\*NOW A NETFLIX LIMITED SERIES—from

producer and director Shawn Levy (Stranger Things) starring Mark Ruffalo, Hugh Laurie, and newcomer Aria Mia Loberti\* Winner of the Pulitzer Prize and National Book Award finalist, the beloved instant New York Times bestseller and New York Times Book Review Top 10

Book about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up

with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a

writer “whose sentences never fail to thrill” (Los Angeles Times).

With his unerring eye, Kaffe has succeeded in finding the perfect location for his exquisite new collection of quilts, featuring both his scintillating new fabric designs and his classics, all in his unique color palette. This time he has chosen the medieval English village of

Lavenham in Suffolk, where the 19 quilts in this book are set off against the ancient half-timbered Tudor houses.

They are displayed in all their glory in a sumptuous eye-catching quilt gallery. Included in this set of new designs are many very special ones by Kaffe, and several by his long-time friend and co-designer, Liza Prior Lucy. Kaffe's *Starry Night*, featured on the cover, fussy cuts some of his brilliant floral fabrics in deep rich colors to great effect, setting them off by surrounding stars in his *Shot Cottons*. *Shards* translates the traditional *Broken Dishes* design into deliciously soft and subtle blends of pastel fabrics, shown off to perfection against the pale plaster and weathered timbers of the Lavenham houses. In a quite different vein, the boldly contrasting background

stripes in black and white fabric in Blooming Columns make a dramatic contrast to the huge fussy-cut flowers appliquéd onto it. This book--the 23rd in the series--includes a range of quilts for all skill levels, from beginners to advanced. Shaded Squares is one such lovely quilt for first timers, with its cleverly shaded squares each made up from two large triangles, one plain and one striped in Kaffe's Shot Cotton and Wide Stripe fabrics. Flat shots, a practical know-how section and glossary, back up the fully illustrated, step-by-step instructions for each quilt.

The "must-have" book for loom knitters by the top expert on the subject is now updated to reflect the newer looms on the market. Like the previous edition this new edition still contains everything you need to know about loom knitting, like gauge, yarn thickness, increasing, decreasing, color work, different cast on and off methods, and more. Additionally, it includes Isela's precise and easy how-to instructions, now newly updated, for making basic stitches and variations, and for using all the different types of looms, round and long looms, currently

in the market. The project section is also updated to include more specific information about the looms used, with a handy chart of all the looms, with their gauges, currently on the market. But what hasn't changed is the straightforward information and the need for this book, making it the one to have for all loom knitters. If you only purchase one loom knitting book, this is the one to get!
