A healing path using the power of dreams, theater, poetry, and shamanism

- Shows how psychological realizations can cause true transformation when manifested by concrete poetic acts • Includes many examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help While living in Mexico, Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers. He realized that it is easier for the unconscious to understand the language of dreams than that of rationality. Illness can even be seen as a

physical dream that reveals unresolved emotional and psychological problems. Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams, art, and theater to empower individuals to heal wounds that in some cases had traveled through generations. The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self. That is when true transformation can manifest. For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired,

Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold. A judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets. The lesson for him was that if a tramp can fill his pockets with eyeballs, then they must be of no value, and thus the eyes of others should have no bearing on who you are and what you do. Taking his patients directly at their words, Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts

hindering their lives.

«Non siamo qui per dirigere i vostri passi, né per creare il vostro destino, ma per guidarvi, mostrarvi le scelte che vi si offrono». È questo il messaggio di una guida di luce di nome Lucas, ed è questo il compito di questa raccolta. Come medium chiaroveggente e traghettatrice di anime, sono in grado di avvertire, vedere e ascoltare gli esseri allo stato di energia pura. Nel corso degli anni, ho raccolto i messaggi di anime erranti, di anime in evoluzione nella luce e di esseri di luce denominati anche angeli, arcangeli o maestri asceti. Da molto tempo accarezzavo il sogno di

trasformarli in un libro accessibile a tutti. Alcuni messaggi sono indirizzati a qualcuno in particolare, mentre non ho mai rintracciato i destinatari di altri. Il loro contenuto rimane universale, ed è per questo che li condivido con voi. Probabilmente uno di questi messaggi è indirizzato personalmente a voi. Il libro si divide in quattro parti. La prima contiene messaggi di defunti, la seconda quella di esseri di luce. Nella terza parte vi sono i miei testi relativi alla medianità e l'ultima parte contiene una canalizzazione completa, in occasione di un consulto con un cliente. Spero che questo libro rappresenti per voi un confronto con queste energie sottili, tanto quanto lo è stato per me. Aprite il vostro cuore e lasciatevi trasportare da questi messaggi, a volte commoventi e

sconcertanti. Forse uno di questi messaggi è proprio per voi!

Il libro è diviso in due parti: una sezione teorica, nella quale sono illustrati i punti più importanti della magia nova, e una seconda parte in cui è presente una raccolta di semplici giochi con le carte tramite i quali il lettore mette in pratica

progressivamente gli elementi teorici.

How to Hear Your Angels Mellory Addams

Osho Zen Tarot, from the #1 bestselling mystic and spiritual author Osho! When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration: what will happen in the future? What about my health, the children? What will happen if I make this decision and not that one? This is how

the traditional tarot is often used, to satisfy a longing to know about the past and future. The Osho Zen Tarot focuses instead on gaining an understanding of the here and now. It is a system based on the wisdom of Zen, a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings, even though we ourselves might be unclear about what those thoughts and feelings are. So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts. The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative. The text in the accompanying book helps to

interpret and understand the images in the simple, straightforward and down to earth language of Zen.

Terapia Angélica AURORA SPELLSINGER

Dr. Doreen Virtue's life changed dramatically when angels miraculously warned her and then intervened during a carjacking. After her angelic encounter, Doreen began asking the angels for additional guidance. They answered her requests with very clear and loving words. She writes of how the angelic guidance affected her work as a psychotherapist: "I began helping my counselling clients to hear their own angels. Very quickly, I discovered that the healing power of the angels exceeds any form of 'man-made' therapy I had ever witnessed. The angels have wonderful gifts from God to impart to

us." In Angel Therapy, Doreen delivers The Angelic Realm's messages of comfort and guidance that can help you with troubling emotions such as depression, boredom, confusion, and anger; and issues associated with careers, relationships, parenting, and much more.

"The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second

World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path

• Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of

religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work

with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.
