Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur'aan, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains guidance for all mankind. Since the message of the Qur'an is believed to be for all times, it should be relevant to every age. But does the Qur'an pass this test? In this booklet, I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Qur'an, particularly in the light of established scientific discoveries. There was a time, in the history of world civilization, when 'miracles', or what were perceived to be miracles, took precedence over human reason and logic. Of course, the normal defination of 'miracle' is simply, anything that takes place out of the normal. course of life and for which humankind has no explanation. However, we must be careful before accepting something as a miracle. In 1993, 'The Times of India', Mumbai, reported that 'a saint' by the name 'Baba Pilot' claimed to have stayed continuously submerged under water in a tank for three consecutive days and nights. However, when reporters wanted to examine the bottom of the tank of water in which he claimed to have performed his 'miraculous feat', he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. Obviously the 'saint' had something to conceal! His claim was a gimmick simply to gain publicity. Surely, no modern person with even the slightest inkling towards rational thinking would accept such a 'miracle'. If such false miracles are the tests of divinity, then we would have to accept all world famous magicians known for their ingenious magical tricks and illusions, as genuine God-men! A book, claiming to be of Divine origin, is in effect, claiming to be a miracle. Such a claim should be easily verifiable in any age, according to the standards of that age. Muslims believe, that the Qur'an is the last and final revelation of God, the miracle of miracles, revealed as a mercy to mankind. Let us therefore investigate the veracity of this belief.

Finally the stance Ahle Sunnat Wa Zamaat' on Dr. Zakir Naik that he is a specialist on comparative religion and not on Islamic Theology is endorsed by Dr. Zakir Naik's IRF itself officially. Hence, In a discussion with me, Dr. Zakir Naik's IRF admits that "Fiqh and Massail" are not their speciality; their speciality is "comparative religion" . This humble servant of Islam sent 16 questions on 18 June 2011 to Dr. Zakir Naik and his IRF on Islamic Theology at zakir@irf.net and questions@irf.net. On behalf of Dr. Zakir Naik and IRF, Dr. SHUAIB SAYYED [Manager Research, Islam and Comparative Religion, IRF] answered . He totally avoided those 16 questions on Islamic Theology arguing that " your questions are on Fiqh and Masaail" and not on Comparative Religion.

*The Bible the Quran and Science with the Torah the Holy Scriptures Examined Under Modern Knowledge 2016* Createspace Independent Publishing Platform

For the first time, a complete refutation of every point a Jihadi thinks to justify his hate against non-believers. The only book of its kind to solve the problem of brainwashing and self-radicalization.Zakir Naik's rise has been significantly correlated with the rise of terror attacks across the globe. The terrorists involved in Dhaka siege, the ISIS Hyderabad Module Chief, Areeb Majeed who fled from India to join ISIS - all had one trait in common. Zakir Naik was their mentor.Anyone from the Indian subcontinent who has been active on the terror-related issue would have, definitely, come across hundreds of young fanatic Muslims, who believe that Allah will grant them 72 virgins in Heaven if they convert non-Muslims and hate idol-worshipping Hindus. The vulnerable Muslim youth from Indian sub-continent, who does not know Arabic, relies on his interpretation of Quran and Hadiths as authentic Islam. Now his spread has reached weak minds in other countries as well.They quote verbatim from lectures and writings of Zakir Naik that are a sure-shot recipe for breeding terrorists. These fanatics would turn violent if you counter-question. The situation is indeed terrifying. Unless we do something, a vast number of terrorists are already breeding worldwide who would conduct another Florida attack or Dhaka killing - lone-wolf or planned - as a religious duty.The fanatic belief-set comprises following\* Only Muslims will go to Heaven. All non-Muslims will burn forever in Hell. Even if she is Mother Teresa or Gandhi.\* Among Muslims, only those who have converted non-Muslims will go to Heaven.\* Jihad against non-Muslims is a gateway to Heaven.\* Osama Bin Laden was not a terrorist. America is a terrorist.\* Sharia Law must be implemented worldwide.\* As per Sharia Law, those who leave Islam must be killed.\* In Muslim rule, non-Muslims must not be allowed to preach. But Muslims must preach in non-Muslim countries.\* Those who worship graves - like Sufis - are worst of creatures.\* Hindus deserve to be called Kafirs - the worst of creatures.Agniveer raised the alarm against Zakir Naik 8 years ago and has been working relentlessly against radical Islam. Several youths who came back from clutches of Zakir Naik have narrated shocking details of his brainwashing cartel. To fight this rise of terror, Agniveer created detailed rebuttals to Zakir's speeches and articles that saved a vast number of youths from adopting the path of hatred. It exposed the workings of Islamic Research Foundation formed by Zakir Naik that funded and promoted people who instigated genocide and war against India. Many of these expose had to be withdrawn because government underestimated the threat Zakir posed to world peace and instead Agniveer had to face security threats. In this book, we bring together all those writings that establish the threat that Zakir Naik poses. And soundly, thrashes his every radical argument. Not just Zakir Naik, the book soundly answers every radical argument of every fanatic who instigates people to adopt hate as religion. This book can save the world if translated into major languages and circulated among vulnerable youth. And will equip non-Muslims not to fall trap to his promise of false Heaven by hating non-Muslims. It has already saved thousands and prevented many terror attacks.The only way to counter self-radicalization is to destroy the source - those fanatics who breed hatred against non-Muslims in the name of Islam that means Peace.Funds from the book will be used to fight terrorism and prevent the next attacks.

**Da'wa and Other Religions** khalid siddiqui

Da'wa, a concept rooted in the scriptural and classical tradition of Islam, has been dramatically re-appropriated in modern times across the Muslim world. Championed by a variety of actors in diverse contexts, da'wa -"inviting" to Islam, or Islamic missionary activity - has become central to the vocabulary of contemporary Islamic activism. Da'wa and Other Religions explores the modern resurgence of da'wa through the lens of inter-religious relations and within the two horizons of Islamic history and modernity. Part I provides an account of da'wa from the Qur'an to the present. It demonstrates the close relationship that has existed between da'wa and inter-religious relations throughout Islamic history and sheds light on the diversity of da'wa over time. The book also argues that Muslim communities in colonial and post-colonial India shed light on these themes with particular clarity. Part II, therefore, analyzes and juxtaposes two prominent da'wa organizations to emerge from the Indian subcontinent in the past century: the Tablighi Jamā'at and the Islamic Research Foundation of Zakir Naik. By investigating the formative histories and inter-religious discourses of these movements, Part II elucidates the influential roles Indian Muslims have played in modern da'wa. This book makes important contributions to the study of da'wa in general and to the study of the Tablighi Jamā'at, one of the world's largest da'wa movements. It also provides the first major scholarly study of Zakir Naik and the Islamic Research Foundation. Further, it challenges common assumptions and

enriches our understanding of modern Islam. It will have a broad appeal for students and scholars of Islamic Studies, Indian religious history and anyone interested in da'wa and inter-religious relations throughout Islamic history.
