or liveness. Bringing together authors from diverse backgrounds, this collection presents a rich

combination of milestone articles, new empirical research, enriching theoretical work and interviews with leading researchers to bridge sociology, media studies, and science and technology studies in one of the first book-length publications on the emerging field of media and time.

European Romanticism Springer Science & Business Media

Welche Rolle spielen Trauer- und Abschiedsrituale in unserer Zeit und wie können wir Räume schaffen, in denen sich Kunst, Fürsorge und Rituale begegnen? Die Kuratorin Barbara Raes hat 2020 bereits zum zweiten Mal auf Einladung des internationalen Produktionshauses HAU Hebbel am Ufer mit Berliner Künstler:innen zu diesen Fragen recherchiert. In dem Versuch, einen unbefangenen Zugang zu diesen Themen zu schaffen und damit ein gesellschaftliches Tabu zu brechen, sind neun sehr persönliche Arbeiten rund ums Abschiednehmen entstanden, die dieses Buch dokumentiert – mit Beiträgen von Olympia Bukkakis, Dragana Bulut, Nuray Demir, Mmakgosi Kgabi, Ania Nowak, Barbara Raes, Falk Rößler, Liz Rosenfeld, Colin Self, Joana

Tischkau, Enis Turan. How do rituals of mourning and letting go play a role in our world today, and can they mingle and fuse with the arts and issues of care, if we create the right spaces? At the invitation of the international production house HAU Hebbel am Ufer, curator Barbara Raes has explored these questions in collaboration with Berlin-based artists for the second time. The endeavour to forge an uninhibited approach to grief and so break a social taboo provoked nine highly personal pieces of work on the broader ramifications of (unacknowledged) loss, which this book now documents – with contributions by artists Olympia Bukkakis, Dragana Bulut, Nuray Demir, Mmakgosi Kgabi, Ania Nowak, Barbara Raes, Falk Rößler, Liz Rosenfeld, Colin Self, Joana Tischkau and Enis Turan.
