I had my whole life mapped out. Perfect guy. Perfect friends. Everything was exactly the way I wanted it. That was until that night--the one I can't remember. It's all my fault, and now the memories are all I have left of him. Of us. My guilt drowns me until Sam Shea steps back into my life and helps me to the surface. He slowly opens my heart and crawls deep inside before I even realize what's happening. I know I don't deserve him. While I'm trying to get used to my new life, pieces of that night slowly start to come back to me. Lies and secrets shatter everything I thought I knew. Maybe I'm not the only one living with regret.

The music and noise manifestos of the Italian Futurists formed a blueprint for sonic warfare waged against traditionalism, a radical new agenda played out with machines primed for maximal acoustic destruction and aimed at the negation of all existing value systems. *THE ART OF NOISE* collects together these and other writings for the first time in English, showing how the origins of modern noise music actually date from a century ago, forming an invaluable insight into Futurist thought and its most enduring and relevant legacies, and revealing how an understanding of noise-art is key to a complete comprehension of Futurist painting. *THE ART OF NOISE* collects five key Futurist manifestos: Luigi Russolo's *The Art Of Noises* and *The Futurist Noise Machines*, and Balilla Pratella's *Manifesto Of Futurist Musicians*, *Technical Manifesto Of Futurist Music*, and *Destruction Of Quadrature*; plus Carlo Carrà's related sensory manifesto *The Painting Of Sounds, Noises And Smells*; Bruno Corra's notes on *Chromatic Music*; Ferruccio Busoni's visionary and influential *Sketch For A New Aesthetic Of Sound Art*; a historical introduction on Futurist music and its legacy; and a chronology of Futurist music

and noise. This new expanded edition includes F.T. Marinetti's original 11-point *Manifesto Of Futurism*, first published in 1909. Marinetti, Russolo and Pratella are founding members of Italian Futurism, whose work has immense art-historical importance.

White Noise City Lights Books

The National Book Award-winning classic from the author of *Underworld* and *Libra*, now a major motion picture starring Adam Driver and Greta Gerwig *White Noise* tells the story of Jack Gladney, his fourth wife, Bette, and four ultramodern offspring as they navigate the rocky passages of family life to the background babble of brand-name consumerism. When an industrial accident unleashes an "airborne toxic event," a lethal black chemical cloud floats over their lives. The menacing cloud is a more urgent and visible version of the "white noise" engulfing the Gladneys—radio transmissions, sirens, microwaves, ultrasonic appliances, and TV murmurings—pulsing with life, yet suggesting something ominous. The originator of Spoken Word and performance poetry, John Giorno is one of the most influential figures in the world of contemporary performance. You Got to Burn to Shine, his first book in many years, collects intensely rhythmic, sexual and philosophical poetry spanning two decades. Here, too, are deeply personal memoirs, including the story of his friendship with Andy Warhol (Giorno had an occasionally sexual relationship with Warhol, met his mother, and starred in Warhol's first film, *Sleep*); an anonymous sexual encounter with Keith Haring, an aspiring painter who recognized Giorno in

a subway station toilet; and notes toward a Buddhist understanding of death in the age of AIDS.

A Pleasure to Burn Grupo Penin

Ray Bradbury's novel *Fahrenheit 451* is an enduring masterwork of twentieth-century American literature—a chilling vision of a dystopian future built on the foundations of ignorance, censorship, and brutal repression. The origins and evolution of Bradbury's darkly magnificent tale are explored in *A Pleasure to Burn*, a collection of sixteen selected shorter works that prefigure the grand master's landmark novel. Classic, thematically interrelated stories alongside many crucial lesser-known ones—including, at the collection's heart, the novellas "Long After Midnight" and "The Fireman"—*A Pleasure to Burn* is an indispensable companion to the most powerful work of America's preeminent storyteller, a wondrous confirmation of the inimitable Bradbury's brilliance, magic . . .

and fire.

Pablo Neruda and the U.S. Culture Industry Sourcebooks, Inc.

In this first comprehensive study of Latin America's literary vanguards of the 1920s and 1930s, Vicky Unruh explores the movement's provocative and polemic nature. Latin American vanguardism—a precursor to the widely acclaimed work of contemporary Latin American writers—was stimulated by the European avant-garde movements of the World War I era. But as Unruh's wide-ranging study attests, the vanguards of Latin America—emerging from the continent's own historical circumstances—developed a very distinct character and voice. Through manifestos, experimental texts, and ribald public performance, the vanguardists' work intertwined art, culture, and the politics of the day to produce a powerful brand of aesthetic activism, one that sparked an entire rethinking of the meaning of art and culture throughout Latin America.

Globalization discourse now presumes that the "world space" is entirely at the mercy of market norms and forms promulgated by reactionary U.S. policies. An academic but accessible set of studies, this wide range of essays by noted scholars challenges this paradigm with diverse and

strong arguments. Taking on topics that range from the medieval Mediterranean to contemporary Jamaican music, from Hong Kong martial arts cinema to Taiwanese politics, writers such as David Palumbo-Liu, Meaghan Morris, James Clifford, and others use innovative cultural studies to challenge the globalization narrative with a new and trenchant tactic called "worlding." The book posits that world literature, cultural studies, and disciplinary practices must be "worlded" into expressions from disparate critical angles of vision, multiple frameworks, and field practices as yet emerging or unidentified. This opens up a major rethinking of historical "givens" from Rob Wilson's reinvention of "The White Surfer Dude" to Sharon Kinoshita's "Devincializing the Middle Ages." Building on the work of

cultural critics like Edward Said, Gayatri Spivak, and Kenneth Burke, *The Worlding Project* is an important manifesto that aims to redefine the aesthetics and politics of postcolonial globalization with alternative forms and frames of global becoming.
