"Special collections and liaison librarian partnerships can have a tremendous impact on the work within the library and the university community. Designed to guide the reader through

three different themes - collection stewardship; projects, research, and exhibitions; and instruction - Collaborating for Impact: Special Collections and Liaison Librarian Partnerships offers inspiration and case studies detailing how these departments can impact research, teaching, and learning by working collaboratively. With individual expertise and skillsets, librarians and staff are together better equipped to provide researchers with a holistic, well-rounded perspective on the research process and scholarship. Collaborating for Impact opens with an exploration of current collaboration between liaison and special collections librarians, including a thorough literature review. A

proposed framework for acquiring general and special collections that document the history of the academy and remain responsive to campus curricular needs, and a tutorial on object-based pedagogy that can underpin such arrangements, follow. And finally, there are thirteen case studies that provide concrete examples of how to move the needle towards sustainable efforts and away from one-off examples. If special collections are destined to become the mainstay of the library, many more paths to deeper collaboration can and should be developed. Special collections and liaison librarian partnerships offer a good foundation from which teamwork can take root across administrative, physical, and cultural divides. This book addresses a gap in both special collections and liaison librarian literature, showing how librarians work together across library departments"-- Publisher's description.

The Byzantine Background to the Italian Renaissance Routledge

The Poetics of Aristotle is the earliest surviving work of dramatic theory and first extant philosophical

treatise to focus on literary theory. In it, Aristotle offers an account of what he calls "poetry". In this reflections Aristotle includes verse drama – comedy, tragedy, and the satyr play – as well as lyric poetry and epic poetry. The similarities and differences are being described in this work.

Macmillan Higher Education

This collection of plays captures the comedic genius of Plautus, one of the most important playwrights from classical Roman antiquity. Plautus adapted most of his plays from earlier Greek stories, making him essential in helping to preserve the history and integrity of Greek theatre. What makes Plautus extraordinary, though, is that he kept the essence of the Greek shows while evolving the language to fit contemporary Roman tastes. He refused to let the renovations of the story be compromised by ultimate life-lessons or other philosophical teachings; instead, Plautus focused on the everyday life of his fellow Roman citizens. His plays also contained some of the earliest examples of slapstick humor, making them significant in the

history of comedic theatre. Through the use of clever wordplay and by drawing upon well-known archetypes, Plautus created a type of theater that would influence such future masters of the stage as Moliere and Shakespeare. Collected together here the reader will find a representative collection of eight plays in translations by Paul Nixon and Henry Thomas Riley. This edition is printed on premium acid-free paper.

For arithmetic-based Business Math courses at the undergraduate level. Will sometimes fit courses titled Consumer Math or Personal Finance. The focus of the 8th Edition of Business Mathematics(Brief Edition) is to provide students with the tools they need to solve mathematical problems they will encounter in both their personal and professional lives. Students are presented math in contexts that are familiar to them and that they care about: math needed for everyday business transactions, math needed to make important personal finance decisions, and

math needed to start or run a small business. Now available with Business Math Brief Version, 8/e: MathXL® and MyMathLab® for Business Math provide a powerful classroom management, homework, tutorial, and assessment tools. Students can take chapter quizzes or tests in MathXL and MyMathLab and receive personalized study plans based on their test results. The study plan diagnoses weaknesses and links students directly to tutorial exercises for the outcomes they need to study and retest. All student work can be tracked in MathXL's online gradebook. Three packaging options-- MyMathLab, MathXL, or MathXL Tutorials on CD-- provide flexible platforms to fit your course goals. For more information, visit our websites at www.mymathlab.com and www.mathxl.com, or contact your sales representative. This text is also available in a full version (21 chapters). Business Math, 8/e, Cleaves & Hobbs

The Passing of Grandison Army

The aim of the American Psychiatric Association Practice Guideline series is to improve patient care.

Guidelines provide a comprehensive synthesis of all available information relevant to the clinical topic. Practice guidelines can be vehicles for educating psychiatrists, other medical and mental health professionals, and the general public about appropriate and inappropriate treatments. The series also will identify those areas in which critical information is lacking and in which research could be expected to improve clinical decisions. The Practice Guidelines are also designed to help those charged with overseeing the utilization and reimbursement of psychiatric services to develop more scientifically based and clinically sensitive criteria.

History of Troy Walter de Gruyter

Noting that present evaluation systems are so limited that they are neither reliable nor valid, this monograph critically reviews studies designed to evaluate composition programs at four major universities. The book offers theoretical and practical guidance through discussion of generalities from the four studies and pertinent questions and guidance to

evaluators of composition programs. The first chapter looks at the state of the art of evaluating writing programs, discussing the need for such evaluation, and at two dominant approaches to writing program evaluation. The second chapter discusses a quantitative model of writing program evaluation in terms of four university studies, giving an overview of the dominant quantitative approach. Chapter 3 discusses a framework for evaluating college writing programs, including five components of writing program evaluation, and the final chapter discusses accommodating context and change in writing program evaluation. is a new revised edition of a proven core text for college and secondary school students - and an insightful and accessible celebration of twenty-five centuries of great theatrical entertainment. As an educator with extensive experience in professional theatre production, author John Kenrick approaches the subject with a unique appreciation of musicals as both an art form and a business. Using anecdotes, biographical profiles, clear definitions, sample scenes and select illustrations, Kenrick focuses on landmark musicals, and on the extraordinary talents and business innovators who have helped musical theatre evolve from its roots in the dramas of ancient Athens all the way to the latest hits on Broadway and London's West End. Key improvements to the second edition: · A new foreword by Oscar Hammerstein III, a critically acclaimed historian and member of a family with deep ties to the musical theatre, is included · The 28 chapters are reformatted for the typical 14 week, 28 session academic course, as well as for a two semester, once-weekly

format, making it easy for educators to plan a syllabus and reading assignments. To make the book more interactive, each chapter includes suggested listening and reading lists, designed to help readers step beyond the printed page to experience great musicals and performers for themselves. A comprehensive guide to musical theatre as an international phenomenon, *Musical Theatre: A History* is an ideal textbook for university and secondary school students.

Collaborating for Impact
Prentice Hall

A renaissance of innovation is taking place in America's community colleges. This book documents and analyzes stimulating changes that have marked the 1980s and points the way to new practices and structures that will continue to invigorate the community colleges during the 1990s. The 13 chapters offer a rich selection of possibilities for the future of the community college. Here are tested ideas and programs that make the community college such an important force in our changing society--the practices that serve students more fully,

support faculty more effectively, and reach the community more extensively.

Containing almost 800 questions in an easy to use format, this unique study guide is an essential tool that reinforces the content presented in the core text. The variety of questions include critical thinking discussion questions, classroom and homework activities, and multiple response.

Questions build on key concepts presented in the core text on a chapter-by-chapter basis. Varying levels of difficulty are included for self-adaptive learning and review.

Evaluating College Writing Programs

Association of College & Research Libraries
Looking at sex and sexuality from a variety of historical, sociological and theoretical perspectives, as represented in a variety of media, *Sex in Antiquity* represents a vibrant picture of the discipline of ancient gender and sexuality studies, showcasing the work of leading international scholars as well as that of emerging talents and new voices. Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints. This volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or

set of disciplines. This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections. *Sex in Antiquity* is a major contribution to the field of ancient gender and sexuality studies.

Musical Theatre Oxford University Press

In this heartwarming intergenerational story, Grandpa Bear introduces his grandson Jake to a very special place—the library! "Let's turn the TV off," says Grandpa to Jake. "There's some place I'd like to show you... a place my Grandpa took me when I was your age." As the two of them walk through the busy town, Grandpa shares the favorite places he and his own grandpa went together . . . and Little Jake keeps guessing where they are going. The movies? The baseball park? The beach? "Not this time," says Grandpa,

and has Jake close his eyes before going into . . . the library!
