Humorous,

Dr. Peterson

led his league in a season? Nolan Ryan had zero Cy Young Awards despite owning records for strikeouts and no-hitters. Roger Clemens, on the other hand, had a record seven Cy Youngs and two 20-strikeout games but zero no-hitters. There were also zero no-hitters by Greg Maddux, who has more wins than any living pitcher. Players took zeroes and sometimes double-zeroes as uniform

numbers. Veteran baseball writer Dan Schlossberg delves into the previously-unknown world of baseball zeroes, exploring everything from Christy Mathewson's zero runs allowed in the 1905 World Series to the three perfect games pitched in Yankee Stadium. This book also reveals that there were zero no-hitters pitched by Pirates at Pittsburgh's Forbes Field

even though visiting pitchers did not fall victim to that hex. There have been zero players who hit five home runs in one game but two who have hit five in one day. This is a book of *Almost But Not Quite* (ABNQ for short) but also a book that suggests baseball's second century can be almost as intriguing as its first. sell more  
books, make

more money as an author, or rank higher in your category. My name is Nick Vulich. The first thing you should know about me is I'm not a writer, and I'm not an expert on self-publishing either. I never worked in the industry, and I don't have any experience working for the big publishers. In fact, the only

thing I consider myself an expert in is how to sell on eBay, Amazon, and Fiverr... So why should you listen to me? Like most indie authors, I came into publishing through the back door. I had a story to tell, and one day I just sat down and let it all come out. What I wrote wasn't pretty, or polished...but, it helped a lot

of people sell more stuff on eBay. What I couldn't say with fancy prose, I made up for with enthusiasm. Because of that, my books sold. I'm not going to lie to you. It wasn't easy. I read just about every book available on self-publishing. I studied up on KDP Free days, Countdown Deals, price pulsing...
