“Brooks’ chronological and cross-disciplinary leaps are thrilling.”

—The New York Times Book Review “Horse isn’t just an animal story—it’s a moving narrative about race and art.” —TIME “A thrilling story about humanity in all its ugliness and beauty . . . the evocative voices create a story so powerful, reading it feels like watching a neck-and-neck horse race, galloping to its

conclusion—you just can’t look away.”

—Oprah Daily Winner of the Anisfield-Wolf Book Award, the Dayton Literary Peace Prize, and the Dr. Tony Ryan Book Award · Finalist for the Chautauqua Prize · A Massachusetts Book Award Honor Book A discarded painting in a junk pile, a skeleton in an attic, and the greatest racehorse in American history: from these strands, a Pulitzer Prize winner braids a sweeping story of spirit, obsession, and injustice across American history Kentucky, 1850. An enslaved groom named Jarret and a bay foal forge a bond of understanding that will carry the horse to record-setting victories across the South.

When the nation erupts in civil war, an itinerant young artist who has made his name on paintings of the racehorse takes up arms for the Union. On a perilous night, he reunites with the stallion and his groom, very far from the glamor of any racetrack. New York City, 1954. Martha Jackson, a gallery owner celebrated for taking risks on edgy contemporary painters, becomes obsessed with a nineteenth-century equestrian oil painting of mysterious provenance. Washington, DC, 2019. Jess, a Smithsonian scientist from Australia, and Theo, a Nigerian-American art historian, find themselves unexpectedly connected through

their shared interest in the horse—one studying the stallion's bones for clues to his power and endurance, the other uncovering the lost history of the unsung Black horsemen who were critical to his racing success. Based on the remarkable true story of the record-breaking thoroughbred Lexington, *Horse* is a novel of art and science, love and obsession, and our unfinished reckoning with racism.

Mini-Loup n'a peur de rien Hachette Jeunesse
 According to Roger Caillois, play is an occasion of pure waste. In spite of this - or because of it - play

constitutes an essential element of human social and spiritual development. In this study, the author defines play as a free and voluntary activity that occurs in a pure space, isolated and protected from the rest of life.

Livres hebdo Hachette Enfants

In *Let Their People Come*, Lant Pritchett discusses five "irresistible forces" of

global labor migration, and the "immovable ideas" that form a political backlash against it. Increasing wage gaps, different demographic futures, "everything but labor" globalization, and the continued employment growth in low skilled, labor intensive industries all contribute to the forces compelling labor to migrate across national borders. Pritchett analyzes the fifth irresistible force of "ghosts and zombies," or the rapid and massive shifts in desired populations of countries, and says that this aspect has been neglected in the discussion of global labor mobility. In *Let Their People Come* provides six policy recommendations for unskilled immigration

policy that seek to reconcile the irresistible force of migration with the immovable ideas in rich countries that keep this force in check. In clear, accessible prose, this volume explores ways to regulate migration flows so that they are a benefit to both the global North and global South.

Sport is a global phenomenon engaging billions of people and generating annual revenues of more than US\$ 145 billion.

Problems in the governance of sports organisations, fixing of matches and staging of major sporting events have spurred action on many fronts. Yet attempts to stop

corruption in sport are still at an early stage. The Global Corruption Report (GCR) on sport is the most comprehensive analysis of sports corruption to date. It consists of more than 60 contributions from leading experts in the fields of corruption and sport, from sports organisations, governments, multilateral institutions, sponsors, athletes, supporters, academia and the wider anti-corruption movement. This GCR provides essential analysis for understanding the corruption risks in sport, focusing on sports governance, the business of sport, planning of major events, and match-fixing. It highlights the significant work that

has already been done and presents new approaches to strengthening integrity in sport. In addition to measuring transparency and accountability, the GCR gives priority to participation, from sponsors to athletes to supporters an essential to restoring trust in sport.

Mini-Loup, Mini-Pic, Doudou et Anicet sont en vacances en Egypte. Ils ont rendez-vous devant la grande pyramide avec Louna, l'amoureuse de Mini-Loup. Elle a hâte de leur montrer le petit chat que son papa lui a offert. Mais le chaton prend soudain peur et part se cacher dans l'énorme pyramide toute noire ! Les amis

se lancent à sa recherche : une drôle d'aventure les attend dans la demeure des momies égyptiennes... *The Complete Book of 1940s Broadway Musicals* Hachette Jeunesse
Counselor for Public Affairs at the U.S. Embassy in Port-au-Prince in 1999-2001, Daniel Whitman was haunted by the country's people and landscapes, its nuanced language, and complex and rewarding friendships. His friends included neighbors, art gallery owners, gas station attendants - but mostly Haiti's intrepid journalists and broadcasters. Unlike others, Whitman believed that the three elections of 2000 could advance Haiti's democracy and its development from the

bottom rung as poorest nation in the Western Hemisphere. He was wrong; they did not. Local supremacists killed, torched and rushed to fraud while foreigners forgave and even blessed the electoral debacles without posing the resistance even of meaningful public comment. However, seeds also germinated to make Haiti one day fit for its inventive, humor-loving and too often betrayed people. The effort was kept alive largely by Haiti's gritty journalists, going into hiding when necessary for their survival, but newly organized in October of 1999, into a tenacious and daring national federation. The nationwide Haitian Press Federation advanced against all odds, and

held eight regional meetings which changed political discourse forever in Haiti. The country now enters a post-Aristide interlude. The failure of one regime does not guarantee success for the next. A Haiti Chronicle offers recent context for understanding Haiti's current crisis, and opportunity.

and friends * What you studied in school * Your favorite TV show * Your family's background . . . and much more!

On Food and

Cooking Brookings

Institution Press

A kitchen classic for over 35 years, and hailed by Time magazine as "a minor masterpiece" when it first appeared in 1984, *On Food and Cooking* is the bible which food lovers and professional chefs worldwide turn to for an understanding of where our foods come from, what exactly they're made of, and how cooking transforms them into something new and delicious. For its twentieth anniversary, Harold McGee prepared a new, fully revised and updated edition of *On Food and Cooking*. He has

rewritten the text almost completely, expanded it by two-thirds, and commissioned more than 100 new illustrations. As compulsively readable and engaging as ever, the new *On Food and Cooking* provides countless eye-opening insights into food, its preparation, and its enjoyment. *On Food and Cooking* pioneered the translation of technical food science into cook-friendly kitchen science and helped birth the inventive culinary movement known as "molecular gastronomy." Though other books have been written about kitchen science, *On Food and Cooking* remains unmatched in the accuracy, clarity, and thoroughness of its

explanations, and the intriguing way in which it blends science with the historical evolution of foods and cooking techniques. Among the major themes addressed throughout the new edition are: · Traditional and modern methods of food production and their influences on food quality · The great diversity of methods by which people in different places and times have prepared the same ingredients · Tips for selecting the best ingredients and preparing them successfully · The particular substances that give foods their flavors, and that give us pleasure · Our evolving knowledge of the health benefits and risks of foods On Food and Cooking is an invaluable and

monumental compendium of basic information about ingredients, cooking methods, and the pleasures of eating. It will delight and fascinate anyone who has ever cooked, savored, or wondered about food.

A Haiti Chronicle

Hachette Enfants

A triumphant memoir by the former editor-in-chief of French Elle that reveals an indomitable spirit and celebrates the liberating power of consciousness. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a

rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He

explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.
