### *Natural History* Penguin

From the watch Napoleon used to synchronize with his generals at Waterloo and Chinese David vases believed to be the oldest example of blue and white porcelain to the US Constitution and the Mayan Dresden codex, the oldest book written in the Americas, History of the World in 1,000 Objects provides a completely fresh perspective on the history of the world. With objects revealing how our ancestors lived, what they believed and valued, and how these items helped shape civilization, History of the World in 1,000 Objects contains a treasure trove of human creativity from earliest cultures to the present day. Objects are grouped chronologically, under key themes, from art to the history of technology, and together help paint a unique picture that provides detailed insight into each culture. In addition to stunning specially-commissioned photographs, History of the World in

1,000 Objects includes timelines and maps that make it easy to compare how people lived at different times and in different parts of the world. Reviews of its print edition: "This vividly illustrated book provides a fresh perspective on world history by revealing how our ancestors lived through the objects they fashioned." - Longitude "[A] completely fresh perspective on the history of the world." - Releaselog "[A] treasure trove of human creativity from earliest cultures to the present day." - USA Today "Using human-made objects to explain world history is such a fun and interesting way to see how societies around the planet have evolved both culturally and technologically." - Winkbooks Award to its print edition: The National Council for Social Studies (NCSS) and the Children's Book Council's Notable Social Studies Trade Books for Young People 2015

*The Visual Encyclopedia* National Geographic Books

Discover how humans created their world from the objects they left behind - from the US Constitution to the first iPhone - in DK's latest history book. From the beginning of human history, the one thing that has defined us is our talent for making things, from basic technology and everyday objects, such as bowls and hand axes, to high-tech inventions, such as supersonic aircraft, smart devices, and Mars rovers. Objects speak volumes about a civilization, telling us how our ancestors lived - as well as what they believed in and valued. A bronze cat mummy shows us how highly the ancient Egyptians valued their feline companions, while a mechanical tiger toy tells the story of rising tensions between an Indian sultan and European colonizers. With stunning, exclusive photography, *History of the World in 1000 Objects* shows you the objects that our ancestors treasured - from the jewelry worn by the Mesopotamians to the prized ritual vessels used by the people of the Shang Dynasty - and gives you insight into what gave each culture its own identity. From astrolabes and airplanes to vacuum cleaners and X-rays, DK uses its hallmark visual style to weave the extraordinary legacy of our creativity into a unique view of world history that will change the way you see the objects all around us.
