With its massive faces, punishing rocks, and treacherous currents, Maverick's presents a surfing challenge like no other. Author Matt Warshaw has updated his critically acclaimed illustrated history of Maverick's to cover important recent developments, and we've added a fresh new cover to kick this edition off in style. "A fascinating account," to quote Surfer magazine, it takes "a cue from Sebastian Junger's The Perfect Storm...Warshaw focused on a single event...and expands on it to illuminate an entire culture and its world beyond waves." The event was the death of celebrated surfer Mark Foo, one of those who congregate every winter to test themselves in the dark, foreboding waters. And what unfolds in Maverick's is no less than the story of big-wave surfing, from its ancient Hawaiian origins to modern tow-in riders. It's a book to be enjoyed not only by those who surf deep in the waves, but also by those whose taste for adventure is satisfied deep in the pages of a very good book.

The metaphors have always been there: Ebbs and flows. Riding high. The reward of the ocean crest. The risk of the eventual crash. Like the ocean, the marketplace is constantly changing, causing the buttoned-up businessperson to oftentimes feel like a sun-burned, sand-encrusted surfer trying desperately to ride his next barrel. So maybe before taking your next venture out into the cresting and crashing marketplace ocean, there are some lessons to learn from the experts: surfers! Like successful entrepreneurs, big-wave surfers rely on preparation, passion, and persistence--and they relish a challenge. So it's no surprise that countless surfers have pioneered products and launched thriving businesses, including GoPro Cameras, O'Neill, Reef, and Quiksilver. Packed with stories of surf innovators, entrepreneurs, and legends, *Make Your Own Waves* reveals 10 rules of the water that the successful entrepreneur must adhere to as well, including:\* Learn to swim--the basics set the stage for everything\* Get wet--you can't succeed if you stay on the beach\* Always look "outside"--watch for what's coming or you may miss a better opportunity\* Commit, charge, shred--you have to go all out to be all in\* Never turn your back on the ocean--always stay in touch with the marketplace and the customer\* Stay stoked--desire drives success\* And more! Even the best surfers fall, but they learn from their wipeouts and paddle back out to once again push the edge, knowing that with big waves come big opportunities. Don't just sit on the beach. Grab your board and get in!
