This is a seminal study with strong Apostolic messaging, yet its flowing style allows for easy assimilation of biblical truths, and provides accurate insights for the cerebral believer, who like Daniel and his companions, are usually the target of the world system. In this book various methodologies are outlined through which, spiritual Babylon seeks to entice the brightest and best of every Godly generation, to acculturate, rob of spiritual identity and manipulate to promote world kingdom ends. But thanks be to God,

there is still a generation in the earth spiritually alert enough to operate within the world system, yet deploy their talents and giftings to bring honour and glory to God. Those with the Daniel mindset will decode dreams and visions and interpret judgements written on the kingdoms of this world in this season. God is still raising up an Apostolic and Prophetic generation, which would feast on heavenly manna, and consecrate themselves to spiritual and intellectual purity to accomplish God's Kingdom purposes.

Exalting Jesus in John is part of the Christ-Centered Exposition Commentary series. Edited by David Platt,

Daniel L. Akin, and Tony Merida, this new commentary series, projected to be 48 volumes, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by the devotional nature of each exposition presented as sermons and divided into chapters that conclude with a "Reflect & Discuss" section, making this series ideal for small group study, personal devotion, and even sermon preparation. It's not academic but rather

presents an easy reading, practical and friendly commentary. The author of *Exalting Jesus in John* is Matt Carter and Josh Wredberg.

The Normal the Deep and the Crazy English

Simon and Schuster In his sensational novel *The Descent*, Jeff Long created a world of stunning terror and adventure, "an imaginative tour de force" (Jon Krakauer). Now he imagines a scenario so vivid, so haunting, it anchors his place among storytelling masters. *YEAR ZERO* An archaeological manhunt is raging in the holy land -- a hunt for the historical Jesus. For Nathan Lee Swift, a young American field researcher and expectant father, the line between noble

discovery and the plunder of ruins is sacred -- until the night he crosses it. At a Roman landfill beneath the crucifixion grounds known as Golgotha, Nathan Lee yields to his professor's greed and turns common grave robber. His world -- his unborn daughter -- seems lost to him. Hundreds of miles away, on the remote Greek island of Corfu, a wealthy collector pries open his latest black-market purchase -- a fourteen-inch holy relic containing a vial of blood dating back to the first century -- and unleashes a two-thousand-year-old plague. As the pandemic explodes from the Mediterranean basin and threatens to devour humankind, Nathan Lee gets a

chance at redemption. He embarks on an Odyssean journey back to the United States to find his family. Skirting the edges of the world, Nathan Lee's path finally leads him to New Mexico, where the greatest minds of science have converged at Los Alamos to find a vaccine. There Nathan Lee meets Miranda Abbot, a nineteen-year-old prodigy. As the cure continues to elude them, Miranda launches a desperate final strategy: the use of human lab rats cloned from the year zero. Nathan Lee, the thief of bones, comes face-to-face with men made from the very relics he looted, one of whom claims to be Jesus Christ, but may also be Patient Zero. Combining the

scientific precision of The Andromeda Strain with the intensity of classic adventure epics, Jeff Long takes readers on a riveting voyage through the rubble of earthquake-torn Jerusalem, the serenity of the high Himalayas, and the eerie sanctuary of Los Alamos. With Long's characteristic originality, Year Zero races against the apocalyptic clock, creating a maze of twists, astonishing atmosphere, and the clash of science and faith.

Jesus The Extraterrestrial -

Origins AuthorHouse
It makes sense that the biblical God, who is both good and goodness as such, would necessarily want his human progeny to know him firsthand,

and he would also want to draw closer to them by walking a mile in their shoes, providing for their eternal security and joy, and enjoying mutual love with them. So how does this good God make himself known to us and how can we draw closer to him? In Science, Philosophy, and Jesus, author and physician James Frederick Ivey draws on his extensive formal and continuing education, and a fifty-year medical practice heavy in counseling, to provide a work of Christian apologetics written in conjunction with unbounded imagination but regulated by logical reasoning. As the second volume in Dr. Ivey's book series, The Inevitable Truth, this insightful apologetic

explores the person of Christ, the incarnation of the true God who left his realm of ultimate reality to enter illusory space-time. Dr. Ivey shows that the message of Jesus, supported by science and Plato, can provide humanity with a new paradigm that will replace our selfishness with selfless love and giving. We can know that God exists, that he is unique, and that he is indeed the biblical deity, and by seeking him and his Son further, we can draw closer to him in love and in faith, all the while becoming transformed into new persons in Christ.

FORETOLD IN THE BIBLE: Two nuclear wars. Three asteroids. Demonic madness. Into this, a savior will rise, cloned from Christ. It's not fiction. It's prophecy. The Messiah of the New Age. His coming is prophesied by more than a dozen

major religions. Cloned from live cells of Jesus Christ found on the Shroud of Turin, Christopher Goodman was born into the most turbulent time in human history. Mentored by former UN Assistant Secretary-General Robert Milner, Christopher rises in position and power, and displays remarkable wisdom and compassion. But through disjointed bits of dreams that sometimes haunt him, Christopher reveals significant troubling errors in the biblical record of Jesus' life. Soon the reason for Robert Milner's interest in Christopher becomes clear: the world is about to undergo a time of destruction and chaos darker than any in history, with impending

nuclear war merely a faint precursor. Milner explains that without Christopher, humanity will not long survive. Under Christopher's leadership, however, mankind stands on the threshold of a final great evolutionary leap that will bestow on the human race god-like powers. This is the reason, Milner says, that Christopher was born. In Israel, an unexpected threat to Christopher's ascension is growing: two men, possessed of incredible supernatural powers, one claiming to be the 2000-year-old Apostle John, the other an apostate Hasidic rabbi named Saul Cohen. Together, the men lead an outlawed cult of 144,000 followers, each branded with the names Yahweh and

Having seen, the breath of life being given to all four children and also even to a tiny bird which she had tried to save, only to see its heart stop beating and life flicker away from it. About the Contributor(s): Dallas Theological Seminary [The Poetry of Life](#) BoD - Books on Demand In this intense and "absolutely brilliant thriller" (#1 New York Times bestselling author Brad Thor), a forensic anthropologist sets out to prove that the Shroud of Turin is a fake, but quickly discovers the opposite—and must race to stop the evil forces who want to use

traces of blood in the fabric to clone Jesus Christ and bring on the second coming of their own design.

Throughout his career, forensic anthropologist and outspoken atheist Dr. Jon Bondurant has investigated many religious artifacts said to be real, but he knows better. Only weak minds rely on such obviously false relics to maintain their silly, pointless faith. So when he is invited by the Vatican to examine the Shroud of Turin, said to be the burial cloth that covered the body of Christ—and the most revered of all Christian artifacts—he is delighted for the opportunity to prove once and for all that the Shroud is a fake. But when he meets Domenika Josef, the beautiful and devout

Vatican representative who finds him arrogant and self-important, he realizes his task will not be as straightforward as he once imagined.

Domenika believes that the relic is real, and wants nothing more than to rescue the tarnished reputation of the church by announcing the good news. As Bondurant and his team examine every element of the Shroud, he and Domenika begin to see each other in a whole new light. And as the evidence about the origin of this highly contested piece of fabric starts to pile up, he begins to realize that he's been seeing a lot of things incorrectly. But when a sample of the blood from the

Shroud—believed to be the real blood of Jesus Christ—vanishes, he realizes his problems are just beginning. The DNA in that sample could have earth-shattering consequences if it falls into the wrong hands. When Domenika vanishes too, Bondurant is caught in a globe-spanning chase to rescue the woman he loves—and stop the evil forces who have their own motives for bringing on the Second Coming.

Catherine and Justo Gonzalez provide a valuable resource for preaching and biblical interpretation. An account of liberation theology's impact on the task of preaching is offered by two historians of doctrine who are intimately aware of the need to be open to marginalized perspectives in the church. Early Christian preachers had much to say on issues such as the origins and proper use of wealth, the rights and duties of the poor and rich, and the nature of ownership. The Gonzalezes

recapture this early Christian spirit offering concrete ways that the interpretation of specific biblical texts may be enriched or corrected in order to speak directly to the whole life of the whole church. Often used as a text in preaching courses, *The Liberating Pulpit* helps to clarify and to bridge the gap between those whose preaching and hermeneutics tend to be more traditional and the various minorities who tend to read Scripture in a different way.
