Chase's Calendar of Events 2019 Princeton Architectural Press
In 1888 the dreaded figure of Jack the Ripper stalked London's East End murdering prostitutes. His crimes set in motion a huge police operation and have held a dark fascination over the public's imagination for over a century, yet his identity has never been proved. Now, for the first time, two leading Ripper experts have joined forces to treat the case like a police investigation. Drawing on their unparalleled knowledge of the Jack the Ripper murders and their professional experience as police officers, they

uncover clues that have remained undetected for over a hundred years. There are five 'canonical' Ripper victims, yet Scotland Yard's 'Whitechapel Murders' files include another six suspected victims. Drawing the reader into the world of police investigation in Victorian London, Evans and Rumbelow reveal the conflict between the City and Metropolitan forces and the ridicule heaped on the police by the press. Investigating each murder, they conclude that only four of the eleven victims were actually killed by the Ripper. Perhaps most tellingly, they question the motives behind the destruction of evidence – particularly the message 'The Juwes are the men that will not be blamed for

nothing', which was chalked on the wall near one murder site and rubbed out on order of the Chief Commissioner – and ask whether the enigmatic Dr Robert Anderson, officer in charge of the investigation, knew the Ripper's true identity. Jack the Ripper: Scotland Yard Investigates strips away much of the nonsense that has accumulated since 1888 and reopens files on a case that will perhaps never be fully solved but will always fascinate.

 Since 1957, Chase's Calendar of Events lists everything worth knowing and celebrating for each day of the year: 12,500 holidays, historical milestones, famous birthdays, festivals, sporting events and much more. "The Oxford English Dictionary of holidays."-- NPR's Planet Money. *The Beatles* Little, Brown
 A legendary record producer and performer takes readers on an alphabetical journey of insights into the music of the Beatles and individual reminiscences of John, Paul, George, and Ringo. Peter Asher met the Beatles in the spring of 1963, the start of a lifelong association with the band and its members. He had a front-row seat as they elevated pop music into an art form, and he was present at the creation of some of the most iconic music of our times. Asher is also a talented musician in his own right, with a great ear for what was new and fresh. Once, when Paul McCartney wrote a song that John Lennon didn't think was right for the Beatles, Asher asked if he could record it. "A World Without Love" became a global No. 1 hit for his duo, Peter & Gordon. A

few years later Asher was asked by Paul McCartney to help start Apple Records; the first artist Asher discovered and signed up was a young American singer-songwriter named James Taylor. Before long he would be not only managing and producing Taylor but also (having left Apple and moved to Los Angeles) working with Linda Ronstadt, Neil Diamond, Robin Williams, Joni Mitchell, and Cher, among others. The Beatles from A to Zed grows out of his popular radio program "From Me to You" on SiriusXM's The Beatles Channel, where he shares memories and insights about the Fab Four and their music. Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter, but also on recurrent themes in the Beatles' music, the instruments they played, the innovations they pioneered, the artists who influenced them, the key people in their lives, and the cultural events of the time. Few can match Peter Asher for his fresh and personal perspective on the Beatles. And no one is a more congenial and entertaining guide to

their music.

Twenty years ago David
Sheff climbed the back
steps of the Dakota into
the personal thoughts and
dreams of John Lennon
and Yoko Ono. From the

kitchen to the studio and
up those fateful Dakota
steps, Sheff recorded 20
hours of tape, discussing
everything from childhood
to the Beatles. Sheff gives
a rare and last glimpse of
John and Yoko, one that
seemed to look beyond
the kitchen table to the
future of the world with
startling premonitions of
what was to come.

The acclaimed director of
such films as *Brideshead
Revisited* shares the story
of his youth and career,
providing coverage of
such topics as his
childhood as the son of
star Geraldine Fitzgerald,
his relationships with
Hollywood elite and the
allegations that Orson
Welles was his real father.
*Your Favorite Band Is
Killing Me* Bloomsbury
Publishing

One of Amazon's Best
Books of 2016 So Far
Music critic Steven Hyden
explores nineteen music
rivalries and what they
say about life Beatles vs.
Stones. Biggie vs. Tupac.
Kanye vs. Taylor. Who do
you choose? And what
does that say about you?
Actually--what do these
endlessly argued-about
pop music rivalries say
about us? Music opinions
bring out passionate

debate in people, and
Steven Hyden knows that
firsthand. Each chapter in
*YOUR FAVORITE BAND IS
KILLING ME* focuses on a
pop music rivalry, from
the classic to the very
recent, and draws
connections to the larger
forces surrounding the
pairing. Through Hendrix
vs. Clapton, Hyden
explores burning out and
fading away, while his
take on Miley vs. Sinéad
gives readers a glimpse
into the perennial battle
between old and young.
Funny and accessible,
Hyden's writing combines
cultural criticism, personal
anecdotes, and music
history--and just may
prompt you to give your
least favorite band
another chance.

 Play It Loud celebrates the musical instruments that gave rock and roll its signature sound. Seven engrossing essays by veteran music journalists and scholars discuss the technical developments that fostered rock's seductive riffs and driving rhythms; the evolution of the classic lineup of two guitars, bass, and drums; the thrilling innovations and expanded instrumentation musicians have explored to achieve unique effects; the powerful visual impact instruments have had; and the essential role they have played in the most memorable moments of rock and roll history. Abundant photographs depict rock's most iconic instruments—including Jerry Lee Lewis's baby grand piano, Chuck Berry's Gibson ES-350T

guitar, John Lennon's twelve-string Rickenbacker 325, Keith Moon's drum set, and the white Stratocaster Jimi Hendrix played at Woodstock—both in performance and as works of art in their own right. Produced in collaboration with the Rock and Roll Hall of Fame, this astounding book goes behind the music to offer a rare, in-depth look at the instruments that inspired the musicians and made possible the songs we know and love. *Looking Through You* Bridge Press
 By the spring of 1964, Toronto had the largest and most organized Beatles fan base in North America. *The Beatles in Canada: The Origins of Beatlemania!* finally tells the true story of how The Beatles' music and popularity began in Canada a full year before they landed in the U.S.A. Piers Hemmingsen provides a concise look at how radio stations, newspapers and television networks in Canada covered the phenomenon that was Beatlemania, and this digital edition is packed with full-colour images of the band, their travels, those they inspired, and an immense hoard of memorabilia

gathered along the way. 'After all these years, I still cannot comprehend where Piers gets his energy supply from. He has written four previous books about The Beatles and discovered an appreciative readership for all of them. However, to me this book, the one you are holding, is his breakthrough. Where it could have been an easy exercise with new information about the Fab Four, Piers has taken one large step forward. He is also able to incorporate the beginnings of the Canadian music industry. Through mainly focusing on one record company he has been able to capture the excitement of a young industry finding its way, competing with the giants in the United States. - Paul White, Capitol Records of Canada, 1957-1978 *Heaven was Detroit* Henry Holt and Company Global superstars BTS--or "Beyond the Scene"--is a 7-member South Korean boy band that has thrilled and ravished the hearts of millions since their debut in 2013. With their self-produced music and genuine fan interactions, BTS is the first and only Korean act to top the U.S. Billboard 200, and the first group since The

Beatles to earn three #1 albums in a year. Supported by legions of loyal fans, BTS has staked its place in pop music history, showing that this is just the beginning... This Photo collection offers over 25 pull out photographs and a bonus double sided poster.

Archigram Duke University Press With the publication of his first collection of short stories, "Doghouse Roses," singer, songwriter, and activist Earle reflects the many facets of his life and his hard-fought struggles--the defeats, and the eventual triumphs he has experienced during a career spanning three decades.
