Management Beamish Text International  
Management focuses on how firms

become and remain international in  
scope. It is about the experiences of

firms of all sizes, from any countries, as  
they come to grips with an increasingly

competitive global

environment. International Management:

Text And Cases by Paul W. Beamish International management control (IMC) refers to a set of control mechanisms that an international business engages in to direct, monitor, evaluate, regulate, and integrate its international trade and/or global activities to achieve its desired purpose(s). IMC mechanisms can be classified into three types: regulative, financial, and normative. International Management Control - Beamish - - Major ...
