Centered Publishing  
This set includes The Five

Love Languages and  
Things I Wish I'd Known  
Before We Got Married. In  
The Five Love Languages,  
#1 New York Times  
bestselling author Dr.  
Gary Chapman guides

couples in identifying,  
understanding, and  
speaking their spouse's  
primary love  
language—quality time,  
words of affirmation, gifts,  
acts of service, or physical

touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build

a lasting, loving marriage together. In *Things I Wish I'd Known Before We Got Married*, the author writes, "Most people spend far more time in preparation for their vocation than they do in preparation for marriage." No wonder the divorce rate hovers around fifty percent. Bestselling author and marriage counselor Gary Chapman hopes to change that with his newest book. Gary, with more than 35 years of experience counseling couples, believes that divorce is the lack of

preparation for marriage and the failure to learn the skills of working together as intimate teammates. So he put together this practical little book, packed with wisdom and tips that will help many develop the loving, supportive and mutually beneficial marriage men and women long for. It's the type of information Gary himself wished he had before he got married. The material lends itself to heart-felt discussions by dating or engaged couples. To jump-start the exchanges,

each short chapter includes insightful "Talking it Over" questions and suggestions. And, the book includes information on interactive websites as well as books that will enhance the couples experience. Dr. Chapman even includes a thought-provoking appendix. By understanding and balancing the five key aspects of life, dating couples can experience a healthy relationship. A revealing learning exercise is included at the end.

Bernadette and Norman

Smith have just

celebrated their fiftieth

wedding anniversary.

After all these years, they

are still romantic and in

love. They have four

children who all have

children of their own. The

children live in nearby Los

Angeles not far from the

retirement park where

Bernadette and Norman

are living. Of all the

grandchildren she has,

Bernadette has a favorite,

Eddie. She and Eddie, who

is a teenager when the

book begins, have many interests in common.

They love books, history and language. And Eddie

likes to help Bernadette

do small things like show

her how to use an iPod.

When setting up her

computer he scatters his

back pack belongings all

over the sofa in the study.

He hurriedly grabs them

up when his dad says it is

time to go. Bernadette

thinks that the study

could use a little change

of décor. As she slides the

sofa away from the wall

she discovers a book

wedged in between the

wall and the sofa. The book is *Infinite Jest* by David Foster Wallace. On the inside cover someone has written "Eddie's Bible". Bernadette believes that Eddie has left her this treasure -- a modern translation of the Bible specifically for young people. And she begins to read it. She doesn't tell anyone about the book, but it starts to influence her decisions and beliefs. As she is beginning her senescence, her mind is aging, too, and logic is fleeing. She, in fact, is

showing senility. How will the book influence her decisions about her children and grandchildren? How will it change how she copes and how she feels as old age begins to take its toll on both she and Norman. When their children have problems in their marriages and her grandchildren become unapproachable and her husband's health as well as her own begins to fail, how will "Eddie's Bible" help her, or will it at all? There are no quotes or references to Wallace's

book in this novel. The novel is not based on any of his work or on any work about him. And could there be a more odd selection of novels to even refer to in this more delicate story? Perhaps you will find out why I chose that book as you read.

This set includes The 5 Love Languages of Children and The 5 Love

Languages of Teenagers. In *The 5 Love Languages of Children*, the author examines the different languages your children speak. Sometimes they waver for your attention, and other times they ignore you completely. Sometimes they are filled with gratitude and affection, and other times they seem totally indifferent. Attitude. Behavior. Development. Everything depends on the love relationship between you and your child. When children feel loved, they do their best.

But how can you make sure your child feels loved? Since 1992, Dr. Gary Chapman's best-selling book *The Five Love Languages* has helped more than 300,000 couples develop stronger, more fulfilling relationships by teaching them to speak each others love language. Each child, too, expresses and receives love through one of five different communication styles. And your love language may be totally different from that of your child. While you are doing all

you can to show your child love, he may be hearing it as something completely opposite. Discover your child's primary language and learn what you can do to effectively convey unconditional feelings of respect, affection, and commitment that will resonate in your child's emotions and behavior. In *The 5 Love Languages of Teenagers*, Dr. Gary Chapman explores the world in which teenagers live; explains the developmental changes; and give tools to help you

identify and appropriately communicate in your teens love language. Socially, mentally, and spiritually teenagers face a variety of pressures and stresses each day. Despite these peer pressures; it is still parents who can influence teens the most. Are you equipped to love your teenager effectively? Get practical tips on loving your teen effectively and explore key issues in your teen's life including anger and independence. Finally learn how to set boundaries that are

enforced with discipline and consequences, and discover useful ways for the difficult task of loving when your teen fails. Get ready to discover how the principles of the five love languages can really work in the lives of your teens and family. Over 400,000 copies sold!

This grammar provides a synchronic grammatical description of Mauwake, a Papuan Trans-New Guinea (TNG) language of about

2000 speakers on the north coast of the Madang Province in Papua New Guinea. It is the first book-length treatment of the Mauwake language and the only published grammar of the Kumil subgroup to date. Relying on other existing published and unpublished grammars, the author shows how the language is similar to, or different from, related TNG languages especially in the Madang province. The grammar gives a brief introduction to the Mauwake people, their

environment and their culture. Although the book mainly covers morphology and syntax, it also includes a short treatment of the phonological system and the orthography. The description of the grammatical units proceeds from the words/morphology to the phrases, clauses, sentence types and clause combinations. The chapter on functional domains is the only one where the organization is based on meaning/function rather

than structure. The longest chapter in the book is on morphology, with verbs taking the central stage. The final chapter deals with the pragmatic functions theme, topic and focus. 13 texts by native speakers, mostly recorded and transcribed but some originally written, are included in the Appendix with morpheme-by-morpheme glosses and a free translation. The theoretical approach used is that of Basic Linguistic Theory. Language typologists and

professional Papuanist linguists are naturally one target audience for the grammar. But also two other possible, and important, audiences influenced especially the style the writing: well educated Mauwake speakers interested in their language, and those other Papua New Guineans who have some basic training in linguistics and are keen to explore their own languages.
