Keith Stein was already a phenomenal clarinetist when he attended the very first session of the National Music Camp at Interlochen, Michigan. Stein was then accepted into the Chicago Symphony, and became one of its youngest members. He earned a master of music degree at the University of Michigan, and his teaching career began at Michigan State University and Interlochen, where he remained for the next 41 years until he retired. Within this book, the author makes the player aware of all the many faulty habits he may have acquired, then offers constructive suggestions for remedying each one.

Clarinet Note Speller Austin Macauley

"A comprehensive collection of bebop studies, with detailed explanation of some of jazz improvisations fundamental tools. The pages in this book contain a collection of studies developed that will help you improve your technique, knowledge of your instrument, and a feeling for jazz melodies. If practiced in tempo you will also develop a good sense of rhythm. There is a great deal of material here, all of which is based on actual jazz phrases. Any part of the following studies can be easily adopted as part of

a solo. Fingerings and fret-board diagrams are included as well as an accompanying CD with 15 tracks that features the studies in this book as played by Roni Ben-Hur with the accompaniment of one of New York's best rhythm sections: Tardo Hammer on piano, Earl May on bass and Leroy Williams on drums. It is a powerful tool to help you master this material. Use it to listen to the studies and get acquainted with them, then practice them with the CD. You can turn the guitar channel off on the CD, and practice just with the rhythm section."

"Jazz-Studies" opens the gate to the world of Jazz for the student. From general tips, over the explanation of style features that make Jazz become Jazz to samples and playalongs for one's own improvisations. This book gives the student an understanding of the basics of improvisation, phrasing, rhythm and eartraining through special exercises, explanations and samples. Through practising check lists, which can be printed out, the student has the possibility of developing his technical skills systematically. 10 Jazz exercises train the different phrasing-techniques and rhythmic features of Jazz. They can be checked at any time by listening to the samples. This way the student always has the possibility of controlling whether he does the exercise properly and correcting any mistakes by (simply) listening. At each exercise tips, hints or explanations or advices for practising are provided for the student so he can master the exercise in a better way. 4 Jazz tunes give the student the possibility of using the skills he got from the exercises at a "Jazz piece". These tunes are based on common song forms of Jazz (Blues, Rhythm Changes, ect.) . Compositional elements and also basics of harmonics are

made accessible to the student. He is encouraged to improvise in various ways over the song forms, to vary melodies or to compose and also to transcribe the soli played on the recordings. Important: This book is in epub3 format - fixed layout. You need an appropriate reader.

A comprehensive study text for students beginning a serious study of jazz. The first part of the book begins by teaching elements of jazz phrasing, articulation, vibrato and interpretation of rhythms through exercises and original pieces. Next, the book encourages improvisational skills through both theoretical and technical studies of scales and chords. The second half of the book builds on the skills learned in the first part with an in-depth study of the theory, which underlies improvisational techniques including scales, modal concepts and chord construction. Ear training, particularly the development of the ability to hear chord progressions is also emphasized

(Schott). These methods provide complete courses for players of all ages, guiding students from their first note to classics, together with compositions by contemporary writers. Each book is accompanied by high quality rhythm section tracks recorded on compact disc. Right from the start, students can enjoy authentic jazz sounds, playing in the company of professionals. With step-by-step instruction and a progression of specially written pieces, the fundamental elements of good technique are introduced alongside the rhythmic subtleties of jazz. Improvisation is encouraged from an early stage and is given direction through the systematic study of scales and arpeggios and advice on ear-training and chord patterns. With supplementary suggestions for listening and reading, and an Appendix containing all the chord progressions for "live" accompaniment of the tunes, The Jazz Methods are ideally suited to both students working alone and those learning with a teacher. "John O'Neill has a solid understanding of jazz and how it can be taught. I highly recommend his educational jazz materials." (Jamey Aebersold) "...a rare opportunity for a new player (or a more experienced one) to develop a really musical facility. A rare addition to the jazz improvising library." (Lee Konitz, international jazz saxophone soloist) - includes 'classics' by Thelonious Monk, Charlie Parker, Sonny Rollins and Horace Silver - "...very good original jazz tunes that students will use as stepping stones for further development... a non-jazz-playing flute teacher would probably find the book a godsend especially if students are studying GCSE music." (Steve Tayton, Jazz Journal International) Part one: The foundation Techniques * Part two: Playing the Music * Part three: Appendices

Foundations for Superior Performance Alfred Music

This volume is planned as a sequel to Book One or any other of the various elementary and intermediate books. A definite order of study has been worked out to give the student a thorough knowledge of major and minor keys along with many necessary rhythmic figures and fingering problems of the clarinet. The material is progressive and is written so that the student will not read the works at sight but rather will need to study each portion for mastery.
