The students, and faculty, are under threat and Allie's family - from her mysterious grandma to her runaway brother - are at the centre of the storm. From the author of *The Running Dream* comes a heart-swelling historical tale of friendship, family, and the power of sisterhood to help heal the wounds of the past and step boldly into the future. Ginny Rose and Peggy were best friends at seven, picking peaches on hot summer days. Peggy's family owned the farm, and Ginny Rose's were pickers, escaping the Oklahoma dust storms. That didn't matter to them then, but now, ten years, hard miles, and a world war later, Ginny Rose's family is back in town and their differences feel somehow starker. Especially since Peggy's new best friend, Lisette, is a wealthy banker's daughter. Still, there's no denying what all three girls have in common: Families with great fissures that are about to break wide open. And a determination to not just accept things as they are anymore. This summer they will each make a stand. It's a season of secrets revealed. Of daring plans to heal old wounds. Of hearts won and hearts broken. A summer when everything changes because you're seventeen, and it's time to be bold. And because it's easier to be brave with a true friend by your side.

The Rev. James Long was one of the most remarkable Protestant missionaries working in India in the nineteenth century. Sent to Calcutta at the age of 22 in 1840, he devoted his life to representing what he passionately believed were the best interests of the forgotten poor and oppressed among the Bengali population. Long was a central figure in the indigo planting controversy of 1861 and suffered imprisonment as a result. His memory is revered even today in modern India, where his

contribution to the development of Bengali vernacular education, literature, history, and sociology is highly regarded. Dr Oddie has produced the first full-length biography of Rev Long, examining his work and activities in the context of his own background, philosophy and motivation as well as the political and cultural climate of the day. This book will add significantly to our knowledge of social movements in nineteenth century India and the colonial responses to them.

The year 1865 brought an end to the war in America, but it also ended a civilization that had existed for nearly two centuries in South Carolina. Plantations, churches, farms, factories and whole villages and towns were pillaged and burned by General William T. Sherman's army, and a once thriving and wealthy state was reduced to poverty. While Columbia burned, besieging Union troops swept in and occupied the undefended city of Charleston, which Sherman called "a mere desolated wreck," and then launched raids into the surrounding countryside, including the rich plantation lands of Berkeley County. The surviving records of this period are numerous and revealing, and author Karen Stokes presents many of the eyewitness accounts and memoirs of those who lived through it.

The voices of rural midwestern women are missing from the relatively new field of Civil War-era women's history. This growing literature has focused on women of the Confederacy, and the voice of northern women traditionally only subsumes those in urban settings or of the middleclass who participated in aid societies. Rural northern women, especially from the Midwest, are largely absent from scholarly publications. When *Slavery and Rebellion Are Destroyed* makes a groundbreaking contribution to the comprehension of gender issues by making an extensive collection of intimate letters between Ellen Preston Woodworth and her husband, Samuel, accessible to the scholarly field and all readers interested in the Civil War, homefront challenges, military family struggles, and gender roles. The journal collection of this correspondence invites comparison between Ellen's encounters with Indigenous peoples in her rural, recently settled community and Samuel's experiences with African Americans in the Deep South-unique in such a collection of letters. Wife and husband also delve into spiritual matters as they confront their lengthy separation. Scholars will find value in Samuel's service in a "construction battalion" that is frequently in harm's way. The national struggle over slavery and freedom becomes personal for this couple and is revealed powerfully to the reader.

An in-depth exploration of the flight of young Jewish women from their Orthodox homes during the late nineteenth and early twentieth centuries *The Rebellion of the Daughters* investigates the flight of young Jewish women from their Orthodox, mostly Hasidic, homes in Western Galicia (now Poland)

in the late nineteenth and early twentieth centuries. In extreme cases, hundreds of these women sought refuge in a Kraków convent, where many converted to Catholicism. Those who stayed home often remained Jewish in name only. Relying on a wealth of archival documents, including court testimonies, letters, diaries, and press reports, Rachel Manekin reconstructs the stories of three Jewish women runaways and reveals their struggles and innermost convictions. Unlike Orthodox Jewish boys, who attended "cheders," traditional schools where only Jewish subjects were taught, Orthodox Jewish girls were sent to Polish primary schools. When the time came for them to marry, many young women rebelled against the marriages arranged by their parents, with some wishing to pursue secondary and university education. After World War I, the crisis of the rebellious daughters in Kraków spurred the introduction of formal religious education for young Orthodox Jewish women in Poland, which later developed into a worldwide educational movement. Manekin chronicles the belated Orthodox response and argues that these educational innovations not only kept Orthodox Jewish women within the fold but also foreclosed their opportunities for higher education. Exploring the estrangement of young Jewish women from traditional Judaism in Habsburg Galicia at the turn of the twentieth century, *The Rebellion of the Daughters* brings to light a forgotten yet significant episode in Eastern European history.
