An exploration of the influence of secret societies on the formative documents and symbols of the United States • Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal • Traces the influence of the Iroquois League of Nations upon the Constitution • Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies. All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders' connections to the Freemasons, the Rosicrucians, and other esoteric orders. In *Founding Fathers, Secret Societies* Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal--which appears on the back of the one-dollar bill--is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision.

**The Secrets Of Nostradamus** Random House

Walker argues that previous translations have got it wrong, because they have failed to realise that Nostradamus was writing in an esoteric language called the 'green language'. Where previous translations have seemed to stretch a point to make a

quotation fit an historical event, Walker reveals the prophet's true prophecies regarding the American and French revolutions, the Franco-Prussian, First, Second, and Third world wars, earthquakes, floods, the Antichrist and the end of the world. Properly seen, Walker argues, Nostradamus is the greatest Western prophet to commit his prophecies to writing since the Old Testament.

Ovason takes a well-known image or turning point in each successive epoch of modern history and shows that our understanding of what lies behind it is completely wrong. Moreover he reverses the general assumption that these epochs, e. g. Renaissance, Age of Reason, Romantics, the Industrial Revolution, were essentially secularising, materialising movements, by revealing the spiritual impulses behind them. Topics include the astrology in medieval churches, what Joan of Arc did for England, the shadowy 'superior' who instructed both John Dee and Francis Bacon, the evil infiltration of Masonic lodges that gave rise to the French Revolution and why Nazis showed the swastika spinning backwards.

"This wonderfully rich volume challenges those who claim that political history is arid, narrow, or worse, irrelevant to our own concerns. Jensen's study explores popular political mobilization on the eve of American independence. It reconstructs the complex decisions that slowly, often painfully transformed a colonial rebellion into a genuine revolution. Jensen's well-paced narrative never loses sight of the ordinary men and women who confronted the most powerful empire in the world." --T.H. Breen, William Smith Mason Professor of American History, Northwestern University

Exposes the many cycles of monument destruction and cultural suppression in Egypt from antiquity to the present day • Details the vandalism of Egyptian antiquities and suppression of ancient knowledge under foreign rulers who sought to cleanse Egypt of its "pagan" past • Reveals the real reason behind Napoleon's invasion of Egypt: Freemasonry • Shows how the censorship of nonofficial Egyptology as well as new archaeological discoveries continued under Antiquities Minister Zahi Hawass Called the "Mirror of Heaven" by Hermes-Thoth and regarded as the birthplace of civilization, science, religion, and magic, Egypt has ignited the imagination of all who come in contact with it since ancient times--from Pythagoras and Plato to Alexander the Great and Napoleon to modern Egyptologists the world over. Yet, despite this preeminence in the collective mind, Egypt has suffered considerable destruction over the centuries. Even before the burning of the Great Library at Alexandria, the land of the pharaohs was pillaged by its own people. With the arrival of foreign rulers, both Arabic and European, the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its "pagan" past. Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation, such as the first registered excavations by Auguste Mariette, Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone. They show how Napoleon, through his invasion, wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry. They reveal how the degradation of monuments, theft of relics, and censorship of ancient teachings continue to this day. Exposing recent cover-ups during the tenure of Antiquities Minister Zahi Hawass, they explain how new discoveries at Giza were closed to further research. Clearing cultural and historical distortions, the authors reveal the long-hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as "the Mother of Nations" and "the Mirror of Heaven."
