Since its introduction to Hawai'i in 1879, the 'ukulele has been many things: a symbol of an island paradise; a tool of political protest; an instrument central to a rich musical culture; a musical joke; a highly sought-after collectible; a cheap airport souvenir; a lucrative industry; and the product of a remarkable synthesis of western and Pacific cultures. The 'Ukulele: A History explores all of these facets, placing the instrument for the first time in a broad historical, cultural, and musical context. Drawing on a wealth of previously untapped sources, Jim Tranquada and John King tell the surprising story of how an obscure four-string folk guitar from Portugal became the national instrument of Hawai'i, of its subsequent rise and fall from international cultural phenomenon to “the Dangerfield of instruments,” and of the resurgence in popularity (and respect) it is currently enjoying among musicians from Thailand to Finland. The book shows how the technologies of successive generations (recorded music, radio, television, the Internet) have played critical roles in popularizing the 'ukulele. Famous composers and entertainers (Queen Liliuokalani, Irving Berlin, Arthur Godfrey, Paul McCartney, SpongeBob SquarePants) and writers (Rudyard Kipling, Jack London, P. G. Wodehouse, Agatha Christie) wind their way through its history—as well as a host of outstanding Hawaiian musicians (Ernest Kaai, George Kia Nahaolelua, Samuel K. Kamakaia, Henry A. Peelua Bishaw). In telling the story of the 'ukulele, Tranquada and King also present a sweeping history of modern Hawaiian music that spans more than two centuries, beginning with the introduction of western melody and harmony by missionaries to the Hawaiian music renaissance of the 1970s and 1980s.

**The Curse of Lono** Oceanview Publishing

The New York Times–bestselling author delivers “a riveting saga about Big Sugar flexing its imperialist muscle in Hawaii . . . A real gem of a book”

(Douglas Brinkley, author of American Moonshot). Deftly weaving together a memorable cast of characters, Lost Kingdom brings to life the clash between a vulnerable Polynesian people and relentlessly expanding capitalist powers. Portraits of royalty and rogues, sugar barons, and missionaries combine into a sweeping tale of the Hawaiian Kingdom’s rise and fall. At the center of the story is Lili’uokalani, the last queen of Hawai’i. Born in 1838, she lived through the nearly complete economic transformation of the islands. Lucrative sugar plantations gradually subsumed the majority of the land, owned almost exclusively by white planters, dubbed the “Sugar Kings.” Hawai’i became a prize in the contest between America, Britain, and France, each seeking to expand their military and commercial influence in the Pacific. The monarchy had become a figurehead, victim to manipulation from the wealthy sugar plantation owners. Lili’u was determined to enact a constitution to reinstate the monarchy’s power but was outmaneuvered by the United States. The annexation of Hawai’i had begun, ushering in a new century of American imperialism. “An important chapter in our national history, one that most Americans don’t know but should.” —The New York Times Book Review “Siler gives us a riveting and intimate look at the rise and tragic fall of Hawaii’s royal family . . . A reminder that Hawaii remains one of the most breathtaking places in the world. Even if the kingdom is lost.” —Fortune “[A] well-researched, nicely contextualized history . . . [Indeed] ‘one of the most audacious land grabs of the Gilded Age.’” —Los Angeles Times

In an exhilarating tale of historic adventure, the Pulitzer Prize-winning author of Confederates in the Attic retraces the voyages of Captain James Cook, the Yorkshire farm boy who drew the map of the modern world Captain James Cook's three epic journeys in the 18th century were the last great voyages of discovery. His ships sailed 150,000 miles, from the Artic to the Antarctic, from Tasmania to Oregon, from Easter Island to Siberia. When Cook set off for the Pacific in 1768, a third of the globe remained blank. By the time he died in Hawaii in 1779, the map of the world was substantially complete. Tony Horwitz vividly recounts Cook's voyages and the exotic scenes the captain encountered: tropical orgies, taboo rituals, cannibal feasts, human sacrifice. He also relives Cook's adventures by following in the captain's wake to places such as Tahiti, Savage Island, and the Great Barrier Reef to discover Cook's embattled legacy in the present day. Signing on as a working crewman aboard a replica of Cook's vessel, Horwitz experiences the thrill and terror of sailing a tall ship. He also explores Cook the man: an impoverished farmboy who broke through the barriers of his class and time to become the greatest navigator in British history. By turns harrowing and hilarious, insightful and entertaining, BLUE LATITUDES brings to life a man whose voyages helped create the 'global village' we know today.

The federal government wastes your tax dollars worse than a drunken sailor on shore leave. The 1984 Grace Commission uncovered that the Department of Defense spent \$640 for a toilet seat and \$436 for a hammer. Twenty years later things weren't much better. In 2004, Congress spent a record-breaking \$22.9 billion dollars of your money on 10,656 of their pork-barrel projects. The war on terror has a lot to do with the record \$413 billion in deficit spending, but it's also the result of pork over the last 18 years the likes of: - \$50 million for an indoor rain forest in Iowa - \$102 million to study screwworms which were long ago eradicated from American soil - \$273,000 to combat goth culture in Missouri - \$2.2 million to renovate the North Pole (Lucky for Santa!) - \$50,000 for a tattoo removal program in California - \$1 million for ornamental fish research Funny in some instances and jaw-droppingly stupid and wasteful in others, The Pig Book proves one thing about Capitol Hill: pork is king!

Hawaiian Women's Fashions: Kapa, Cotton and Silk traces the history of the clothing worn by the women of Hawaii. The description moves from the traditional kapa pa'u and natural adornments worn by the first settlers in the Hawaiian Islands, through clothing worn during the early interactions with Westerners following Captain James Cook's discovery of Hawaii, to the time when royal women carried out their social duties in fancy, expensive European gowns of silk and velvet and to the present-day fashions created by Hawaiian designers.

A wild ride to the dark side of Americana. Hunter S. Thompson's and Ralph Steadman's most eccentric book "The Curse of Lono" is to Hawaii what "Fear and Loathing" was to Las Vegas: the crazy tales of a journalist's "coverage" of a news event that ends up being a wild ride to the dark side of Americana. Originally published in 1983, "The Curse of Lono" features all of the zany, hallucinogenic wordplay and feral artwork for which the Hunter S. Thompson/Ralph Steadmanduo became known and loved. This curious book, considered an oddity among Hunter's oeuvre, was long out of print, prompting collectors to search high and low for an original copy. TASCHEN's signed, limited edition sold out before the book even hit the stores--this unlimited version, in a different, smaller format, makes "The Curse of Lono" accessible to everyone.

**#1 NEW YORK TIMES BESTSELLER** • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's *Unbroken* and the upcoming *Unbroken: Path to Redemption*. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."—*The Wall Street Journal* "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurbly adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—*New York* "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—*People* "A meticulous, soaring and beautifully written account of an extraordinary life."—*The Washington Post* "Ambitious and powerful . . . a startling narrative and an inspirational book."—*The New York Times Book Review* "Marvelous . . . *Unbroken* is wonderful twice over, for the tale it tells and for the way it's told. . . . It manages maximum velocity with no loss of subtlety."—*Newsweek* "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."—*Maureen Corrigan, Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter's pace."—*Time* "*Unbroken* is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it."—*Christopher McDougall, author of Born to Run*
