JOHNS RICHARDSON

The Juggler of Notre Dame and the Medievalizing of Modernity Taylor & Francis

As a five year old I encountered a picture of a young man in a rakish hat and a yellow coat, on the wall of a large classroom. There was something instantly intriguing about the image, but it was also puzzling because it represented neither politician nor prince, the usual fare for Australian school decorations. I was eventually told that this was a reproduction of a painting, the artist was Vincent van Gogh, and that the subject was some young Frenchman. On special days we assembled in that room and during the next several years I found myself gazing beyond visiting speakers at the fellow in the yellow jacket. It was almost another fifty years before I felt properly conversant with the portrait and realized that van Gogh's subject, Armand Roulin, was seventeen at the time of the original painting and

had died at seventy-four during my schoolboy contemplations. In the interim my enjoyment of the works of the Impressionists and Post Impressionists had grown and I occasionally ran into the name of Dr. Gachet, Vincent's last attending physician, in books and catalog essays. The doctor was my entree to the overlapping charms of medical and art histories. In 1987 I had the good fortune to participate as a biochemist in the centenary celebration of the Pasteur Institut in Paris.

Les peintres gauchers McGill-Queen's Press - MQUP

This book examines disability, diversity, and schooling exclusion in Haiti in the wake of Hurricane Matthew. Defending a social and anthropological conception of disability as a consequence of any situation that makes a subject uncomfortable and unable to live or act properly, the book explores the difficulties that disabled children face within the school system and considers how social exclusion provokes and exacerbates educational exclusion. With contributions from linguists, educational

sociologists, educational psychologists, educators, and historians, the chapters focus on a range of phenomena such as the balance of languages used for teaching, gender equity, associated disorders, and the experiences of left-handed and deaf students. Ultimately, the authors demonstrate how the educational relationships built and practiced in school influence the perceptions of people with disabilities, with respect to both singular contexts and pedagogical practices. As such, it represents an important study of the relationship between school exclusion, disability, and those with precarious socio-familial conditions, and how they can be conceptualized and addressed in the context of crises. It will appeal to scholars, researchers, and academics with interests in diversity and inclusive education, pedagogy, crisis education, and educational psychology. Chapters 1, 3, 7, and 8 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com. They have been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

[Pilgrims to Jerusalem in the Middle Ages](#)
Simon and Schuster

"Every man who undertakes the journey to the Our Lord's Sepulcher needs three sacks: a sack of patience, a sack of silver, and a sack of faith."—Symon Semeonis, an Irish medieval pilgrim
As medieval pilgrims made their way to the places where Jesus Christ lived and suffered, they experienced, among other things: holy sites, the majesty of the Egyptian pyramids (often referred to as the "Pharaoh's granaries"), dips in the Dead Sea, unfamiliar desert landscapes, the perils of traveling along the Nile, the customs of their Muslim hosts, Barbary

pirates, lice, inconsiderate traveling companions, and a variety of difficulties, both great and small. In this richly detailed study, Nicole Chareyron draws on more than one hundred firsthand accounts to consider the journeys and worldviews of medieval pilgrims. Her work brings the reader into vivid, intimate contact with the pilgrims' thoughts and emotions as they made the frequently difficult pilgrimage to the Holy Land and back home again. Unlike the knights, princes, and soldiers of the Crusades, who traveled to the Holy Land for the purpose of reclaiming it for Christendom, these subsequent pilgrims of various nationalities, professions, and social classes were motivated by both religious piety and personal curiosity. The travelers not only wrote journals and memoirs for themselves but also to convey to others the majesty and strangeness of distant lands. In their accounts, the pilgrims relate their sense of astonishment, pity, admiration, and disappointment with humor and a touching sincerity and honesty. These writings also reveal the complex interactions between Christians, Jews, and Muslims in the Holy Land. Throughout their journey, pilgrims confronted occasionally hostile Muslim administrators (who controlled access to many holy sites), Bedouin tribes, Jews, and Turks. Chareyron considers the pilgrims' conflicted, frequently simplistic, views of their Muslim hosts and their social and religious practices.
[Livres hebdo](#) Univ of California Press
The Brothers Karamazov, also translated as The Karamazov Brothers, is the final novel by the Russian author Fyodor Dostoyevsky. Dostoyevsky spent nearly two years writing The Brothers Karamazov, which was published as a serial in The Russian Messenger and

completed in November 1880. The author died less than four months after its publication. *The Brothers Karamazov* is a passionate philosophical novel set in 19th century Russia, that enters deeply into the ethical debates of God, free will, and morality. It is a spiritual drama of moral struggles concerning faith, doubt, judgement, and reason, set against a modernizing Russia, with a plot which revolves around the subject of patricide. Dostoyevsky composed much of the novel in Staraya Russa, which inspired the main setting. Since its publication, it has been acclaimed as one of the supreme achievements in world literature.

Holbein's Ambassadors Editions Imago

A comprehensive handbook of more than 1,000 magical words, phrases, symbols, and secret alphabets • Explains the origins, derivatives, and practical usage of each word, phrase, and spell as well as how they can be combined for custom spells • Based on the magical traditions of Europe, Greece, and Egypt and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany • Includes an in-depth exploration of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes From Abracadabra to the now famous spells of the Harry Potter series, magic words are no longer confined to the practices of pagans, alchemists, witches, and occultists. They have become part of the popular imagination of the Western world. Passed down from ancient Babylon, Egypt, and Greece, these words and the rituals surrounding them have survived through the millennia because they work. And as scholar Claude Lecouteux reveals, often the more impenetrable they seem, the

more effective they are. Analyzing more than 7,000 spells from the magical traditions of Europe as well as the magical papyri of the Greeks and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany, Lecouteux has compiled a comprehensive dictionary of ancient magic words, phrases, and spells along with an in-depth exploration--the first in English--of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. Drawing upon thousands of medieval accounts and famous manuscripts such as the *Heptameron* of Peter Abano, the author examines the origins of each word or spell, offering detailed instructions on their successful use, whether for protection, love, wealth, or healing. He charts their evolution and derivations through the centuries, showing, for example, how spells that were once intended to put out fires evolved to protect people from witchcraft. He reveals the inherent versatility of magic words and how each sorcerer or witch had a set of stock phrases they would combine to build a custom spell for the magical need at hand. Presenting a wealth of material on magical words, signs, and charms, both common and obscure, Lecouteux also explores the magical words and spells of ancient Scandinavia, the Hispano-Arabic magic of Spain before the Reconquista, the traditions passed down from ancient Egypt, and those that have stayed in use until the present day.

Saturn and Melancholy Imago (éditions) *Melusine's Footprint: Tracing the Legacy of a Medieval Myth* offers nineteen new critical essays from an international and interdisciplinary group of scholars examining the cultural, literary, and mythical inheritance of the legendary

half-fairy, half-serpent Melusine.

De la Renaissance aux Lumières Inner Traditions

Johannes Vermeer (1632-1675) is world-famous for his scenes of daily life, such as a kitchen maid pouring milk, a woman having a music lesson, or a lady writing a letter. However, when Vermeer began painting around the age of 21, he focused primarily on traditional subjects derived from the Bible and classical mythology. Not only do these early works differ greatly from his later paintings in terms of subject matter, they also differ in style. The exhibition unites three paintings from the beginning of Vermeer's artistic career: the Mauritshuis' Diana and her nymphs of c. 1653-1654, is joined by Christ in the house of Martha and Mary (c. 1655) from the National Gallery of Scotland in Edinburgh, and The Procuress (1656) from the Staatliche Kunstsammlungen in Dresden. These three paintings afford an image of the artist seeking his own style. All three paintings have recently been restored."

Dictionnaire encyclopédique de Jeanne d'Arc Editions Imago

Pour tout savoir sur les gauchers : les savants, les criminels, les sportifs, les rois, les peintres, les écrivains, les musiciens, les militaires, les comédiens, les politiques. Vous connaîtrez leur caractère, leur fonctionnement cérébral, leur écriture, leur histoire, leurs maux et même leur sexualité. Vous verrez passer Léonard de Vinci, Freud, Obama, les Beatles, Michel-Ange, Beethoven, Nadal, Hitchcock, Céline, Maradona, Mme de Sévigné, Verlaine, Chaplin, et des dizaines de personnages hauts en couleur. Vous apprendrez comment bien choisir son violon si vous êtes gaucher. Vous comprendrez pourquoi il faut prêter serment de la main droite, mais mettre

l'alliance à la main gauche...

Travels to the Otherworld and Other Fantastic Realms Harper Collins

« Messire Dieu premier servi » C'est peut-être en raison de cette citation célèbre prêtée à sainte Jeanne d'Arc que le Nonce Apostolique en France pouvait avoir compétence à écrire quelques mots pour accompagner la publication d'un ouvrage sur cette grande sainte française. Cet ouvrage est d'abord une indéniable somme encyclopédique de connaissances, recherchant tous azimuts ce qui a pu s'écrire, se penser ou se dire de La Pucelle. Pour cela il sera sûrement une mine de renseignements et d'indications où puiser l'inspiration nécessaire en vue de recherches ultérieures, mais il pourra être aussi une source de références pour vérifier l'état des connaissances sur le sujet. En explorant la vie de la sainte à son époque, mais aussi dans cette seconde vie qui s'étend de sa mort terrestre jusqu'à nos jours, laquelle ne semble pas vouloir se terminer, image certaine de la vie éternelle, on ne peut qu'être frappé par la vigueur toute divine dont une vie humaine pleine de Dieu peut témoigner. La chose la plus étonnante concernant Jeanne de Domremy passe souvent inaperçue : ce que nous apprenons d'elle de plus certain nous est rapporté non par un hagiographe érudit et complaisant, mais d'abord par les minutes de son procès. Le plus beau des livres de canonisation qui fut jamais écrit l'a été par la minutie procédurale d'un système juridique qui cherchait à la condamner en faisant étalage de tout le mal que ses accusateurs s'acharnaient à dire contre elle. C'est au détour de ses réponses consciencieuses et simples, à des questions par ailleurs souvent alambiquées et remplies de chausse-

trappes, que le surnaturel s'est révélé. En effet, « aucun humain et même pas Bossuet, ni Pascal, ni Dante n'a frappé les prodigieuses sentences de Jeanne, répondant à ses juges bourreaux » note Léon Daudet dans une citation rapportée dans l'ouvrage (dans l'article « Maxime Real del Sarte »). Je forme donc le vœu qu'en découvrant ce travail si complet le lecteur puisse y trouver non seulement des connaissances de nature à satisfaire son désir de savoir, mais encore une source surnaturelle d'inspiration pour sa propre vie, inspiré par un exemple aussi glorieux que fructueux de l'histoire de France qui est aussi ici l'histoire de l'Église. Luigi VENTURA, Nonce apostolique Dominique Le Tourneau est prêtre, écrivain et poète. Il enseigne au Studium de droit canonique de Lyon. Pascal-Raphaël Ambrogi, Haut fonctionnaire, est un écrivain engagé dans la défense du patrimoine linguistique français.

Tout, vous saurez tout sur les gauchers : les savants, les criminels, les sportifs, les rois, les peintres, les écrivains, les musiciens, les militaires, les comédiens, les politiques. Vous connaîtrez tout sur leur caractère, leur fonctionnement

cérébral, leur écriture, leur histoire, leurs talents, leurs maux et même leur sexualité. Vous verrez passer Léonard de Vinci, Freud, Obama, les Beatles, Michel-Ange, Nicole Kidman, Beethoven, Nadal, Hitchcock, Céline, Maradona, Mme de Sévigné, Verlaine, Chaplin, et des dizaines d'autres personnages hauts en couleur. Vous découvrirez, par exemple, que les gauchers sont bien plus nombreux en Normandie qu'en Bretagne et que Dieu n'aime pas la main gauche, contrairement au Diable qui, lui, l'adore. Vous apprendrez comment bien choisir votre violon si vous êtes gaucher ; comment savoir si votre œil directeur est le gauche plutôt que le droit ; comment distinguer un bébé gaucher d'un bébé droitier ; comment tenir votre fourchette ou faire votre signe de croix. Vous comprendrez pourquoi il faut prêter serment de la main droite, mais mettre l'alliance à la main gauche ; pourquoi les champions d'escrime sont presque tous gauchers ; pourquoi les trains roulent à gauche dans tous les pays du monde ; pourquoi les hommes sont plus souvent gauchers que les femmes et pourquoi l'on compte cinq gauchers sur les sept derniers présidents des États-Unis. Ainsi que mille et une autres informations, souvent étonnantes, parfois cocasses, toujours instructives.

London Clubland University of California Presson Demand

Ce premier volume d'une série de trois qui entend faire la synthèse de la recherche historique sur l'évolution culturelle du corps dans la société occidentale est consacré à l'émergence du corps moderne. Avec la Renaissance, le corps se singularise dans toute son autonomie. L'accentuation des impositions collectives vient contrebalancer les affranchissements individuels.

Mont-Saint-Michel and Chartres ...

Waanders Publishers

Saturn and Melancholy remains an iconic text in art history, intellectual history, and the study of culture, despite being long out of print in English. Rooted in the tradition established by Aby Warburg and the Warburg Library, this book has deeply influenced understandings of the interrelations between the humanities disciplines since its first publication in English in 1964. This new edition makes the original English text available for the first time in decades. Saturn and Melancholy offers an unparalleled inquiry into the origin and development of the philosophical and medical theories on which the ancient conception of the temperaments was based and discusses their connections to astrological and religious ideas. It also traces representations of melancholy in literature and the arts up to the sixteenth century, culminating in a landmark analysis of Dürer's most famous engraving, Melencolia I. This edition features Raymond Klibansky's additional introduction and bibliographical amendments for the German edition, as well as translations of source material and 155 original illustrations. An essay on the complex publication history of this pathbreaking project - which almost did not see the light of day - covers more than eighty years, including its more recent heritage. Making new a classic book that has been out of print for over four decades, this expanded edition presents fresh insights about Saturn and Melancholy and its legacy as a precursor to modern interdisciplinary studies.

Le Songe Du Vieil Pelerin Springer

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage

before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

The Hidden History of Elves and

Dwarfs Open Book Publishers

Holbein's famous life-size double portrait 'The Ambassadors' is one of the best known of his surviving works. Yet the subject matter has always presented intriguing problems. Who precisely were the two ambassadors of the title? Why did they choose to be painted together - with an array of globes, astronomical and musical instruments, books and other objects placed on shelves between them, a skull concealed in the foreground of the painting, and a crucifix partially hidden behind a curtain? The recent careful cleaning and restoration of 'The Ambassadors' has enabled an art historian, conservator, and scientist at the National Gallery in London to collaborate on a thorough study of the making and meaning of this painting.

Education in Haiti Desclée De Brouwer

A collection of tales from the Middle Ages that reveal voyages to Heaven and Hell, the realm of the Faery, mystical lands, and encounters with mythic beasts • Shares travelers' accounts of voyages into the afterlife, alarming creatures of unparalleled strangeness, encounters with doppelgangers and angels, chivalric romantic misadventures, and legends of heroes • Explains how travelers' tales from the Middle Ages drew on geographies, encyclopedias, travel accounts, bestiaries, and herbals for material to capture the imagination of their audiences • Includes rare illustrations from incunabula and medieval manuscripts

Heading off to discover unknown lands was always a risky undertaking during the Middle Ages due to the countless dangers lying in wait for the traveler--if we can believe what the written accounts tell us. In the medieval age of intercontinental exploration, tales of sea monsters, strange hybrid beasts, trickster faeries, accidental trips to the afterlife, and peoples as fantastic and dangerous as the lands they inhabited abounded. In this curated collection of

medieval travelers' tales, editors Claude and Corinne Lecouteux explain how the Middle Ages were a melting pot of narrative traditions from the four corners of the then-known world. Tales from this period often drew on geographies, encyclopedias, travel accounts, bestiaries, and herbals for material to capture the imagination of their audiences, who were fascinated by the wonders being discovered by explorers of the time. Accompanied by rare illustrations from incunabula and medieval manuscripts, the stories in this collection include voyages into the afterlife, with guided tours of Hell and glimpses of Heaven, as well as journeys into other fantastic realms, such as the pagan land of the Faery. It also includes accounts from travelers such as Alexander the Great of alarming creatures of unparalleled strangeness, encounters with doppelgangers and angels, legends of heroes, and tales of chivalric romantic misadventures, with protagonists swept to exotic new places by fate or by quest. In each story, the marvelous is omnipresent, and each portrays the reactions of the protagonist when faced with the unknown. Offering an introduction to the medieval imaginings of a wondrous universe, these tales reflect the dreams and beliefs of the Middle Ages' era of discovery and allow readers to survey mythic geography, meet people from the far ends of the earth, and experience the supernatural.

The Juggler of Notre Dame and the Medievalizing of Modernity Simon and Schuster

Nouveau dictionnaire des gauchers

L'AGE D'HOMME

A comprehensive examination of the intertwined mythology, folklore, and literary history of the little people • Explores the pagan roots of dwarfs and elves and their evolution in myth and literature • Reveals the role the church played in changing them from fearless, shape-shifting warriors with magical powers into cheerful helpmates and cute garden gnomes • Traces their history from ancient Celtic and Germanic lore through their emergence in the literature of the Middle Ages to their modern popularization by the Brothers Grimm and Walt Disney Most people are familiar with the popular image of elves as Santa's helpers and dwarfs as little bearded men wearing red caps, who are mischievous and playful, helpful and sly, industrious and dexterous. But their roots go far deeper than their appearance in fairy tales and popular stories. Elves and dwarfs are survivors of a much older belief system that predates Christianity and was widespread throughout Western Europe. Sharing his extensive analysis of Germanic and Norse legends, as well as Roman, Celtic, and medieval literature, Claude Lecouteux explores the ancient, intertwined history of dwarfs and elves. He reveals how both were once peoples who lived in wild regions as keepers of the secrets of nature. They were able to

change their size at will and had superhuman strength and healing powers. They were excellent smiths, crafting swords that nothing could dull as well as magical jewelry, and often entered into the service of lords or heroes. They were a part of the everyday life of our ancestors before they were transformed by fairy tales and church texts into the mythical creatures we know today. Lecouteux shows how, in earlier folklore, elves and dwarfs were interchangeable, gradually evolving over time to express very different kinds of beings. "Dwarf," "giant," and even "elf" did not necessarily connote size but referred to races with different skills. Elves were more ethereal, offering protection and kindness, while dwarfs reflected a more corporeal form of spirit, often appearing as messengers from the underworld. Yet dwarfs and elves could be bargained with, and our ancestors would leave a broken object outside the door at night with the hope that a dwarf or elf (or other local spirit) would repair it. Revealing the true roots of these helpful and powerful beings, including an in-depth exploration of one of the most famous dwarf/elf/fairy beings of the Middle Ages, Auberon or Oberon, also known as Alberich, Lecouteux shows how the magic of dwarfs and elves can be rekindled if we recognize their signs and invite them back into our world.
