Tuttle Learner's Chinese-English Dictionary Tuttle Publishing
"Easy Learning: Chinese Characters" is designed for English speakers or anyone who has a good command of the English language. Unlike Chinese speakers, English speakers are used to a phonetic writing system, that is—"what they read is what they hear". When they see an English word, they expect its letters to tell them the pronunciation and recognize its meaning. Thus English speakers find Chinese characters to be too complicated and confusing because they cannot pronounce them easily. Without a phonetic system, they have to find the pronunciations through pinyin and then find the meaning. Therefore, English speakers think they need extra time to learn to connect the graphic shapes of Chinese characters with their pronunciation. So learning the Chinese language can seem like learning two different languages: one for listening and speaking, and the other for reading and writing. However, if you can master the methods of learning Chinese characters in this book, you will get twice the results with half the effort! "Easy Learning: Chinese Characters" can make your Chinese character learning process easy and fun! It is intended to be an intensive course book for English speakers who have just started to learn Chinese writing. Anyone who has pinyin as a foundation can study this book by themselves. This book has 86 lessons in total with detailed explanations of 550 basic Chinese characters and over 2400 Chinese words and

phrases. This gives learners the foundation from which they can expand to read the 4000 basic Chinese characters. With basic knowledge of the evolutionary history of Chinese characters, learners will gain a brand new perspective and profound understanding during the learning process. Over 90% of the characters in "Easy Learning: Chinese Characters" are accompanied with pictures showing how the character evolved from its original shape to its current simplified form. Only less than 1% of the characters in this book may need to be memorized mechanically but even they are provided with vivid pictures to help remember them. All of the characters, words and phrases are provided with detailed pronunciation in pinyin. So all the lessons taught in this book should be easily mastered by new learners. All languages are connected. Chinese is similar to English in numerous ways. Pictophonetic characters make up over 90% of all Chinese characters. By mastering the rules of pictophonetic characters, one can read most of the characters. Chinese radicals (the part of a Chinese character which represents its meaning) are like English monograms. Monograms represent the meaning of words, for example, words containing "astro" are mostly related to stars. "Easy Learning: Chinese Characters" focuses on teaching you to master basic character forms including pictographic characters, self-explanatory characters and ideographic characters. These make up the foundation of all characters. This book references several Chinese language sources in order to provide precise and detailed explanations of each character. These sources include: The Contemporary Chinese Dictionary, Advanced Chinese Characters Dictionary, Kangxi Dictionary and Shuowen Jiezi-Explaining Simple and Analyzing Compound Characters. With the help of "Easy Learning: Chinese Characters", learners will have the confidence to master Chinese reading and writing in a relatively short period of time.

Mandarin Vocabulary Book Random House Digital, Inc.
Chinese vocabulary book + Chinese dictionary This Chinese vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Chinese-English as well as English-Chinese dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Chinese learning resource is a combination of Chinese vocabulary book and a two-way basic Chinese dictionary: Part 1 - Topic based Chinese vocabulary book: This is the main part of the book and represents a list of chapters each containing Chinese vocabularies for a certain topic. The Chinese vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Chinese dictionary: The index in the second half of the book can be used as a basic Chinese dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Chinese-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Chinese words and directly find the English translation How to use this Chinese vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Chinese dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Chinese translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Chinese dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Chinese and comes in particularly handy at times when there is no internet to look up words and phrases.

Tuttle Concise Chinese Dictionary Tuttle Publishing
Collins English to Mandarin Chinese (One Way) Dictionary allows you to look up Chinese words instantly while reading on your Kindle. Its clear layout allows for fast and easy access when you most need it. An ideal e-reading companion for all learners. *Collins Essential Chinese Dictionary* Tuttle Publishing
This highly-visual book introduces an effective new method for learning Chinese characters using visual stimuli and pictographs. Learning the basic characters used to write even simple Chinese sentences can be a long and arduous process. Chinese Characters Made Easy makes the learning process fun and easy by presenting the 1,000 most common characters using a new mnemonic approach that associates each character with a memorable visual and verbal clue—making memorization easy. The character for person, for example, is superimposed over a sketch of a man representing "a person standing on two legs"—drawing the reader's attention to the distinctive shape of the character and associating the sketch with the character's meaning. The Chinese characters are presented in groups or clusters all sharing common elements and meanings, for context and ease of identification. These groups of characters all share common root symbols known as radicals, or relate to a particular theme or topic such as colors, numbers, animals, or body parts. Pronunciations, meanings and vocabulary compounds are provided for each character in the group. A free audio CD provides native-speaker pronunciations for all the characters and their associated vocabulary. A short introduction explains the history and structure of the Chinese writing system. This Chinese character book's visual approach is a powerful learning tool. It can be used by serious students and is entertaining and useful to general readers who are curious about how the Chinese writing system works and how it developed.
