The #1 New York Times Bestseller Jessica reveals for the first time her inner monologue and most intimate struggles. Guided by the journals she's kept since age fifteen, and brimming with her unique humor and down-to-earth humanity, Open Book is as inspiring as it is entertaining. This was supposed to be a very different book. Five years ago, Jessica Simpson was approached to write a motivational guide to living your best life. She walked away from the offer, and nobody understood why. The truth is that she didn't want to lie. Jessica couldn't be authentic with her readers if she wasn't fully honest with herself first. Now America's Sweetheart, preacher's daughter, pop phenomenon, reality tv pioneer, and the billion-dollar fashion mogul invites readers on a remarkable journey, examining a life that blessed her with the compassion to help others, but also burdened her with an almost crippling need to please. Open Book is Jessica Simpson using her

voice, heart, soul, and humor to share things she's never shared before. First celebrated for her voice, she became one of the most talked-about women in the world, whether for music and fashion, her relationship struggles, or as a walking blonde joke. But now, instead of being talked about, Jessica is doing the talking. Her book shares the wisdom and inspirations she's learned and shows the real woman behind all the pop-culture clichés — "chicken or fish," "Daisy Duke," "football jinx," "mom jeans," "sexual napalm..." and more. Open Book is an opportunity to laugh and cry with a close friend, one that will inspire you to live your best, most authentic life, now that she is finally living hers.

#### The Albanians Simon and Schuster

A powerful political novel based on the sudden, mysterious death of the man who had been handpicked to succeed the hated Albanian dictator Enver Hoxha. Did he commit suicide or was he murdered? That is the burning question. The man who died by his own hand, or another's, was Mehmet Shehu, the presumed heir to the ailing dictator, Enver Hoxha. So sure was the world that he was next in line, he was known as The Successor. And then, shortly before he was to assume power, he was found dead. THE SUCCESSOR is simultaneously a mystery novel, an historical novel-based on actual events and buttressed by the author's private conversations with the son of the real-life Mehmet Shehu—and a psychological novel (How do you live when nothing is sure?). Vintage Kadare, THE SUCCESSOR seamlessly blends dream and reality, legendary past, and contemporary history. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and

In some senses, Albania is a living museum of the past. Originally a small herding community in the most inaccessible reaches of the Balkans, the presence of Albanians in southeastern Europe has been documented for over a thousand years. Albanian traditional folk culture, which evolved over centuries of relative isolation, is surprisingly rich. Yet despite recent events this culture remains little known to the Western world. Due to the lasting effects of a half century of Stalinist dictatorship, very few individuals even in Albania know much about their own popular traditions. The Dictionary of Albanian Religion, Mythology, and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs. Alphabetical entries shed light on blood feuding, figures of Albanian mythology, religious beliefs, communities, and sects, calendar feasts and rituals, and popular superstitions, as well as birth, marriage, and funeral customs, and sexual mores. This unique volume will stand as the standard reference work on the subject for years to come.

*The Successor* Harper Collins

"Alexander's behavior was conditioned along certain lines -- heroism, courage, strength, superstition, bisexuality, intoxication, cruelty. He bestrode Europe and Asia like a supernatural figure." In this succinct portrait of Alexander the Great, distinguished scholar and historian Norman Cantor illuminates the personal life and military conquests of this most legendary of men. Cantor draws from the major writings of Alexander's contemporaries combined with the most recent psychological and cultural studies

to show Alexander as he was -- a great figure in the ancient world whose puzzling personality greatly fueled his military accomplishments. He describes Alexander's ambiguous relationship with his father, Philip II of Macedon; his oedipal involvement with his mother, the Albanian princess Olympias; and his bisexuality. He traces Alexander's attempts to bridge the East and West, the Greek and Persian worlds, using Achilles, hero of the Trojan War, as his model. Finally, Cantor explores Alexander's view of himself in relation to the pagan gods of Greece and Egypt. More than a biography, Norman Cantor's *Alexander the Great* is a psychological rendering of a man of his time.

A beautiful repackaging of Annie Dillard's classic work of literary criticism. "Everyone who timidly, bombastically, reverently, scholastically--even fraudulently--essays to 'live the life of the mind' should read this book. It's elegant and classy, like caviar and champagne, and like these two items, it's over much too soon." — Carolyn See, *Los Angeles Times* *Living by Fiction* is written for--and dedicated to--people who love literature. Dealing with writers such as Nabokov, Barth, Coover, Pynchon, Borges, García Márquez, Beckett, and Calvino, Annie Dillard shows why fiction matters and how it can reveal more of the modern world and modern thinking than all the academic sciences combined. Readers of *Pilgrim at Tinker Creek*, *An American Childhood*, and *Holy the Firm* will recognize Dillard's vivid writing, her humor, and the lively way she tackles the urgent questions of meaning in experience itself.

Nautilus Book Award Silver Winner. Eric Hoffer Award Grand Prize Short List. Midwest Book Award Finalist/Reference. "Witty, audacious and wise." Robin Metz, Winner of the Rainer Maria Rilke International Poetry Award. "This should be on every writer's bookshelf." Randy Richardson, President, Chicago Writers

Association. By exploring the relationships between the writer and love, grief, place, family, race and violence, Rember helps writers dive deep into their own writing. "A big part of writing involves grappling with the terrors and discouragements that come when you have writing skills but can't project yourself or your work into the future," says Rember. "My hope is that *MFA in a Box* will help writers balance the despair of writing with the joy of writing. It's a book designed to help you to find the courage to put truth into words and to understand that writing is a life-and-death endeavor -- but that nothing about a life-and-death endeavor keeps it from being laugh-out-loud funny."

The True Secret of Writing Dream of Things

The social lives of the peoples of the Balkans have long stimulated the imaginations of their northern European neighbors.

These peoples and places have anthropological traditions of their own, shaped initially by nationalist movements and, later, by socialism and other political constraints. From an anthropological perspective, this book explores the region between Greece and Slovenia, when political pressures were strongest in the era of the Cold War. Yet, the environments were by no means uniformly repressive. The study provides indispensable insights for new generations pursuing innovative research agendas in this region in the new century. It raises deeper issues about the boundaries and substance of the anthropological endeavor. (Series: Halle Studies in the Anthropology of Eurasia - Vol. 29)

*Eating People is Wrong* Harper Collins

Professor Skendi, a native of Albania, traces the progress and

setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers.
