This book tells the story of the ancient land named Chianti and the modern wine appellation known as Chianti Classico. In 1716, Tuscany's penultimate Medici ruler, Cosimo III, anointed the region of Chianti, along with three smaller areas in the Florentine State, as the world's first legal appellations of origin for wine. In the succeeding centuries, this milestone was

all but forgotten. By the late nineteenth century, the name Chianti, rather than signifying this historic region and its celebrated wine, identified a simple Italian red table wine in a straw-covered flask. É In the twenty-first century, Chianti Classico emerged as one of Italy's most dynamic and fashionable wine zones. Chianti Classico relates the fascinating

evolution of Chianti as a wine region and reveals its geographic and cultural complexity. Bill Nesto, MW, and Frances Di Savino explore the townships of Chianti Classico and introduce readers to the modern-day winegrowers who are helping to transform the region. The secrets of Sangiovese, the principal vine variety of Chianti, are also revealed as the book unlocks the myths and mysteries of

one of Italy's most storied wine regions. The publication of Chianti Classico coincides with the three hundredth anniversary of the Medici decree delimiting the region of Chianti on September 24, 1716. Lost on Everest Geodia Edizioni Internazionali In this exhilarating coming-of-age tale set in the late 19th century, a daring young woman braves the wilds of

the mountainous Austrian-Italian border—and the dangerous men who conspired with her missing father to smuggle tobacco—in order to save her family. Jole de Boer is just fifteen years old the first time she accompanies her father—a tobacco grower named Augusto—as he smuggles his product across the Italian border into Austria. She knows the dangers of the treacherous high mountain

passes—border guards, brigands, wild animals, ferocious weather—but she is proud that her father has asked her to join him. After all, without the extra money Augusto's smuggling brings in, their family would starve. But when Augusto mysteriously disappears during one of his trips, Jole must retrace the route he took to both find a buyer for her family's tobacco—and the truth behind her

his previous books, with the “talk” between Messner and Huetlin covering not only the highlights of Messner’s climbing career, but also his treks across Tibet, the Gobi, and Antarctica; his five-year-stint as a member of the European Parliament; his encounter with and study of the yeti; his thoughts on traditional male/female roles; and much more. Readers learn about Messner’s

childhood, his thoughts about eating ice cream with girls (against), politics (mostly liberal), and his technique for killing chickens (sharp scissors). Messner is known as one of history’s greatest Himalayan mountaineers, a man who pushed back the frontiers of the possible for a whole generation of climbers. While the interest in *My Life at the Limit* is that it exposes much more of the

man than his climbing career, that career is still utterly remarkable—
—and Mountaineers Books is proud to present this book, which is core to our mission, to audiences across North America.

Originally published in the 1930s, these essays on realism, expressionism, and modernism in literature present Lukacs's side of the controversy among Marxist writers and critics now known as the Lukacs-

Brecht debate. The book also includes an exchange of letters between Lukács, writing in exile in the Soviet Union, and the German Communist novelist, Anna Seghers, in which they discuss realism, the European literary heritage, and the situation of the artist in capitalist culture.

Climbing on the Himalaya and Other Mountain Ranges MIT Press (MA) Mario Rigoni Stern was born in 1921 in Asiago, in the mountains of northeastern Italy. Throughout his literary career, he has remained deeply attached to the region of his birth, its peasant customs, its dialect, its seasonal cycles and shifting historical fortunes. Tonle Bintarn's story takes place in the mountains of the Veneto region, which once bordered the Austro-Hungarian Empire and where smuggling was a means of subsistence for the peasant population. Having run afoul of a patrol of revenue agents, Tonle must seek refuge beyond the frontier in Central Europe, where year after year he lives by doing odd jobs and working, among other things, as an itinerant print peddler, a horse trainer in Hungary, and a gardener in a Prague castle. But every

winter he returns secretly to his home and family, until finally a pardon is granted. By now his children are grown and he has little to do but tend his sheep.

Meanwhile, the times are changing, social values are disintegrating under the impact of modernization, and Europe moves ever closer to disaster. During the devastation of the First World War, the occupation

and ultimate destruction of his village, and his own internment in an Austrian camp, it is Tonle's loyalty to his roots and his stubborn devotion to his task as a shepherd that persist and make him a quiet symbol of heroism and human endurance.

As a boy, climbing legend Reinhold Messner was inspired by another legend: George Mallory's tragic final ascent of Mount Everest in 1924. To Messner, and to thousands of others, Mallory's attempt--whether or not it succeeded--remains the greatest exploit in the annals of mountain climbing. Though Mallory's body was finally found, we have lost,

Messner believes, the spirit that guided him; summiting Everest has become merely a corporate challenge and a matter of technology, not a rendezvous with destiny. Using the British climber's journals and letters, Messner thrillingly recreates Mallory's three assaults on Everest, including his final ascent. Here is both an investigation into the death

of George Mallory and a deeply felt homage--to a mountain, to the spirit of an age, and to the man who inspired those who followed in his footsteps. *Reinhold Messner My Life at the - ebook* Simon and Schuster This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. A rediscovered mountaineering classic and the extraordinary true story of a daring escape up Mount Kenya by three

prisoners of war. When the clouds covering Mount Kenya part one morning to reveal its towering peaks for the first time, prisoner of war Felice Benuzzi is transfixed. The tedium of camp life is broken by the beginnings of a sudden idea - an outrageous, dangerous, brilliant idea. There are not many people who would break out of a P.O.W. camp, trek for days across perilous

terrain before climbing the north face of Mount Kenya with improvised equipment, meagre rations, and with a picture of the mountain on a tin of beef among their more accurate guides. There are probably fewer still who would break back in to the camp on their return. But this is the remarkable story of three such men. No Picnic on Mount Kenya is a powerful testament to the human spirit of revolt

and adventure in even the darkest of places. "The history of mountaineering can hardly present a parallel to this mad but thrilling escapade" - Saturday Review "A most extraordinary prisoner-of-war and escape story" - New Yorker "A mad venture and a gallant tribute to man's deep yearning for freedom" - Kirkus Reviews "The book crackles with the same dry humour as its title. It

contains the prison-yard bartering and candlelight stitching that mark a classic jailbreak yarn; the encounters with wild beasts in Mount Kenya's forest belt are as gripping, and the descriptions of sparkling glaciers as awe-inspiring, as any passage in the great exploration diaries of the early 20th century" - The Economist
