CAREY MAHONEY

Drifter's Heart, Book 6, A Cowboy Fever Series Novel

Penguin

By 1926, it seemed that John R. Brinkley's experimental rejuvenation cure—transplanting goat glands into aging men—had taken the nation by storm. Never mind that "Doc" Brinkley's medical credentials were shaky at best and that he prescribed medication over the airwaves via his high-power radio stations. To most in the medical field, he was a quack. But to his many patients and listeners, he was a brilliant surgeon, a savior of their lost manhood and youth. His rogue radio stations, XER and its successor XERA, eventually broadcast at an antenna-shattering 1,000,000 watts and not only were a megaphone for Brinkley's lucrative quackery but also hosted an unprecedented number of then-unknown country musicians and other guests. The Bizarre Careers of John R. Brinkley tells the story of the infamous "Goat Gland Doctor"—a controversial medical charlatan, groundbreaking radio impresario, and prescient political campaigner—and recounts his amazing rags-to-riches-to-rags career. A master manipulator and skilled con artist, Brinkley left behind a patchwork of myths and unreliable personal accounts that many writers have merely perpetuated—until now. Alton Lee brings Brinkley's infamous legacy to the forefront, exploring how he ruthlessly exploited the sexual frustrations of aging men and the general public's antipathy toward medical doctors. Lee leaves no stone unturned in this account of a man who changed the course of American institutions forever.

Cowboy Ethics Texas A&M University Press

A young, fit and healthy 11-year-old girl, with perhaps more than her fair share of childhood ailments, was never going to be prepared for what was to come. Within 6 months her slim, petite frame had produced breast tissue that went from an 'A' cup to a shocking, humiliating and life debilitating 'L' cup and there was absolutely no one who knew when, how or if, it would stop. Her body had turned against her by becoming an autonomous operating vessel, never ceasing in its multiplication of breast tissue, and severely sabotaging the life she once knew. The Medical Profession called it Idiopathic, the family, who laughed, cried and fought their way through this insidious and iniquitous disease, called it a marauding, monster. Her breast tissue was literally taking over her life, causing untold physical and emotional misery. The only solution was at best, a breast reduction and the very worst... wasn't worth thinking about. This is a story about a mother and daughter's turbulent journey

towards getting back a body normal. "A powerful, heart-rending, and honest portrayal of one woman's Herculean battle to heal and protect her young daughter whose body has been tricked into premature womanhood. Beautifully relayed through frustration, devotion, and humour, Nichola's bravery is astonishing as she takes us on a deeply personal, sometimes harrowing, journey, and one that tests every atom of a mother-daughter bond, as she relentlessly pushes for answers. A profoundly moving, compelling and inspirational read." - Louise Clover (Writer / Producer/ Director) author of 'An Untameable Zebra', 'The Seasons Quartet' series and 'Bullring Kid and Country Cowboy'.

They ride horses, rope calves, buck broncos, ride and fight bulls, and even wrestle steers. They are Black cowboys, and the legacies of their pursuits intersect with those of America's struggle for racial equality, human rights, and social justice. Keith Ryan Cartwright brings to life the stories of such pioneers as Cleo Hearn, the first Black cowboy to professionally rope in the Rodeo Cowboy Association; Myrtis Dightman, who became known as the Jackie Robinson of Rodeo after being the first Black cowboy to qualify for the National Finals Rodeo; and Tex Williams, the first

Black cowboy to become a state high school rodeo champion in Texas. *Black Cowboys of Rodeo* is a collection of one hundred years of stories, told by these revolutionary Black pioneers themselves and set against the backdrop of Reconstruction, Jim Crow, segregation, the civil rights movement, and eventually the integration of a racially divided country.

The Dictator's Seduction Xist Publishing

The girl has had many selves in her short life. The first she remembers is Aissa, the daughter of Mama and Dada, sister to Zufi who watched the goats. Then the Bull King's raiders came, and Mama said, "Don't make a sound till I come back." And when the villagers found her she was silent as stone, because Mama never came back again. So the villagers cursed her as back luck and made her No-Name, lowest of the servants to the Lady, the island's priestess. But there were whispers, as she grew, of another self: of the Lady's rejected first daughter, born imperfect with two extra thumbs. The silent girl looks at the scars on her wrists and wonders, but she has more pressing concerns. The villagers blame her bad luck for the tribute the Bull King now demands of them: two youths given each spring to dance with his bulls and die for his god's glory. And the servants hate and fear the unnatural way the animals all come to her. For Aissa, though, this bond with creatures of fur and scale is the first clue in finding the true self that no one else can give to her, or take away.

Wendy Orr, the author of *Nim's Island*, introduces a resourceful and resilient heroine for slightly older readers. Inspired by an archeological trip to the island of Crete, where frescoes show figures leaping over the backs of bulls, Orr weaves an intriguing mythological portrayal of the Bronze Age Minoan civilization. Lyrically written and refreshingly unpredictable, *Dragonfly Song* suggests a fascinating origin for the legend of the Minotaur and his dark tribute.

Written over the course of three days and three nights, *The Subterraneans* was generated out of the same kind of ecstatic flash of inspiration that produced another one of Kerouac's early classics, *On The Road*. Centering around the tempestuous breakup of Leo Percepied and Mardou Fox—two denizens of the 1950s San Francisco underground—*The Subterraneans* is a tale of dark alleys and smoky rooms, of artists, visionaries, and adventurers existing outside mainstream America's field of vision.

The 1930s are routinely considered sound film's greatest comedy era. Though this golden age encompassed various genres of laughter, clown comedy is the most basic type. This work examines the Depression decade's most popular type of comedy--the clown, or personality comedian. Focusing upon the Depression era, the study filters its analysis through twelve

memorable pictures. Each merits an individual chapter, in which it is critiqued. The films are deemed microcosmic representatives of the comic world and discussed in this context. While some of the comedians in this text have generated a great deal of previous analysis, funnymen like Joe E. Brown and Eddie Cantor are all but forgotten. Nevertheless, they were comedy legends in their time, and their legacy, as showcased in these movies, merits rediscovery by today's connoisseur of comedy. Even this book's more familiar figures, such as Charlie Chaplin and the Marx Brothers, are often simply relegated to being recognizable pop culture icons whose work has been neglected in recent years. This book attempts to address these oversights and to re-expose the brilliance and ingenuity with which the screen clowns contributed a comic resiliency that was desperately needed during the Depression and can still be greatly appreciated today. The films discussed are *City Lights* (1931, Chaplin), *The Kid From Spain* (1932, Cantor), *She Done Him Wrong* (1933, Mae West), *Duck Soup* (1933, Marx Brothers), *Sons of the Desert* (1933, Laurel and Hardy), *Judge Priest* (1934, Will Rogers), *It's a Gift* (1934, W.C. Fields), *Alibi* (1935, Brown), *A Night at the Opera* (1935, Marx Brothers), *Modern Times* (1936, Chaplin), *Way Out West* (1937, Laurel and Hardy), and *The Cat and the Canary* (1939, Bob Hope).
