The Montessori Baby
Sleeping Bear Press
A lyrical tribute to the
amazing things in nature
that can occur in various
increments of time invites
youngsters to think about
time as measured by such
examples as the flap of a
vulture's wing, a
crocodile's heartbeat and
the life of a mayfly. By the

creator of the Caldecott
Honor-winning *What Do
You Do with a Tail Like
This?* 35,000 first printing.

Guide* Albert Whitman &
Company

A rollicking, rhyming read-
aloud that will knock your
socks off! Warm-up,
wiggle, stretch your beak.
Duck Sock Hop comes
once a week! The mood is
high, the sun is low, the
music starts, get ready,
go! In this tongue-
twisting, toe-tapping
picture book, ducks grab
socks from a big sock box

and head on down to the
duck sock hop. In socks
with stripes and socks
with spots, socks with
squares and socks with
dots, these brightly,
boldly illustrated ducks
dance until their socks go
rip; and ducks teeter,
tumble, twist, and trip.
But not to worry; in this
preschool-perfect read-
aloud, when one sock hop
ends, the countdown to
the next one begins. So,
prepare for a feel-good,
giggle-inducing read.

Do you want your children
to feel like algebra is
beautiful, playful, and
intuitive? *Socks Are Like
Pants, Cats Are Like Dogs*
inspires families and
groups to play, solve, talk,
and make math-together!
The book is filled with a
diverse collection of math
games, puzzles, and

activities exploring the mathematics of choosing, identifying and sorting. The activities inside are portable and easy to start. Many require little in the way of materials and preparation. Teacher and parent tested in real classrooms and living rooms, the ideas in this book are created to encourage endless inventiveness and variation. Be inspired to play and create, again and again, each time with a different, perhaps surprising result. Don't hesitate-play math today!

George Washington's Socks Random House Books for Young Readers

When Grandma was a little girl in Mississippi, she sneaked into town one day. It was a hot day—the kind of hot where a firecracker might light up by itself. But when this little girl saw the "Whites Only" sign on the water fountain, she had no idea what she would spark when she took off her shoes and—wearing her clean white socks—stepped up to drink. Bravery, defiance, and a touch of magic win out over hatred in this acclaimed story by Elevelyn Coleman. Tyrone Geter's paintings richly evoke its heat, mood, and legendary spirit.

Gears Yale University Press

LAUGH YOUR SOCKS OFF! Stripy sharks and woolly crocs, Purple dogs with polka dots! What can YOU see made from SOCKS? Kids (and grown ups!) will love this socktastic celebration of the nation's favourite footwear. Look out for sockerels, sockodiles and Goldisocks, and prepare to see your socks in a whole new light!

Can I Play Too? (An Elephant and Piggie Book)

Harper Collins

The bestselling coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. The House on Mango Street is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other

books in our time have touched so many readers. *The Snowy Day* Yearling

Socks is one very happy cat. He lives the good life with his nice young owners, Mr. and Mrs. Bricker. They play with him when-ever he wants, feed him special treats, and always pet and scratch him when he curls up in their warm laps. Then a new baby arrives. Suddenly little Charles William is the one get-ting all the love and attention. Socks feels completely left out. To show how he feels about the new addition to the Bricker family, Socks starts getting into all sorts of trouble—with tomcats, phantom dogs, even Nana's best wig. It's not until Socks rescues Charles William from big, big trouble that Socks realizes just how much the Brickers truly want to keep him in the family. Beverly Cleary creates a warm, funny, and relatable story told from a cat's point of view in this purr-fectly delightful book about family and change. *My Dog Is As Smelly As Dirty Socks* Sleeping Bear Press

A bilingual edition that makes available for the first time a substantial selection of Neruda's *Elemental Odes*, originally

published in Spanish in three volumes. The Odes were written in the mid-fifties when Neruda was at the height of his powers, and are explorations and celebrations of man's relation to the natural and man-made world. They are straightforward and immediate and are considered his most approachable and popular work. 67 odes are printed in this volume of which about a dozen have appeared (in different translations) in English collections of Neruda before.

Just a Second New Leaf Publishing Group
Cousins Jesse and Daisy always knew they would have a magical adventure, but they are not prepared when the "thunder egg" Jesse has found turns out to be a dragon egg that is about to hatch.

A Complete Literature and Grammar Unit

Penguin
Simple text and illustrations describe some of the pleasures of each season.

A Pair of Socks Scholastic
Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common

misconceptions about such topics as identity, privacy, danger, and bullying.

One Red Sock Random House

Suki and Sosh love their life. Each day they go to work together on their pair of feet, and each night they snuggle together in their sock drawer. But then disaster strikes: Sosh spots that Suki has a hole. Darn it! Sure enough, his warm, woolly wife starts to unravel, until one day Suki is nowhere to be found. The rest of the underwear warn him not to go it alone - no one likes an odd sock. But Sosh swears to find her.

A Book about the Four Seasons Random House
How do you draw your smelly dog? Your playful daddy? Your yummy mommy? See how one girl does it in this simple, clever picture book that's comprised of family portraits made out of objects. For example, her baby brother is so noisy—he's as loud as a whistle, a horn, and even a fire truck!—that she creates a picture of him with whistles for eyes, a horn mouth, and holding a fire truck. After the girl has described everyone in her family (including herself, in great detail),

she asks, "What does your special family look like?" encouraging readers to create their own portraits. With a list of objects at the end of the book to use as a guide, this is the ideal choice for budding artists everywhere. Here's a wonderful exploration of simile and metaphor for young readers. And don't miss the companion book *My Best Friend is as Sharp as a Pencil!*

Socks Are Like Pants, Cats Are Like Dogs

Rainbow Horizons Publishing
Rhymed text and illustrations introduce the many meanings of "up."
Fox in Socks Vintage
The adventures of a little boy in the city on a very snowy day. On board pages.

Socks (Novel Study)

Harper Collins
Winner of the 2019 Newbery Medal
Thoughtful, strong-willed sixth-grader Merci Suarez navigates difficult changes with friends, family, and everyone in between in a resonant new novel from Meg Medina. Merci Suarez knew that sixth grade would be different, but she had no idea just how different. For starters, Merci has never been like the other kids at her private school in Florida,

because she and her older brother, Roli, are scholarship students. They don't have a big house or a fancy boat, and they have to do extra community service to make up for their free tuition. So when bossy Edna Santos sets her sights on the new boy who happens to be Merci's school-assigned Sunshine Buddy, Merci becomes the target of Edna's jealousy. Things aren't going well at home, either: Merci's grandfather and most trusted ally, Lolo, has been acting strangely lately — forgetting important things, falling from his bike, and getting angry over nothing. No one in her family will tell Merci what's going on, so she's left to her own worries, while also feeling all on her own at school. In a coming-of-age tale full of humor and wisdom, award-winning author Meg Medina gets to the heart of the confusion and constant change that defines middle school — and the steadfast connection that defines family.

The Dragon in the Sock Drawer Socks
 Concepts of Mathematics and Physics Course
 Description This is the suggested course sequence that allows one core area of science to be studied per semester. You can change the sequence of the semesters per the needs or interests of your student; materials for each semester are independent of one another to allow flexibility. Semester 1: Mathematics Numbers surround us. Just try to make it through a day without using any. It's impossible: telephone numbers, calendars, volume settings, shoe sizes, speed limits, weights, street numbers, microwave timers, TV channels, and the list goes on and on. The many advancements and branches of mathematics were developed through the centuries as people encountered problems and relied upon math to solve them. It's amazing how ten simple digits can be used in an endless number of ways to benefit man. The development of

these ten digits and their many uses is the fascinating story in Exploring the World of Mathematics. Semester 2: Physics Physics is a branch of science that many people consider to be too complicated to understand. John Hudson Tiner puts this myth to rest as he explains the fascinating world of physics in a way that students can comprehend. Did you know that a feather and a lump of lead will fall at the same rate in a vacuum? Learn about the history of physics from Aristotle to Galileo to Isaac Newton to the latest advances. Discover how the laws of motion and gravity affect everything from the normal activities of everyday life to launching rockets into space. Learn about the effects of inertia firsthand during fun and informative experiments. Exploring the World of Physics is a great tool for students who want to have a deeper understanding of the important and interesting ways that physics affects our lives.
