DELACRUZ CARPENTER		An Obedient Father Penguin Jesus is Lord over everything. So his lordship should shape every aspect of life. But what impact does faith really have on our day-today existence? And how should we, as Christians, interact with the culture? In Every Square Inch, Bruce Ashford skillfully navigates such questions. Drawing on sources like Abraham Kuyper, C.S. Lewis, and Francis Schaeffer, he shows how our faith is relevant to all dimensions of culture. The gospel informs everything we do. We cannot maintain the artificial distinction between "sacred" and "secular." We must proclaim Jesus with our lips and promote him with our lives, no matter what cultural contexts we may find ourselves in.

Our Kind of People Penguin Orientalism refers to the imitation of aspects of Eastern cultures in the West, and was devised in order to have authority over the Orient. The concept of Re-Orientalism maintains the divide between the Orient and the West. However, where Orientalism is based on how the West constructs the East, Re-Orientalism is grounded on how the cultural East comes to terms with an orientalised East. This book explores various new forms, objects and modes of circulation that sustain this renovated form of Orientalism in South Asian culture. The contributors identify and engage with recent debates about postcolonial South Asian identity politics, discussing a range of different texts and films such as The White Tiger, Bride & Prejudice and Kama Sutra: A Tale of Love. Providing new theoretical insights from the areas of literature, film studies and cultural and discourse analysis, this book is an stimulating read for students and scholars interested in South Asian culture, postcolonial studies and identity politics.		Ushnu's Crowded Temple GRIN Verlag In The Gift of Death, Jacques Derrida’s most sustained consideration of religion to date, he continues to explore questions introduced in Given Time about the limits of the rational and responsible that one reaches in granting or accepting death, whether by sacrifice, murder, execution, or suicide. Derrida analyzes Patocka’s Heretical Essays on the History of Philosophy and develops and compares his ideas to the works of Heidegger, Levinas, and Kierkegaard. A major work, The Gift of Death resonates with much of Derrida’s earlier writing and will be of interest to scholars in anthropology, philosophy, and literary criticism, along with scholars of ethics and religion. "The Gift of Death is Derrida's long-awaited deconstruction of the foundations of the project of a philosophical ethics, and it will long be regarded as one of the most significant of his many writings."—Choice "An important contribution to the critical study of ethics that commends itself to philosophers, social scientists, scholars of religion . . . [and those] made curious by the controversy that so often attends Derrida."—Booklist "Derrida stares death in the face in this dense but rewarding inquiry. . . . Provocative."—Publishers Weekly
A Manual for Creating Atheists Houghton Mifflin Harcourt For thousands of years, the faithful have honed proselytizing strategies and talked people into believing the truth of one holy book or another. Indeed, the faithful often view converting others as an obligation of their faith—and are trained from an early age to spread their unique brand of religion. The result is a world broken in large part by unquestioned faith. As an urgently needed counter to this tried-and-true tradition of religious evangelism, A Manual for Creating Atheists offers the first-ever guide not for talking people into faith—but for talking them out of it. Peter Boghossian draws on the tools he has developed and used for more than 20 years as a philosopher and educator to teach how to engage the faithful in conversations that will help them value reason and rationality, cast doubt on their religious beliefs, mistrust their faith, abandon superstition and irrationality, and ultimately embrace reason.		Mohsin Hamid, The reluctant fundamentalist Pan Macmillan From the author of the award-winning Moth Smoke comes a perspective on love, prejudice, and the war on terror that has never been seen in North American literature. At a café table in Lahore, a bearded Pakistani man converses with a suspicious, and possibly armed, American stranger. As dusk deepens to night, he begins the tale that has brought them to this fateful meeting. . . . Changez is living an immigrant’s dream of America. At the top of his class at Princeton, he is snapped up by Underwood Samson, an elite firm that specializes in the “valuation” of companies ripe for acquisition. He thrives on the energy of New York and the intensity of his work, and his infatuation with regal Erica promises entrée into Manhattan society at the same exalted level once occupied by his own family back in Lahore. For a time, it seems as though nothing will stand in the way of Changez’s meteoric rise to personal and professional success. But in the wake of September 11, he finds his position in his adopted city suddenly overturned, and his budding relationship with Erica eclipsed by the reawakened ghosts of her past. And Changez’s own identity is in seismic shift as well, unearthing allegiances more fundamental than money, power, and
		Religious and Racial Profiling in Mohsin Hamid's Novel "The Reluctant Fundamentalist" Bloomsbury Publishing USA The Man Booker-shortlisted, thrillingly provocative international bestseller - adapted to a major motion picture starring Kiefer Sutherland - from the author of Exit West 'Excuse me, sir, but may I be of assistance? Ah, I see I have alarmed you. Do not be frightened by my beard. I am a lover of America . . . ' So speaks the mysterious stranger at a Lahore cafe as dusk settles. Invited to join him for tea, you learn his name and what led this speaker of immaculate English to seek you out. For he is more worldly than you might expect; better travelled and better educated. He knows the West better than you do. And as he tells you his story, of how he embraced the Western dream -- and a Western woman -- and how both betrayed him, so the night darkens. Then the true reason for your meeting becomes abundantly clear . . . Challenging, mysterious and thrillingly tense, Mohsin Hamid's masterly The Reluctant Fundamentalist is a vital read teeming with questions and ideas about some of the most pressing issues of today's globalised, fractured world.
		The Library at Night Yale University Press "Mr. Hamid reaffirms his place as one of his generation's most inventive and gifted writers." --Michiko Kakutani, The New York Times "A globalized version of The Great Gatsby . . . [Hamid's] book is nearly that good." --Alan Cheuse, NPR "Marvelous and moving." -TIME Magazine From the internationally bestselling author of The Reluctant Fundamentalist and Exit West, the boldly imagined tale of a poor boy’s quest for wealth and love His first two novels established Mohsin Hamid as a radically inventive storyteller with his finger on the world’s pulse. How to Get Filthy Rich in Rising Asia meets that reputation—and exceeds it. The astonishing and riveting tale of a man’s journey from impoverished rural boy to corporate tycoon, it steals its shape from the business self-help books devoured by ambitious youths all over “rising Asia.” It follows its nameless hero to the sprawling metropolis where he begins to amass an empire built on that most fluid, and increasingly scarce, of goods: water. Yet his heart remains set on something else, on the pretty girl whose star rises along with his, their paths crossing and recrossing, a lifelong affair sparked and snuffed and sparked again by the forces that careen their fates along. How to Get Filthy Rich in Rising Asia is a striking slice of contemporary life at a time of crushing upheaval. Romantic without being sentimental, political without being didactic, and spiritual without being religious, it brings an unflinching gaze to the violence and hope it depicts. And it creates two unforgettable characters who find moments of transcendent intimacy in the midst of shattering change.
		Reluctant Fundamentalist, (PB) Anchor Canada With an introduction by Alexander McCall Smith, author of The No. 1 Ladies' Detective Agency series. One did not drink sherry before the evening, just as one did not read a novel in the morning. In 1970s London, Edwin, Norman, Letty and Marcia work in the same office and suffer the same problem - loneliness. Lovingly and with delightful humour, Barbara Pym conducts us through

their day-to-day existence: their preoccupations, their irritations, their judgements, and – perhaps most keenly felt – their worries about having somehow missed out on life as post-war Britain shifted around them. Deliciously, blackly funny and full of obstinate optimism, *Quartet in Autumn* shows Barbara Pym's sensitive artistry at its most sparkling. Its world is both extraordinary and familiar, revealing the eccentricities of everyday life.

Fans of *Bridgerton* will love this "exuberant novel of manners for our own gilded age" (Stacy Schiff, author of *Cleopatra*) as we follow the Wilcox family's journey through riches and ruin. Among New York City's Gilded Age elite, one family will defy convention. Helen Wilcox has one desire: to successfully launch her daughters into society. From the upper crust herself, Helen's unconventional--if happy--marriage has made the girls' social position precarious. Then her husband gambles the family fortunes on an elevated railroad that he claims will transform the face of the city and the way the people of New York live, but will it ruin the Wilcoxes first? As daughters Jemima and Alice navigate the rise and fall of their family--each is forced to re-examine who she is, and even who she is meant to love. From the author of *To Marry an English Lord*, an inspiration for *Downton Abbey*, comes a charming and cutthroat tale of a world in which an invitation or an avoided glance can be the difference between fortune and ruin.

While much of the critical discussion about the emerging genre of 9/11 fiction has centred on the trauma of 9/11 and on novels by EuroAmerican writers, this book draws attention to the diversity of what might be meant by "post" -9/11 by exploring the themes of uncanny terror through a close reading of four "post" -9/11 South Asian diasporic fictions.

In the tradition of *A History of Reading*, this book is an account of Manguel's astonishment at the variety, beauty and persistence of our efforts to shape the world and our lives, most notably through something almost as old as reading itself: libraries. *The Library at Night* begins with the design and construction of Alberto Manguel's own library at his house in western France – a process that raises puzzling questions about his past and his reading habits, as well as broader

ones about the nature of categories, catalogues, architecture and identity. Thematically organized and beautifully illustrated, this book considers libraries as treasure troves and architectural spaces; it looks on them as autobiographies of their owners and as statements of national identity. It examines small personal libraries and libraries that started as philanthropic ventures, and analyzes the unending promise – and defects – of virtual ones. It compares different methods of categorization (and what they imply) and libraries that have built up by chance as opposed to by conscious direction. In part this is because this is about the library at night, not during the day: this book takes in what happens after the lights go out, when the world is sleeping, when books become the rightful owners of the library and the reader is the interloper. Then all daytime order is upended: one book calls to another across the shelves, and new alliances are created across time and space. And so, as well as the best design for a reading room and the makeup of Robinson Crusoe's library, this book dwells on more "nocturnal" subjects: fictional libraries like those carried by Count Dracula and Frankenstein's monster; shadow libraries of lost and censored books; imaginary libraries of books not yet written. *The Library at Night* is a fascinating voyage through the mind of one of our most beloved men of letters. It is an invitation into his memory and vast knowledge of books and civilizations, and throughout – though mostly implicitly – it is also a passionate defence of literacy, of the unique pleasures of reading, of the importance of the book. As much as anything else, *The Library at Night* reminds us of what a library stands for: the possibility of illumination, of a better path for our society and for us as individuals. That hope too, at the close, is replaced by something that fits this personal and eclectic book even better: something more fragile, and evanescent than illumination, though just as important.
