CAMRYN TRINITY

Agency BPP Learning Media

The book provides the commercial lawyer with a detailed analysis of the various statutory and contractual requirements relating to the law of guarantees. It also examines the guarantor's liability and right against both creditors and debtors. A thorough knowledge of the law and practice surrounding guarantees is essential for lawyers in all areas of commercial law, given the complex borrowing and finance requirements of modern industry and institutions. This is the 6th edition of the highly successful book on Guarantees by Geraldine Andrews QC and Richard Millett QC. The book is considered the pre-eminent treatise on the subject of guarantees in the UK.

The Law of Personal Property Sweet & Maxwell

The idea of a right to privacy, which arose in reaction to the rapid rise of newspapers, instant photography and the "paparazzi" of the 19th century, has evolved into a constitutional right in much of the developed world. It is enshrined in Hong Kong through Articles 28, 29, 30 and 39 of the Basic Law. Hong Kong stands proud as the first jurisdiction in Asia to enact legislation to safeguard personal data in the form of the Personal Data (Privacy) Ordinance, Cap 486 ("the Ordinance") which came into force in 1996. At its centre are the six Data Protection Principles based on the 1980 OECD Guidelines. The office of the Privacy Commissioner for Personal Data was created under this legislation to provide oversight and ensure compliance. The Octopus scandal in mid-2010 eventually led to substantial changes being made to the Ordinance that were enacted in 2012 and 2013, the main amendments being the Direct Marketing provisions and the provision of legal assistance and representation to aggrieved persons. In this digital age, the Ordinance is proving to be the main safeguard of our privacy rights. The Data Protection Principles seek to create broad common principles based on fairness that apply to the public and private sectors. The passage of twenty years since the enactment of the Ordinance has given rise to a substantial body of case law and administrative decisions on these principles and the other provisions of the Ordinance. The new amendments have already been the subject of judicial scrutiny. This publication, which replaces its predecessor, has the dual aim of becoming a practitioner's guide on the important subject of personal data privacy, containing, as it does, a detailed exposition of the principles and provisions in the Ordinance and a comprehensive source of reference materials, and of enabling the Privacy Commissioner to discharge his major duty to promote awareness and understanding of the Ordinance. The second edition includes not only a full discussion of these principles, but also summaries of all the seminal cases and Administrative Appeals Board rulings in this area, as well as a comprehensive list of all the pertinent cases.
