Written and illustrated by a young girl who was sexually molested by a family member, this book reaches out to other children in a way that no adult can, Jessie's words carry the message, "It's o.k. to tell; help can come when you tell." This book is an excellent tool for therapists, counselors, child protection workers, teachers, and parents dealing with children affected by sexual abuse. Jessie's story adds a sense of hope for what should be, and the knowledge that the child protection system can work for children. Simple, direct, and from the heart, Jessie gives children the permission and the courage to deal with sexual abuse. "Please Tell!" is a beautifully simple book with a profoundly important message for children who have been sexually abused: the abuse wasn't their fault.

Written and illustrated by Jessie, herself a pre-teen survivor of sexual abuse, it tells kids just what to do to get the help they need." Kristin A. Kunzman, abuse therapist and author of *The Healing Way: Adult Recovery from Childhood Sexual Abuse*

In simple, powerful words and vibrant illustrations, Donald Crews evokes the rolling wheels of that childhood favorite: a train. This Caldecott Honor Book features bright colors and bold shapes. Even a child not lucky enough to have counted freight cars will feel he or she has watched a freight train passing after reading *Freight Train*. Donald Crews used childhood memories of trains seen during his travels to his grandparents' farm in the American South as the inspiration for this timeless favorite.

New York magazine's *The Strategist* chose *Freight Train* as one of the "Best (Nonobvious) Baby Books to Bring to a Shower." As *The Strategist* stated: "The Caldecott Honor Book is spare and minimal in both art and text and follows the journey of a freight train and all its cars until it rolls off the page and into the distance. It's a good way to learn all the different names of train cars, too."

Red caboose at the back, orange tank car, green cattle car, purple box car, black tender and a black steam engine . . . freight train.

What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more

relevant than ever. "It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, *The Washington Post Book World*
