Tamara de Lempicka's life and work are the subject of this volume. Her highly stylized paintings combine elements of Cubism and Realism and capture the sophisticated world in which she moved. The accompanying essays reveal how Lempicka's portraits helped articulate a new image of women.

Book-catalogue dedicated to the life and memorable Art Deco legacy of spirited artist Tamara de Lempicka (b. Poland 1898 - d. Cuernavaca, Mexico 1980), whose extraordinary artwork has been overshadowed by her excessive and wealthy lifestyle as baroness and European socialite. During her fascinating life critics were indifferent to her artwork and she was largely

ignored; in 1966 she was rediscovered and is now considered the most famous painter of the Art Deco period.

"The first reference monograph on the artist, this catalogue follows the first institutional exhibitions of Roccasalva held at the MAGASIN in Grenoble and at the Kölnischer Kustverein in Cologne. For over ten years, Pietro Roccasalva has been developing a body of work that is difficult to define but can be considered one of the most wilful contributions to contemporary art. It centers around painting, which has flowered in a manner that is sometimes akin to the old masters and can be seen to spur his engagement with other forms, such as drawing, sculpture, installation, performance, film, and photography. These different outputs are connected by narratives from his conceptual universe. Roccasalva interweaves personal experiences with references to art history, literature, and music

as well as to cinema in such a way that it is not uncommon for the works to shift between various levels of reality and fiction. At the same time, they are linked systematically, with each work making reference to its immediate predecessor. In a sense, the artist's oeuvre functions like an enormous house of mirrors -- a labyrinth that seems, more than occasionally, to be furnished with concave or convex mirrors"--Publisher's website.

De Lempicka stood at the center of the sophisticated Paris art world of the 1920s and 30s. Her love for beautiful women, elegant automobiles, and the modern metropolis provided not only motifs for her pictures, but also influenced her artistic style. She pioneered a new image of life on the screen, evident in the new, self-confident woman and the changing aspects of femininity and masculinity.

An icon of the Jazz Age, Art Deco painter Tamara de Lempicka lived a life well worth recording. Until now, however, no one has written the story of this woman of extraordinary talent and notoriety. She was a great beauty, an aristocratic refugee of the Russian Revolution, and a frankly erotic painter who insisted upon Renaissance aesthetics, figuration, and painterly craft in modern art. The sky-high prices attached to her canvases in recent years have still not dispelled the suspicions that a woman of Lempicka's glamour and fame could be a truly serious artist. Yet the reviews of the early twentieth century tell a different story: her work was routinely singled out as competing with major figures of the School of Paris, including Léger, Laurençin, Kisling,

and Picasso. In this first critical biography, Laura Claridge draws upon her exclusive access to Lempicka's family, friends, and archives to re-create the life that the painter carefully withheld even from her own daughter: the truth of her birth; her escape from Bolshevik Russia; her determination to become a New Woman; her lifelong bouts of depression; her numerous affairs with the women and men she painted; her flight from Nazi Europe via Havana; and her years in Hollywood and New York as the "Baroness with a brush," all informed by the artistic integrity and social anachronism that condemned her to being written out of the canons of modern art. Emblematic of '20s excess and indulgence, Tamara de Lempicka's life of great wealth, indiscriminate sexuality, and endless intrigue makes for a fascinating narrative. But her paintings have inspired fierce disagreements over issues of class, wealth, and gender in modern art, making her work ripe for critical re-evaluation. In *Tamara de Lempicka: A Life of Deco and Decadence*, Laura Claridge has succeeded brilliantly on both counts, bringing to light the contradictions that fueled the life and work of this provocative painter. Though Paris in the early twenties certainly earned its bohemian reputation, Tamara was playing the game hard by anyone's standards. It seemed to her that she could have it all: respect, money, and sexual gratification on the side. She had arrived at the Gare du Nord only four years earlier, gifted with a painter's talent and a family history of feminine power. Encountering a cultural climate that affirmed art as a remunerative career for women, she also felt freed personally by the Modernist mantra to "make it new" that underwrote every aspect--trivial and profound--of daily life. She was determined to

embody that icon of the age, the new woman.
