Kane lost his heart to Sherra and news of her death ripped his heart apart. But Sherra didn't die. Her sadistic handlers have convinced her she was betrayed by Kane. As the deceit and cruelty of the Council that created the breeds escalates, Kane and Sherra learn that there is more to mating than just the "heat."--Publisher's description.

Dangerous Pleasure: A Bound Hearts Novel Fanucci Editore

In the face of today's environmental and economic challenges, doomsayers preach that the only way to stave off disaster is for humans to reverse course: to de-industrialize, re-localize, ban the use of modern energy sources, and forswear prosperity. But in this provocative and optimistic rebuke to the catastrophists, Robert Bryce shows how innovation and the inexorable human desire to make things Smaller Faster Lighter Denser Cheaper is providing consumers with Cheaper and more abundant energy, Faster computing, Lighter vehicles, and myriad other goods. That same desire is fostering unprecedented prosperity, greater liberty, and yes, better environmental protection. Utilizing on-the-ground reporting from Ottawa to Panama City and Pittsburgh to Bakersfield, Bryce shows how we have, for centuries, been pushing for Smaller Faster solutions to our problems. From the vacuum tube, mass-produced fertilizer, and the printing press to mobile phones, nanotech, and advanced drill rigs, Bryce demonstrates how cutting-edge companies and breakthrough technologies have created a world in which people are living longer, freer, healthier, lives than at any time in human history. The push toward Smaller Faster Lighter Denser Cheaper is happening across multiple sectors. Bryce profiles innovative individuals and companies, from long-established ones like Ford and Intel to upstarts like Aquion Energy and Khan Academy. And he zeroes in on the energy industry, proving that the future belongs to the high power density sources that can provide the enormous quantities of energy the world demands. The tools we need to save the planet aren't to be found in the technologies or lifestyles of the past. Nor must we sacrifice prosperity and human progress to ensure our survival. The catastrophists have been wrong since the days of Thomas Malthus. This is the time to embrace the innovators and businesses all over the world who are making things Smaller Faster Lighter Denser Cheaper.

Kiss of Heat St. Martin's Griffin

In a series of enlightening and wide-ranging discussions, published here for the first time, the author radically reinterprets the events of the past three decades, covering topics from foreign policy during the Viet-nam war to the decline of the welfare under the Clinton administration.

Characterized by Chomsky's accessible and informative style, this is the ideal book for those new to his work as well as those who have been listening for years.

Hannah's Luck Pan

The debut graphic novel from Thai-Italian illustrator Elisa Macellari, Papaya Salad tells the story of her great-uncle Sompong who found himself in Europe on military scholarship on the eve of World War II. A gentle and resolute man in love with books and languages, in search of his place in the world, Sompong chronicles his life during the war and falling for his wife, finding humor and joy even as the world changes irrevocably around him This Winner of the 2019 Autori di Immagini Silver Medal in the Comics category tells the human story of the War, from a perspective not typically seen. "An historical and emotional journey through my family and my roots that are grown between Europe and Asia. A personal narrative that needs to be shared and hopefully arouses empathy in the reader." -- Elisa Macellari

The passions have long been condemned as a creator of disturbance and purveyor of the temporary loss of reason, but as Remo Bodei argues in *Geometry of the Passions*, we must abandon the perception that order and disorder are in a constant state of collision. By means of a theoretical and historical analysis, Bodei interprets the relationship between passion and reason as a conflict between two complementary logics. *Geometry of the Passions* investigates the paradoxical conflict-collaboration between passions and reason, and between individual and political projects. Tracing the roles passion and reason have played throughout history, including in the political agendas of Descartes, Hobbes, and the French Jacobins, *Geometry of the Passions* reveals how passion and reason may be used as a vehicle for affirmation rather than self-enslavement.

Uno di questi giorni verrai a letto con me, Scheme. Sempre che non ti uccida prima. Autoconclusivo Scheme è la figlia di Cyrus Tallant, e in combutta con il padre, nemico giurato degli Ibridi, non solo si è macchiata di crimini efferati contro la comunità, ma si è impegnata per insabbiare le malefatte dei persecutori, distruggendo informazioni vitali riguardanti la storia degli Ibridi. Tanner Reynolds è il ragazzo prodigo, il genio delle pubbliche relazioni, colui che ha incantato le folle e ha portato l'opinione pubblica dalla parte degli Ibridi. Davanti alle telecamere sfoggia un fascino magnetico e indolente, ma come tutti gli Ibridi sa essere letale e spietato. E ora, dopo un attacco particolarmente violento a una delle principali basi della comunità, vuole vendetta e sa anche come ottenerla. Decide quindi di rapire Scheme per estorcerle i segreti riguardanti le attività del padre e deferirla alla legge degli Ibridi, affinché venga giudicata per i suoi misfatti. Ma Scheme è davvero un nemico? E quali segreti custodisce? Lì, nei labirinti delle grotte nel Kentucky, dove ha condotto la ragazza, Tanner otterrà molto più delle risposte che cercava, mentre Scheme ne uscirà solo dopo aver ritrovato se stessa, la fiducia e l'amore. Una Lora Leigh sorprendente e inimmaginabile, come non l'avete davvero mai letta, una storia che vi lascerà sconcertati. Un gioco di specchi dove nessuno è chi dice di essere, dove il confine tra odio e amore è fragile quanto la vita umana; un protagonista maschile seducente e pericoloso, in bilico tra glamour e oscurità, e un'eroina fragile, tormentata e coraggiosa.

The Power of Nutrition. How Food Affects Consciousness John Benjamins Publishing

Born in Imperia in 1945, Giuseppe Conte is one of the most important and powerful voices in Italian literature today. A talented and versatile writer, he has published numerous books of poetry, novels, criticism, essays, and plays. He has received major literary prizes (including the Premio Montale) and has translated into Italian the works of Shelley, D.H. Lawrence and Walt Whitman. He has traveled extensively, has visited the United States to present his poetry, and now lives in Imperia, Italy, and in Nice, France. *The Ocean and the Boy*, Conte's first full-length book of poetry, is written in an intensely personal style, fusing myth and everyday reality. In this dual-language edition, the first English translation of a complete poetry book by Conte, the editor-translator, Italian-born poet Laura Stortoni, has included a translator's note, biographical and bibliographical data, endnotes and an introduction by Italo Calvino.

Travis Caine is one loose cannon you don't want to mess with, so his commanders cut him a break—and cut him loose. His new HQ is America's top intelligence force, Elite Ops. His new code name is "Black Jack." And his new assignment is to die for. She's smart, sexy, scintillating—and one of Elite Ops' savviest agents. Lillian Belle's code name is "Night Hawk," and Travis certainly wouldn't mind flying a few midnight maneuvers with her. But when their mission turns into a red-hot game of danger, deceit, and double-crossed signals, Travis begins to wonder: Can he trust her? Can he resist her?

Tempting the Beast Penguin

Artemisia Gentileschi, born in 1598, the daughter of an esteemed painter, taught art in Naples and painted the great women of Roman and biblical history: Esther, Judith, Cleopatra, Bathsheba. She also painted the rich and royal, but her wealthy male patrons wanted admiration while her women models wanted disguise. This woman, who had been violated in her youth and reviled as a rap victim in a public trial before going off to heretical England, who was rejected by her father and later abandoned by her husband and misunderstood by her daughter, who could not read or write but who could only paint—this woman was one of the first modern times to uphold through her work and deeds the right of women to pursue careers compatible with their talents and on an equal footing with men. Artemisia lives again in Anna Banti's novel, which was first published to critical acclaim in Italy in 1947 (Banti was the pseudonym of Lucia Lopresti, 1895-1978). Recognized as a consummate stylist, she was one of the most successful women writers in Italy before the resurgence of the

feminist movement. Although Artemisia describes life in seventeenth-century Rome, Florence, and Naples, the time setting of the novel is, in a deeper sense, a historical, merging as it does the experience of a woman dead for three centuries with the terrors of World War II experienced by the author. Shirley D'Ardia Caracciolo's English translation of Banti's novel skillfully renders its complexity and poignancy as a study of courage.
