## KARSYN JAIDA

*A Practical English Grammar* Clarendon Press

This book is the first comprehensive grammar in English of present-day standard Romanian. It is an indispensable resource for Romance linguists, from advanced undergraduate level and above.

*The Oxford Reference Grammar* OUP Oxford

This volume presents a data-rich description of English inflection and word-formation. Based on large corpora including the Corpus of Contemporary American English and the British national Corpus, it is the first comprehensive treatment of contemporary English morphology that includes both inflection and word-formation. It covers not only well-studied topics such as compounding, conversion, and the inflection and derivation of nouns and verbs, but also areas that have received less scholarly attention, such as the formation of adjectives, locatives, negatives, evaluatives, neoclassical compounds and blends, among many other topics. Equal weight is given to form and meaning. The volume also contains sections devoted to phonological and orthographic aspects of morphology and to combinatorial and paradigmatic properties of English morphology. It ends with a series of chapters that assess the implications of English morphology for morphological theory, discussing topics such as stratification, blocking and competition, the analysis of conversion, and the relationship between inflection and derivation. Winner of the 2015 Bloomfield Book Award and written by three outstanding scholars, this outstanding book will interest all scholars and students of English and of linguistic morphology more generally.

**The Oxford Dictionary of English Grammar** OUP Oxford

This advanced English grammar course features: short, clear explanations that are easy to remember; real examples to show how grammar works in practice; engaging practice activities including Internet exercises, grammar in a text, and vocabulary; grammar for reading, writing, and speaking; and a pronunciation CD-ROM.

*How English Works* OXFORD University Press

"[This book]: provides a concise and accessible history of English; engages with key debates concerning issues of correctness, standards, and dialects; investigates the uses of English worldwide; reflects on the future of the English language..."-- Publisher description.

*Oxford Grammar for EAP* Oxford University Press

Designed to help teachers understand and explain English grammar, this book explores problematic areas, with an emphasis on meaning.

*Oxford Modern English Grammar* Oxford University Press

English grammar has changed a great deal since the beginning of the Twentieth Century, and it is a subject that can provide a complex minefield of uncertainties within the language. This accessible and comprehensive dictionary comes to the aid of both the general reader and the student or teacher, offering

straightforward and immediate A-Z access to 1,000 grammatical terms and their meanings. All the currently accepted terms of grammar are included, as well as older, traditional names, controversial new coinages, and items from the study of other languages. Concise definitions of the wider subject of linguistics, including phonetics and transformational grammar, are accompanied by examples of language in use, and frequent quotations from existing works on grammar.

**Oxford Guide to Plain English** OXFORD University Press

Plain English is an essential tool for effective communication. Information transmitted in letters, documents, reports, contracts, and forms is clearer and more understandable when presented in straightforward terms. The Oxford Guide to Plain English provides authoritative guidance on how to write plain English using easy-to-follow guidelines which cover straightforward language, sentence length, active and passive verbs, punctuation, grammar, planning, and good organization. This handy guide will be invaluable to writers of all levels. It provides essential guidelines that will allow readers to develop their writing style, grammar, and punctuation. The book also offers help in understanding official jargon and legalese giving the plain English alternatives. This guide gives hundreds of real examples and shows 'before and after' versions of texts of different kinds which will help readers to look critically at their own writing. Helpfully organized into 21 short chapters, each covering a different aspect of writing. Clearly laid out, and easy to use, the Oxford Guide to Plain English is the best guide to writing clear and helpful documents.

*A Practical English Grammar. 4th edition* Oxford University Press [Langues et linguistique].

*The Grammar of Romanian* Oxford Linguistics

The last decade has seen a rise in popularity in construction-based approaches to grammar. The various approaches within the rubric 'construction grammar' all see language as a network of constructions-pairings of form and meaning. Construction Grammar, as a kind of cognitive linguistics, differs significantly from mainstream generative grammar as espoused by Chomsky and his followers. Advocates of Construction Grammar see it as a psychologically plausible theory of human language. As such, it is capable of providing a principled account of language acquisition, language variation and language change. Research in Construction Grammar also includes multidisciplinary cognitive studies in psycholinguistics, neurolinguistics, and computational linguistics. The Oxford Handbook of Construction Grammar is the first authoritative reference work solely dedicated to Construction Grammar. Divided into five sections, the book will be an invaluable resource that students and scholars alike can turn to for a comprehensive account of current work on Construction Grammar, its theoretical foundations, and its applications to and relationship with other kinds of linguistic enquiry.

*The Oxford English Grammar* Oxford University

This book is intended for teachers of English.

*Oxford English grammar course. Intermediate* : CD-ROM.

*Pronunciation for grammar* Oxford University Press

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

This textbook on English syntax aims to give students a thorough grounding in the basics of sentence structure, and at the same time strives to acquaint them with the essentials of syntactic argument. The text is written in a user-friendly style with many 'hands-on' in-text and chapter-final exercises. At the end of each chapter there is a section with suggested further reading material, and there is a bibliography and list of recommended reference works at the end of the book.

**The Oxford Reference Guide to English Morphology** Oxford University Press, USA

This handbook provides an authoritative, critical survey of current research and knowledge in the grammar of the English language. Following an introduction from the editors, the volume's expert contributors explore a range of core topics in English grammar, beginning with issues in grammar writing and methodology. Chapters in part II then examine the various theoretical approaches to grammar, such as cognitive, constructional, and generative approaches, followed by the chapters in part III, which comprehensively cover the different subdomains of grammar, including compounds, phrase structure, clause types, tense and aspect, and information structure. Part IV offers coverage of the relationship between grammar and other fields - lexis, phonology, meaning, and discourse - while the concluding part of the book investigates grammatical change over time, regional variation, and genre and literary variation. The handbook's wide-ranging coverage will appeal to researchers and students of English language and linguistics from undergraduate level upwards.

Readers of all levels will find this guide essential. Giving examples of real usage, this book provides the basic information about grammar and punctuation that people need on a day-to-day basis. Arranged A-Z, it contains entries for standard grammatical terms as well as dealing with related questions of usage. In addition to explaining basic terms such as 'split infinitive', 'participle', and 'adverb', entries also discuss whether to use 'may or might', 'that or which', and 'it's or its'. The Oxford

A-Z of Grammar and Punctuation gives the reader quick and easy access to the answers to these, and many other, questions of grammar. It offers clear and coherent explanations and illustrations across a broad range of topics, and is the first port of call for any reader seeking clear, authoritative help with grammar and punctuation. Both easy to use and comprehensive, the Oxford A-Z of Grammar and Punctuation is an essential tool for writing at home, in the office, at school, and at college.

[A Practical English Grammar](#) Bloomsbury Publishing

Unlike most grammar series, this one simplifies and clarifies what is often perceived as the most difficult aspect of learning a foreign language. Oxford Easy Grammar texts cover all the fundamental and essential points of a language's grammar in a clear and user-friendly way, with every grammatical point clearly explained and backed up by examples in English before being illustrated in the foreign language. Each area of grammar is presented on a double-page spread for easy access and navigation, with all example sentences highlighted to show what is being illustrated. Finally, a full A-Z list of grammatical terms with clear descriptions rounds out each volume.

[Explaining English Grammar](#) Oxford University Press

This work provides the basic information about grammar and punctuation that people need on a day-to-day basis. Arranged A to Z, it contains entries for standard grammatical terms as well as dealing with specific questions of usage.
