Following the great success of *Pioneers of the Possible* (2012)--featuring revolutionary female figures such as Ella Fitzgerald, Frida Kahlo, Simone de Beauvoir, Wangari Maathai, and Zaha Hadid--Angella Nazarian returns with an extraordinary sequel, *Visionary Women*. 30 Things Every Woman Should Have and Should Know by the Time She's 30

While Laura Ingraham was walking through a Northern Virginia shopping mall one Saturday afternoon, it all became clear to her. Everywhere she turned, she saw signs of the impending disaster: zombie teens texting each other across a café table; a man having his eyebrows threaded at a kiosk; a fiftyish woman shoe-horned into a tube top and skinny jeans; and a storefront ad featuring a Victoria's Secret model spilling out of her push-up bra and into the faces of young passersby. Ingraham wondered to herself, "Is this it? Is this what our forefathers fought for? What my parents struggled for? I wonder if Victoria's Secret is still having that two-for-one sale?" A menacing force surrounds us. We see it, we feel it,

we know it. The country we love is in grave peril. While politicians and "experts" prattle on about the debt crisis at home, and terrorism abroad, a more insidious homegrown threat is emerging. It endangers our future and undermines our present. The uncomfortable truth is: We have become our own worst enemy. The culture we have created is now turning on us. We're on the verge of drowning in our ignorance, arrogance, gluttony . . . can you believe there are only three shots of vanilla in a Caramel Macchiato?!? Now in an act of patriotic intervention the most-listened-to woman in talk radio casts her satirical eye upon all that ails American society. In this sharp-witted, comic romp, Laura Ingraham takes you on a guided tour through ten levels of our cultural hell. You know we're in trouble when . . . • Airplane seats shrink—just as the passengers expand. • Celebrity baby names go from the peculiar (Apple, Stetson, and Daisy Boo) to the pathetic (Bamboo, Blanket, and Bronx). • People meticulously tend their virtual crops on Farmville, while their children eat takeout. • "Breaking News" usually means it happened yesterday. • The weddings last

longer than the marriages. • Facebook has become a verb and reading has become an ancient art form. Of Thee I Zing is cultural commentary too funny to ignore, igniting a national conversation long past due. America, your cultural recovery begins here.

Of Thee I Zing Assouline

After spending more than twenty-years years as a Special Agent with the FBI, Kathy Stearman recounts the global experiences that shaped her life—and the mixed feelings that she now holds about

the sacrifices she had to make to survive in a man's world. When former FBI Agent Kathy Stearman read in the New York Times that sixteen women were suing the FBI for discrimination at the training academy, she was surprised to see the women come forward—no one ever had before. But the truth behind their accusations resonated. After a twenty-six-year career in the Bureau, Kathy Stearman knows from personal experience that this type of behavior has been prevalent for decades. Stearman's *It's Not About the Gun* examines the influence of attitude and gender in her journey to becoming FBI Legal Attaché, the most senior FBI representative in a foreign office. When she entered the FBI Academy in 1987, Stearman was one of about 600 women in a force of 10,000 agents. While there, she evolved into an assertive woman, working her way up the ranks and across the globe to hold positions that very few women have held before. And yet, even at the height of her career, Stearman had to check herself to make sure that she never appeared weak, inferior, or afraid. The accepted attitude for women in power has long been cool, calm, and in control—and

sometimes that means coming across as cold and emotionless. Stearman changed for the FBI, but she longs for a different path for future women of the Bureau. If the system changes, then women can remain constant, valuing their female identity and nurturing the people they truly are. In *It's Not About the Gun*, Stearman describes how she was viewed as a woman and an American overseas, and how her perception of her country and the FBI, observed from the optics of distance, has evolved.

Spanning nearly two decades of American politics, *The Hillary Effect* is the provocative and insightful story of the first viable female presidential candidate in history to win a primary and do so in spite of her campaign team's mistakes. It addresses the galvanizing impact that her loss represented for both women and men, in and out of Washington. And it revolves around media coverage that treated her differently as first lady, senator, and then presidential candidate—not only because she was a woman, but because she was Hillary Clinton. Candidly written by veteran political analyst Taylor Marsh, this is the

view from a recovering partisan, someone whom the Washington Post called a “die hard Clintonite” in its profile of Hillary in 2008. The Hillary Effect began when Hillary, as first lady, dared to challenge China’s treatment of women. A countless number of women have benefited and will benefit from her presidential loss, the most famous of these being Sarah Palin (the Tea Party queen of 2010 and first female on a national Republican presidential ticket), who weaves throughout this story as the anti-Hillary. The Hillary Effect also sees Michele Bachmann as a player, as the first Republican female to win a straw poll, primary, or caucus. The male leads in this stunning tale are Bill Clinton and President Barack Obama (someone who turned out to be very different from candidate Obama), with David Plouffe and Mark Penn making appearances. The story includes a host of media personalities and their outlets, but also new-media and progressive voices, and famous names like Chris Matthews, Keith Olbermann, Sally Quinn, the late Tim Russert, Richard Wolffe, Laura Ingraham, Liz Cheney, Peggy Noonan, Maureen Dowd, Tucker Carlson,

Sean Hannity, Rush Limbaugh, and even Bill O’Reilly, who offered Hillary the best interview she would do during the 2008 season. All of this is seen through the economic and political crises of today—health care, women’s individual freedoms, Afghanistan, women’s rise around the world, the debt-ceiling debate, tax cuts for the wealthy, Occupy Wall Street, and an American public disenchanted with both Republicans and Democrats.

Infamous: Charlie Sheen Crown From #1 New York Times bestselling author Kathy Griffin, an A-Z compendium of her celebrity run-ins, and the jaw-dropping, charming, and sometimes bizarre anecdotes only she can tell about

them. Kathy Griffin’s Celebrity Run-Ins is Kathy’s funny, juicy index of all of the celebrities she has met during her many years in show business, bursting with never-before-told stories. Starting with Woody Allen and ending with Warren Zevon, Kathy Griffin’s Celebrity Run-Ins is a who’s who of pop culture: Leonardo DiCaprio, Nick Jonas, Kendall Jenner, Anna Kendrick, Lily Tomlin, Suge Knight, Barbra Streisand, Ashton Kutcher, Queen Latifah, Maria Shriver, Jared Leto, Selena Gomez, Meghan Trainor, Macklemore, Bruno Mars, Aaron Paul, Pink, Pitbull, Sia, Britney Spears, Taylor Swift, Christina Aguilera, and many more. That Donald Trump once drove Kathy and Liza Minelli around on a golf cart? That Sidney Poitier has a wicked sense of humor? That Demi Lovato has none? That David Letterman is still scared of Cher? That Channing Tatum is as polite as they come, and Tom Hanks might have the best perspective on fame of anyone? Kathy, that’s who. Kathy has met everyone, and after reading this book, you

will feel as if you have, too. Kathy Griffin has seen it all. Shocking and sidesplitting, Kathy Griffin's Celebrity Run-Ins is an indispensable guide to the stars from one of our most beloved comedians. Can you handle it?

A Voice from the Field Little, Brown This book is the first full-length critical study to explore the rapidly growing cadre of amateur-authored, independently-published, and niche-market picture books that have been released during the opening decades of the twenty-first century. Emerging from a powerful combination of the ease and affordability of desktop publishing software; the promotional, marketing, and distribution possibilities allowed by the Internet; and the tremendous national divisiveness over contentious socio-political issues, these texts embody a shift in how narratives for young people are being creatively conceived, materially constructed, and

socially consumed in the United States. Abate explores how titles such as My Parents Open Carry (about gun laws), It's Just a Plant (about marijuana policy), and My Beautiful Mommy (about the plastic surgery industry) occupy important battle stations in ongoing partisan conflicts, while they are simultaneously changing the landscape of American children's literature. The book demonstrates how texts like Little Zizi and Me Tarzan, You Jane mark the advent of not simply a new commercial strategy in texts for young readers; they embody a paradigm shift in the way that narratives are being conceived, constructed, and consumed. Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood, as well as the function of narratives for young readers in the twenty-first century. At the same time, these texts reveal compelling new insights about the complex interaction among American print culture, children's reading practices, and consumer capitalism. Amateur-authored, self-published, and specialty-subject titles reveal the way in which children,

childhood, and children's literature are both highly political and heavily politicized in the United States. The book will be of interest to scholars and students in the fields of American Studies, children's literature, childhood studies, popular culture, political science, microeconomics, psychology, advertising, book history, education, and gender studies.

Yes, I Can Say That Bluewater Productions
A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of

family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as

the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal

Official Book Club Selection is Kathy Griffin unplugged, uncensored, and unafraid to dish about what really happens on the road, away from the cameras, and at the star party after the show. (It's also her big chance to score that coveted book club endorsement she's always wanted. Are you there, Oprah? It's me, Kathy.) Kathy Griffin has won Emmys for her reality show Kathy Griffin: My Life on the D-List, been nominated for a Grammy, worked and walked every red carpet known to man, and rung in the New Year with Anderson Cooper. But the legions of fans who pack Kathy's sold-out comedy shows have heard only part of her remarkable story.

Writing with her trademark wit, the feisty comic settles a few old scores, celebrates the friends and mentors who helped her claw her way to the top, and shares insider gossip about celebrity behavior—the good, the bad, and the very ugly. She recounts the crazy ups and downs of her own career and introduces us to some of the supertalented people she encountered before they got famous (or, in some cases, after fame went to their heads). Word to the wise: If you've ever crossed Kathy Griffin at some point in your life, check the index for your name. Along the way, Kathy reveals intimate details about her life before and after she made the big time. She opens up about everything from growing up with a dysfunctional family in suburban Illinois to bombing as a young comedian in L.A., from her well-publicized plastic surgery disasters to her highly publicized divorce, and more. Only in this book will you learn how the dinner table is the best training ground for a career in stand-up, how speaking your mind can bite you on the ass and buy you a house, and which people in Kathy's life have taught her the most valuable lessons—both inside and outside the entertainment

industry. And as if all that wasn't enough, there are also dozens of exclusive and somewhat embarrassing photos from Kathy's own collection—featuring the diva of the D List herself, with her old nose as well as her new one, plus celebrity friends, foes, frenemies, and hangers-on for you to gawk at. Refreshingly candid, unflinchingly honest, and full of hilarious "Did she really say that?" moments, Official Book Club Selection will make you laugh until you cry, or just puke up a little bit.

The Black Gryphon Simon and Schuster Bestselling author Donald Jeffries turns his critical eye onto the topic of bullying to show how teachers, principals, and other school officials invariably side with the bullies in the most egregious cases, instead of protecting the victims. He also shows how many so-called anti-bullying activists and nearly all the professional "experts" excuse bullying and in fact laud sociopathic behavior in general. As Jeffries demonstrates, this curious phenomenon is due to the power and influence of the social hierarchy, and it revolves to a great extent around the enduring popularity of sports. Jeffries talked to parents who'd battled a system that logically should have been working for them, some of whom lost a child to bullycide, the term for children who kill themselves over bullying. His investigation into what has become one of the most talked about issues in America is as explosive and controversial as anything he has written.

The Case for Marriage St. Martin's Press
Dear Readers, There are at least five good reasons to Tip It! right now. 1. My daughter Kathy put out her memoir last year, which was real nice except for the controversial parts. And it got to be a #1 New York Times bestseller.

Congratulations, Kathleen! But now it's my turn. I've written my own book. I have things to say, too, without having to be all controversial like you were. Tip it! 2. People recognize me on the street a lot now and come over, nicely, and say "Maggie, you remind me of my own mother." And they say "Maggie, I love your show"--referring to Kathy Griffin: My Life on the D-List as my show. Sometimes I correct them, I say, "Oh, it's not my show." But sometimes . . . I don't correct them. It's kind of fun being a star, isn't it Tip it! 3. If you want to know a few things about my daughter Kathleen that only a mother could know (How the heck did she get this way? Did she always swear so much, for Chrissake?), you have come to the right book. Tip it! 4. You know how a box of wine is never empty just because the spigot seems to have run dry (There's always a little more if you just tip it!) This

book is like that. There's so much in it-- never-before-published Griffin family photos!, a love story (me and my dear departed husband Johnny), a whole guide to good living (including how to survive on what's in your purse), and a lot of funny business in this book from Kathleen (she made comments in this book; readers, I was not able to stop her!). So take this book and Tip It! 5. And be sure to get the

last drop out of living. Isn't it nice that "Tip It" acts as a toast I'm 90 years old, and I think "Tip It!" even works pretty well as a motto for living to the fullest. So, Tip It! today. Yours, Maggie Griffin A funny thing happened on the way to Kathy Griffin's sky-rocketing stardom. The more she told stories about her mother, Maggie, in her stand-up act and on her Emmy-winning television show, Kathy Griffin: My Life on the D-List, the more popular her mother

became. (At the mere mention of Maggie, a stadium full of fans will cheer, "Tip It! Tip It!") Shocked by Kathy, exasperated by Kathy, grudgingly amused by Kathy, and at the end of the day, always a loving mother to Kathy, Maggie Griffin has become the darling Gracie to Kathy's George Burns, the wry Cher to Kathy's Sonny Bono, the spry, sweet Roadrunner to Kathy's Wile E. Coyote.
