Poetics Book by Aristotle University of Hawaii Press

In the long history of philosophy and literature, few have been so widely read and admired as the great thinkers of Greece and Rome. For modern audiences, this eBook bundle—which collects the Modern Library editions of three classics: Marcus Aurelius' *Meditations*, *Selected Dialogues of Plato*, and *The Basic Works of Aristotle*—is the perfect introduction to the foundation of modern knowledge. Accompanied by insightful, accessible commentary from some of today's top scholars, including Gregory Hays, Hayden Pelliccia, and C.D.C. Reeve, this is a collection of ideas that changed the world—and have truly stood the test of time. *MEDITATIONS* Marcus Aurelius succeeded his adoptive father as emperor of Rome in A.D. 161—and *Meditations* remains one of the greatest works of spiritual and ethical reflection ever written. The *Meditations* have become required reading for statesmen and philosophers alike, while generations of readers have responded to the straightforward intimacy of the leader's style. In Gregory Hays's seminal translation, Marcus's thoughts speak with a new immediacy: Never before have they been so directly and powerfully presented. *SELECTED DIALOGUES OF PLATO* In this volume, Hayden Pelliccia has revised five of Benjamin Jowett's translations of Plato—classics in their own right—to produce a fresh, modern take that *Library Journal* calls "a needed and welcome addition to the translations of the *Dialogues*." Here are

Ion, Protagoras, Phaedrus, and the famous Symposium, which discuss poetry, the Socratic method, rhetoric, psychology, and love. Most dramatically, *Apology* puts Socrates' art of persuasion to the ultimate test—defending his own life. *THE BASIC WORKS OF ARISTOTLE* Preserved by Arabic mathematicians and canonized by Christian scholars, Aristotle's works have shaped Western thought, science, and religion for nearly two thousand years—and Richard McKeon's edition has long been considered the best available one-volume Aristotle. Here are selections from the *Organon*, *On the Heavens*, *The Short Physical Treatises*, *Rhetoric*, among others, and *On the Soul*, *On Generation and Corruption*, *Physics*, *Metaphysics*, *Nicomachean Ethics*, *Politics*, and *Poetics* in their entirety.

The Penguin Book of English Verse American Poets Project A beloved multidisciplinary treatise comes to Penguin Classics Since its initial publication in 1958, *The Poetics of Space* has been a muse to philosophers, architects, writers, psychologists, critics, and readers alike. The rare work of irresistibly inviting philosophy, Bachelard's seminal work brims with quiet revelations and stirring, mysterious imagery. This lyrical journey takes as its premise the emergence of the poetic image and finds an ideal metaphor in the intimate spaces of our homes. Guiding us through a stream of meditations on poetry, art, and the blooming of consciousness itself, Bachelard examines the domestic places that shape and hold our dreams and memories. Houses and rooms; cellars and attics; drawers, chests, and wardrobes; nests and shells; nooks and corners: No space is too vast or too small to be filled by our thoughts and our reveries. In Bachelard's enchanting spaces, "We are never real historians, but always near poets, and our emotion is perhaps nothing but an expression of a poetry that was lost." This new edition features a foreword by

Mark Z. Danielewski, whose bestselling novel *House of Leaves* drew inspiration from Bachelard's writings, and an introduction by internationally renowned philosopher Richard Kearney who explains the book's enduring importance and its role within Bachelard's remarkable career. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

This *Everyman's Library* edition—containing in one volume all three cantos, *Inferno*, *Purgatorio*, and *Paradiso*—includes an introduction by Nobel Prize—winning poet Eugenio Montale, a chronology, notes, and a bibliography. Also included are forty-two drawings selected from Botticelli's marvelous late-fifteenth-century series of illustrations. Translated in this edition by Allen Mandelbaum, *The Divine Comedy* begins in a shadowed forest on Good Friday in the year 1300. It proceeds on a journey that, in its intense recreation of the depths and the heights of human experience, has become the key with which Western civilization has sought to unlock the mystery of its own identity. Mandelbaum's astonishingly Dantean translation, which captures so much of the life of the original, renders whole for us the masterpiece of that genius whom our greatest poets have recognized as a central model for all poets.

With the emergence of democracy in the city-state of Athens in the years around 460 BC, public speaking became an essential skill for politicians in the Assemblies and Councils - and even for ordinary citizens in the courts of law. In response, the technique of rhetoric rapidly developed, bringing virtuoso performances and a host of practical manuals for the layman. While many of these were little more than collections of debaters' tricks, the *Art of Rhetoric* held a far deeper purpose. Here Aristotle (384-322 BC) establishes the methods of informal reasoning, provides the first aesthetic evaluation of prose style and offers detailed observations on character and the emotions. Hugely influential upon later Western culture, the *Art of Rhetoric* is a fascinating consideration of the force of persuasion and sophistry, and a compelling guide to the principles behind oratorical skill.

That proud, impassioned soul, so ungovernable now that she has felt the sting of injustice' *'Medea'*, in which a spurned woman takes revenge upon her lover by killing her children, is one of the most shocking and horrific of all the Greek tragedies. Dominating the play is *Medea* herself, a towering and powerful figure who demonstrates Euripides' unusual willingness to give voice to a woman's case. *'Alcestis'*, a tragicomedy, is based on a magical myth in which Death is overcome, and *'The Children of Heracles'*

examines the conflict between might and right, while *'Hippolytus'* deals with self-destructive integrity and moral dilemmas. These plays show Euripides transforming the awesome figures of Greek mythology into recognizable, fallible human beings. John Davie's accessible prose translation is accompanied by a general introduction and individual prefaces to each play. Previously published as *Alcestis and Other Plays*

An enchanting collection of the very best of Russian poetry, edited by acclaimed translator Robert Chandler together with poets Boris Dralyuk and Irina Mashinski. In the late eighteenth and early nineteenth centuries, poetry's pre-eminence in Russia was unchallenged, with Pushkin and his contemporaries ushering in the 'Golden Age' of Russian literature. Prose briefly gained the high ground in the second half of the nineteenth century, but poetry again became dominant in the 'Silver Age' (the early twentieth century), when belief in reason and progress yielded once more to a more magical view of the world. During the Soviet era, poetry became a dangerous, subversive activity; nevertheless, poets such as Osip Mandelstam and Anna Akhmatova continued to defy the censors. This anthology traces Russian poetry from its Golden Age to the modern era, including

work by several great poets - Georgy Ivanov and Varlam Shalamov among them - in captivating modern translations by Robert Chandler and others. The volume also includes a general introduction, chronology and individual introductions to each poet. Robert Chandler is an acclaimed poet and translator. His many translations from Russian include works by Aleksandr Pushkin, Nikolay Leskov, Vasily Grossman and Andrey Platonov, while his anthologies of Russian Short Stories from Pushkin to Buida and Russian Magic Tales are both published in Penguin Classics. Irina Mashinski is a bilingual poet and co-founder of the StoSvet literary project. Her most recent collection is 2013's *Ophelia i masterok* [*Ophelia and the Trowel*]. Boris Dralyuk is a Lecturer in Russian at the University of St Andrews and translator of many books from Russian, including, most recently, Isaac Babel's *Red Cavalry* (2014).

Acclaimed translator Dick Davis breathes new life into the timeless works of three masters of 14th-century Persian literature Together, Hafez, a giant of world literature; Jahan Malek Khatun, an eloquent princess; and Obayd-e Zakani, a dissolute satirist, represent one of the most remarkable literary flowerings of any era. All three lived in the famed city of Shiraz, a provincial capital of south-central Iran, and all three drew support from arts-loving rulers during a time better known for its violence than its creative brilliance. Here Dick Davis, an award-winning poet widely considered "our finest translator of Persian poetry" (*The Times Literary Supplement*), presents a diverse selection of some of the best poems by these world-renowned authors and shows us the spiritual and secular aspects of love, in varieties embracing every aspect of the human heart. "Davis [is] widely acknowledged as the leading translator of Persian literature in our time...Faces of Love has made the Persian originals into real and moving English

poems.” —Michael Dirda, *The Washington Post* For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. The Poetics of Space Open Road Media

The works collected in this volume have profoundly shaped the history of criticism in the Western world: they created much of the terminology still in use today and formulated enduring questions about the nature and function of literature. In *Ion*, Plato examines the god-like power of poets to evoke feelings such as pleasure or fear, yet he went on to attack this manipulation of emotions and banished poets from his ideal Republic. Aristotle defends the value of art in his *Poetics*, and his analysis of tragedy has influenced generations of critics from the Renaissance onwards. In *The Art of Poetry*, Horace promotes a style of poetic craftsmanship rooted in wisdom, ethical insight and decorum, while Longinus' *On the Sublime* explores the nature of inspiration in poetry and prose.

A scintillating collection of essays on language from one of literature's most supple minds In *The Night Sky*, her first work of essays, acclaimed poet Ann Lauterbach writes of the ways in which art and poetry are integral and necessary to human conversation. At the center of the book is a series of seven essays, by turns meditative and polemical, that articulate the interstices between Lauterbach's poetics and her experience. She advocates an active encounter with language, at once imaginative and practical, and argues for the importance of art to the well-being of a democratic society. Lauterbach's "nimble and glittering" (Booklist) writings bring us to a new understanding of the relationship between self-knowledge and cultural meaning, as well as demonstrating the ways in which contemporary philosophy and theory might be integrated with practical knowledge.
