**Let's Pretend This Never Happened** Folens Limited

History is everywhere, and is never as complete as when it can be accessed on a part of history itself. The locomotive is one of the great steps in progress of civilisation that undoubtably connects us to land and history that was shaped by the machine itself. Although a basic form of railway, or rutway, did exist in Ancient Greek and Roman times - notably the ship trackway between Diolkos and the Isthmus of Corinth around 600 BC - it would take several thousand years before the first fare-paying passenger service was launched in the early nineteenth century. Some two hundred years on, it is possible to travel by train to some of the world's most remote and remarkable destinations, and track the many wonderful legacies of the Earth's extensive history - man-made

and otherwise. From prehistoric rock formations to skyscraper cities, slow steam engines to high-speed bullet trains, let A History of the World in 500 Railway Journeys be your guide. Through its beautifully illustrated pages, and 500 awe-inspiring railway journeys, you can chart your own transcontinental itinerary through time. Chug through canyons, steam past ancient monuments, speed through cities, luxuriate in the railcars of presidents and queens, or make express connections between key historical moments or epic eras, A History of the World in 500 Railway Journeys has it all. A must-read for travellers, railfans and history buffs alike, offering inspiration and information in equal measure.

When Nicki drops his white mitten in the snow, he goes on without realizing that it is missing. One by one, woodland animals find it and crawl in; first, a curious mole, then a rabbit, a badger and others, each one larger than the last. Finally, a big brown bear is followed in by a tiny brown mouse and what happens next makes for a wonderfully funny climax. As the story of the animals in the mitten unfolds, the reader can see Nicki in the boarders of each page, walking through the woods unaware of what is going on. Once again Jan Brett has created a dramatic and beautiful picture book in her distinctive style. She brings the animals to life with warmth and humor, and her illustrations are full of visual delights and details faithful to the Ukrainian tradition from which the story comes.

**The Eagle Inside** Lothian Children's Books

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let’s Pretend This Never Happened*, Lawson’s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives.
