Master the Shiny web framework—and take your R skills to a whole new level. By letting you move beyond static reports, Shiny helps you create fully interactive web apps for data analyses. Users will be able to jump between datasets, explore different subsets or facets of the data, run models with parameter values of their choosing, customize visualizations, and much more. Hadley Wickham from RStudio shows data scientists, data analysts, statisticians, and scientific researchers with no knowledge of HTML, CSS, or JavaScript how to create rich web apps from R. This in-depth guide provides a learning path that you can follow with confidence, as you go from a Shiny beginner to an expert developer who can write large, complex apps that are maintainable and performant. Get started: Discover how the major pieces of a Shiny app fit together Put Shiny in action: Explore Shiny functionality with a focus on code samples, example apps, and useful techniques Master reactivity: Go deep into the theory and practice of reactive programming and examine reactive graph components Apply best practices: Examine useful techniques for making your Shiny apps work well in production

Cases Materials on the Carriage of Goods by Sea includes a

collection of legislative material, standard form contracts and up-to-date coverage of English case law. It covers the major areas of chartering and bills of lading, as well as matters such as exclusion and limitation of liability. This edition has been comprehensively updated and adds the latest cases to its strong coverage of classic authorities. Notable additions in the chapters dealing with bills of lading include *The Starsin*, *The Rafaela S*, *Motis Exports* and *The David Agmashenebeli*. On the Carriage of Goods by Sea Act 1924, the important decisions of *The Berge Sisar* and *East West Corp* are incorporated, while key recent decisions on chartering, such as *The Hill Harmony*, *The Happy Day* and *The Stolt Spur* are fully treated. This book provides an up-to-date collection of materials relating to the carriage of goods by sea which will be of value to both students of law and legal practitioners.

The Borough Law Sphinx

Legal
Comic Books Incorporated tells the story of the US comic book business, reframing the history of the medium through an industrial and transmedial lens. Comic books wielded their influence from the margins and in-between spaces of the entertainment business for half a century before moving to the center of mainstream film and television production. This extraordinary history begins at the medium's origin in the 1930s, when comics were a reviled, disorganized, and lowbrow mass medium, and surveys critical moments along the way—market crashes, corporate takeovers, upheavals in distribution, and financial transformations. Shawna Kidman concludes this revisionist history in the early 2000s, when Hollywood had fully incorporated comic book properties and strategies into its business models and transformed the medium into the heavily exploited, exceedingly corporate, and yet highly esteemed niche art form we know so well today.

In today's economy, corporations enjoy many advantages over other business organizations, such as proprietorships or partnerships. But is corporate designation really appropriate for you and your business? How to Incorporate and Start a Business covers every aspect of incorporation. Each book in the series offers specific information on a single state -- so that readers get

the information they need about their state's regulations and business conditions. Readers will literally be able to start up and run a business just by following the guidelines in each book. Each volume includes general information on starting and operating your business, beginning with the how and why to incorporate, federal rules and regulations that must be followed regarding tax strategies and employee relations, and the "brass tactics" involving getting business insurance, tax help, and hiring an attorney when you really need one. Most important, there is fully comprehensive, state-specific information, complete with all of the necessary forms that need to be filed. The state sections highlight whether your state recognizes the "S" corporation, state regulations regarding licensing, excise taxes, and buying an existing business; and state laws that oversee each type of corporation or partnershi

A summary of state campaign finance laws with quick reference charts for the U.S. territories and possessions.

The Smithsonian Institution

Form a corporation in any state, quickly and easily Forming a corporation has many advantages, and with the step-by-step instructions in this book, the process is straightforward and easy to accomplish. Incorporate Your Business clearly explains how to form a corporation in any state. It includes all the sample forms and information you need to prepare articles of incorporation and bylaws. It also fully discusses the advantages and tax consequences of incorporating your business, including: Limited liability: Business owners limit their personal liability by incorporating, because they aren't responsible for business debts and court judgments. Tax advantages: Especially for smaller businesses, the ability to split income between yourself and your corporation can significantly lower your overall tax burden. Employee perks: Owners of a corporation who also work for it can take advantage of significant financial benefits like equity plans, stock options, corporation-paid insurance, and more. With Downloadable Forms: the latest forms are included both in the book and online at Nolo.com (details inside).
