Acquiring, retaining, and developing clients are the major steps for any successful business; failure to accomplish these steps is the major reason many professionals and firms fail to achieve their full potential. The financial services industry is currently facing its biggest challenge: increased competition; smarter buyers who want to deal with professionals instead of sales people; and the emergence of social media, including Facebook, Twitter, LinkedIn, and Google. The Financial Sales Handbook: A Guide to Become a Top Producer is for experienced professionals as well as for those who want to make the transition from managing work to more effective selling. The book is also for professionals who want to sharpen their skills. It is intended as the nucleus for corporate training programs as well as for self-employed professionals who must market and sell to stay in business.

'Fascinating' Stylist magazine 'A powerful reminder that we cannot discuss 'wellness' without also talking about the elephant in the room: money. This book isn't just about getting reconnected with a helpful app or spreadsheet but something much more important than that: it will inspire you to reconnect with yourself.' Emma Gannon Financial Wellness and How to Find It takes finance out of the business pages and into our personal lives. It tells us that the way we think about money has a lot to do with the way we think about ourselves, and the stories we believe about what we deserve. When you feel bad about money, it's hard to feel good about life. We focus on health and wellness as essential for happiness, but so often we choose to bury our heads in the sand when it comes to taking positive action over our finances. Financial wellness doesn't mean being rich, having a portfolio of stocks and shares, or being #debtfree. It's about understanding your emotions around money, knowing who you can turn to for support and being aware of your subconscious beliefs about self-worth. Melanie Eusebe, founder of Money Moves, shares the tools and resources you need to reset your relationship with money, and take charge of your financial happiness, whatever your situation, and regardless of the economy. Financial Wellness and How to Find It is empowering and essential reading for anyone who ever earned a paycheck (and spent it).

The Back Office Restaurant Accounting Guide You've Been Searching for! Restaurants are notorious for their low margins and even lower success rates. It's no surprise that restaurant owners and operators are usually stressed out. Many wonder if they can ever truly break the cycle of a runaway payroll or ever-increasing food and beverage costs. It's no surprise that it's sometimes easier to quit than to push through. However, I argue that with the right support and know-how, owners and operators can set up and successfully execute all of their back-office tasks. With the help of my guide, anyone can run the balanced-book restaurant of their dreams. QuickBooks for Restaurants - A Bookkeeping and Accounting Guide shows restaurant owners and operators how QuickBooks software can be leveraged for restaurant success. I explain QuickBooks fundamentals, including sales tracking, purchasing, bill paying, invoicing, managing day-to-day liabilities, gift certificate tracking, cash management, detailed reporting, and more. I also guide owners and operators through the process of accounting for sales, payroll, inventory and more. Ultimately, I show owners and operators how to create the accurate financials and reporting that will enable them to make better informed, data-driven decisions. Inside, learn: How to record daily sales and payroll entries How to understand and navigate the regular accounts payable cycle How to manage day-to-day liabilities How to conquer restaurant inventory How to generate and understand key restaurant reports ZACHARY WEINER is a full-time business consultant helping small- to medium-sized businesses achieve their financial and operational goals. He specializes in restaurants, hospitality, startups, and real estate from pre-revenue to annual revenue of up to tens of millions of dollars. An entrepreneur and an economist by training, Zachary has written numerous bestselling books and guides that have helped thousands of small business owners and operators better manage their finances. His newest book brings a new and easy-to-understand perspective to the world of restaurant accounting.
