Kindred Simon and Schuster

The core argument of Jean Anyon's classic *Radical Possibilities* is deceptively simple: if we do not direct our attention to the ways in which federal and metropolitan policies maintain the poverty that plagues communities in American cities, urban school reform as currently conceived is doomed to fail. With every chapter thoroughly revised and updated, this edition picks up where the 2005 publication left off, including a completely new chapter detailing how three decades of political decisions leading up to the "Great Recession"

produced an economic crisis of epic proportions. By tracing the root causes of the financial crisis, Anyon effectively demonstrates the concrete effects of economic decision-making on the education sector, revealing in particular the disastrous impacts of these policies on black and Latino communities. Going beyond lament, *Radical Possibilities* offers those interested in a better future for the millions of America's poor families a set of practical and theoretical insights. Expanding on her paradigm for combating educational injustice, Anyon discusses the Occupy Wall Street movement as a recent example of popular resistance in this new

edition, set against a larger framework of civil rights history. A ringing call to action, *Radical Possibilities* reminds readers that throughout U.S. history, equitable public policies have typically been created as a result of the political pressure brought to bear by social movements. Ultimately, Anyon's revelations teach us that the current moment contains its own very real radical possibilities. **Becoming Naomi Leon (Scholastic Gold)** Farrar, Straus and Giroux (BYR) Pattie and her family are among the last refugees to flee a dying Earth in an old spaceship. And when the group finally lands on the distant planet which is to be their new home, it seems that the four-year

journey has been a success. But as they begin to settle this shiny new world, they discover that the colony is in serious jeopardy. Nothing on this planet is edible, and they may not be able to grow food. With supplies dwindling, Pattie and her sister decide to take the one chance that might make life possible on Shine.

First Day, Hooray! Faber & Faber

Two young boys encounter the best and worst of humanity during the Holocaust in this powerful read that USA Today called "as memorable an introduction to the subject as *The Diary of Anne Frank*." Berlin, 1942: When Bruno returns home from school one day, he discovers that his belongings are being packed in crates. His father has received a promotion and the family must move to a new house far, far away, where there is no one to play with and nothing to do. A tall fence stretches as far as the eye can see and cuts him off from the strange people in the distance. But Bruno longs to be an explorer and decides that there must be more to this desolate new place than meets the

eye. While exploring his new environment, he meets another boy whose life and circumstances are very different from his own, and their meeting results in a friendship that has devastating consequences.

Brand-new shoes, her very own lunchbox, and just the thought of a whole room filled with kids! No wonder Ivy Green can't wait for school to start tomorrow. But she is also a little worried. What if she misses the bus? How will she find Ms. Bell's room? Although she doesn't know it, Ivy isn't the only one who is nervous. Miss Wheeler, the bus driver; Mr. Handy, the custodian; Ms. Bell, her teacher; and even Mr. Masters, the principal, are all scrambling to prepare for the big day. Will they all be ready in time? Nancy Poydar's exuberant paintings and reassuring story capture the anticipation, the apprehensions, and the excitement of the first day of school.

Facing the Lion DigiCat

Joseph Lemasolai Lekuton gives American kids a firsthand look at growing up in Kenya as a member of a tribe of nomads whose livelihood centers on the raising and grazing of cattle. Readers share Lekuton's first encounter with a lion, the epitome of bravery in the warrior tradition. They follow his mischievous antics as a young Maasai cattle herder, coming-of-age initiation, boarding school escapades, soccer success, and journey to America for college. Lekuton's riveting text combines exotic details of nomadic life with the universal experience and emotions of a growing boy.

The Writing Revolution

ReadHowYouWant.com
A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful

future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

The New York Times bestselling author's time-travel classic that makes us feel the horrors of American slavery and indicts our country's lack of progress on racial reconciliation The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (Watchmen), executive producers also include Joe Weisberg and Joel Fields (The Americans, The Patient), and Darren Aronofsky (The Whale). Janicza Bravo (Zola) is director and an executive producer of the pilot. Kindred stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th

birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's The Underground Railroad and Ta-Nehisi Coates's The Water Dancer, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, Kindred is controlled and precise" (New York Times).

Mr. Abraham Adams

Yearling

Leon Leyson (born Leib Lezjon) was only ten years old when the Nazis invaded Poland and his family was forced to relocate to the Krakow ghetto. With incredible luck, perseverance and grit, Leyson was able to survive the sadism of the Nazis, including that of the demonic Amon Goeth, commandant of Plaszow, the concentration camp outside Krakow.

Ultimately, it was the generosity and cunning of one man, a man named Oskar Schindler, who saved Leon Leyson's life, and the lives of his mother, his father, and two of his four siblings, by adding their names to his list of workers in his factory - a list that became world renowned: Schindler's List. This, the only memoir published by a former Schindler's List child, perfectly captures the innocence of a small boy who goes through the unthinkable. Most notable is the lack of rancour, the lack of venom, and the abundance of dignity in Mr Leyson's telling. The Boy on the Wooden Box is a legacy of hope, a memoir unlike anything you've ever read.

made of." --School Library Journal, starred review

Real Frank Zappa Book

Called "remarkable" (The Wall Street Journal) and "an ambitious, colossal debut novel" (Publishers Weekly), Helen DeWitt's *The Last Samurai* is back in print at last. Helen DeWitt's 2000 debut, *The Last Samurai*, was "destined to become a cult classic" (Miramax). The enterprising publisher sold the rights in twenty countries, so "Why not just, 'destined to become a classic?'" (Garth Risk Hallberg) And why must cultists tell the uninitiated it has nothing to do with Tom Cruise? Sibylla, an American-at-Oxford turned loose on London, finds herself trapped as a single mother after a misguided one-night stand. High-minded principles of child-rearing work disastrously well. J. S. Mill (taught Greek at three) and Yo Yo Ma (Bach at two) claimed the methods would work with any child; when these succeed with the boy Ludo, he causes havoc at school and is home again in a month. (Is he a prodigy, a genius? Readers looking over Ludo's shoulder find themselves easily reading Greek and more.) Lacking

male role models for a fatherless boy, Sibylla turns to endless replays of Kurosawa's masterpiece *Seven Samurai*. But Ludo is obsessed with the one thing he wants and doesn't know: his father's name. At eleven, inspired by his own take on the classic film, he sets out on a secret quest for the father he never knew. He'll be punched, sliced, and threatened with retribution. He may not live to see twelve. Or he may find a real samurai and save a mother who thinks boredom a fate worse than death.

Black Boy [Seventy-fifth Anniversary Edition] Standard Ebooks
A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at

Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Besides being a general and the first president of the United States, did you know that George Washington was also a farmer? Here's a look at America's first President as he's rarely seen.

George Washington was the first leader of our country—but he was also an inventor, scientist, and the most forward-thinking farmer of his time. As he worked to make the new country independent, he also struggled to create a

self-sufficient farm at Mount Vernon, Virginia. Excerpts from Washington's writings are featured throughout this nonfiction picture book, which also includes a timeline, resource section, as well as essays on Washington at Mount Vernon and his thoughts on slavery. Both the author and illustrator worked closely with the staff of Mount Vernon Estate & Gardens to render an accurate portrait of Farmer George at work.
