Dimmett, each book focusses on a different value. Kindness, Helping others, saying thank you and teamwork!

Harry The Happy Mouse N.G.K. Media

The greatest challenge we ever face is how to deal with the end of life. It has been said that most people fear the process of dying more than death itself. Seven Words for the End of Your Journey helps us negotiate this unknown territory. It is a new way of looking at Jesus's seven words of the cross. Through these seven

words, we discover how Jesus personally experienced all the challenges people face at the end of life. Many devotional and theological books have been written about the seven words. But few of them have unpacked how these words speak directly to people who are now face-to-face with the end of life. Just as Jesus teaches people how to live well in his Sermon on the Mount, so he teaches how to die well in his seven words from the cross. Out of his own dying experience,

Jesus shows the way for others to traverse this difficult terrain and come through victorious. This book is a sensitive, practical guide for patients, their families, and their caregivers. *Harry's Lovely Spring Day* WestBow Press
Harry S Truman is best remembered as the President who witnessed the swift arrival of the Cold War in the tumultuous years after World War Two. Little however has been written to show that he was also the populist President who

set the political economic course for the United States to win it merely 40 years later. In this timely biography, E Ray Canterbury captures the spirit of the man, who first and foremost, was a politician who crafted political programs such as the Fair Deal program, full-employment program, New Deal program, reconversion, stabilization, and agriculture programs through the lens of progressiveness. He focuses on Truman's populist economics by

charting Truman's early years, the makings of his populist character, his beginnings in Washington, Communism and the Truman Doctrine, the campaign of 1948, the Marshall Plan, the firing of General MacArthur, and the Korean War. While the economic aspects of his term were fundamentally that of war and peace, Canterbury analyses in great depth Truman's economic policies and instruments, such as the Employment Act of 1946 and the President's Council of Economic

Advisers (CEA) — results of Truman's presidency that other authors of books on Truman have largely ignored. Harry S Truman: The Economics of a Populist President shows how Truman should be remembered: As a progressive politician whose populist policies rank him among the “near great” Presidents in the tradition of William Jennings Bryan, Theodore Roosevelt, and Woodrow Wilson.
Contents: Introduction
The Early Years
The Political Making of a Populist Mr

Truman Goes to Washington
The Economics of War and Peace
The Employment Act of 1946 and the President's Council of Economic Advisers
Communism and the Truman Doctrine
The Populist Campaign of 1948
The Marshall Plan
Truman's Defining Test: The Korean War
Afterward
Readership: Economic historians, researchers, students and members of the public who are interested in American history and the early origins of the Cold

War.
Keywords: Harry S Truman; Bessie Wallace (Mrs Truman); the Whistle-Stop Campaign; President's Council of Economic Advisers (CEA); Employment Act of 1946; Progressive populist; Progressivism; McCarthyism; War and peace; Democrats; Republicans; Keynesian economics; Communism; Iron Curtain; Stalin; New Deal; Truman Doctrine; Marshall Plan; Korean War
Cold War; George C Marshall; Dwight D

Eisenhower; Gerhard Colm; World War One; World War Two; Great Depression; Roaring Twenties
Key Features: Devotes much attention and detail to the economic aspects of Truman during his time in Office
Truman's lasting legacy was that of his populism and his ability to connect with the common American man; this is explained in detail in this book
This book will show how political economic strategies early on in the Cold War helped the United States eventually

win it by the 1990s; it will show how Truman led the way in laying a good foundation for America's Cold Warrior stance Rambunctious Yale University Press

The first-ever biography of Anna Marie Rosenberg, a Hungarian Jewish immigrant with only a high school education who went on to be dubbed by Life Magazine "the most important woman in the American government." Her life ran parallel to the front lines of history yet her influence on 20th century America, from the

New Deal to the Cold War and beyond, has never before been told. For readers of Hidden Figures, A Woman of No Importance, and Eleanor: A Life, the previously unrecognized life of Anna Rosenberg is extraordinary, inspiring, and uniquely American. "Far and away the most important woman in the American government, and perhaps the most important official female in the world." —LIFE magazine, 1952 As FDR's special envoy to Europe in World War II she went

where FDR couldn't go. She was among the first Allied women to enter a liberated concentration camp, and stood in the Eagle's Nest, Hitler's mountain retreat days after it's capture. She guided the direction of the G.I. Bill of Rights and the Manhattan Project. Though Anna Rosenberg emerged from modest immigrant beginnings, equipped with only a high school education, she was the real power behind national policies critical to America winning the war and prospering

afterwards. Astonishingly, her story remains largely forgotten. With a disarming mix of charm and Tammany-hewn toughness, Rosenberg began her career in public relations in 1920s Manhattan. She became friends with Eleanor Roosevelt, who recommended Anna to her husband, then running for Governor of New York. As FDR's unofficial adviser, Rosenberg soon wielded enormous influence—no less potent for being subtle. Roosevelt dubbed

her “my Mrs. Fix-It.” Her extraordinary career continued after his death. By 1950, she was tapped to become the assistant secretary of defense—the highest position ever held by a woman in the US military—prompting Senator Joe McCarthy to wage an unsuccessful smear campaign against her. In 1962, she organized JFK's infamous birthday gala, sitting beside him while Marilyn Monroe sang. Until the end of her life, Rosenberg fought tirelessly for causes from racial

integration to women's equality to national healthcare. More than the story of one remarkable woman, *The Confidante* explores who gets to be at the forefront of history, and why. Though she was not quite a hidden figure, Rosenberg's position as “the power behind,” combined with her status as an immigrant and a Jewish woman, served to diminish her importance. In this inspiring, impeccably researched, and revelatory book, Christopher C. Gorham at last affords Anna

Rosenberg the recognition she so richly deserves.

“One of the most influential women in the country's public affairs for a quarter of a century.”

The story of a well-meaning fugitive-at-large provides a glimpse of America's past as it follows Loyal Blood from his home in Vermont, where he mistakenly commits a heinous crime, to the coast of California *Seven Words for the End of Your Journey* A&C Black

Priscilla Gingold is a thirteen-year-old living in the twentieth century. Inherent in her makeup are the seeds of healing abilities, as well as an innate understanding of herbs and their natural healing qualities. The child of parents who died when she was young, she lives with and is educated by her aunt, Judith. It is there that Priscilla discovers her roots. Aunt Judith's many talents enable Priscilla to bridge time. Priscilla's forays into the past bring her into the thirteenth and

seventeenth centuries where she experiences the full flavor of her ancestors' trials. None the worse for her experience, Priscilla understands the seriousness of their cause. The book culminates in a harrowing escapade wherein Priscilla is kidnapped by the opposing forces who want to use her as a bargaining tool with Aunt Judith. Swirls of magic engineered by Aunt Judith pepper the tale. Characters are colorful from Captain Church, who is the boat master; to

Orcengetorix, Aunt Judith's guard; and of course, the whimsical Emily and Marie, her close friends.

Return to the eon-spanning and universe-crossing conflict between humanity and the unknowable alien Xeelee in this selection of uncollected and unpublished stories, newly edited and placed in chronological reading order. From tales charting the earliest days of man's

adventure to the stars to stories of Old Earth, four billion years in the future, the range and startling imagination of Baxter is always on display. As humanity rises and falls, ebbs and flows, one thing is always needed - the ability to endure. Contains eleven short stories and novellas.

Harry E. Burke and John M. Miller, Pioneers in Western Forest

Entomology N.G.K. Media From the award-winning author of *Alien Morning*, nine science fiction/fantasy stories of

everyday people grappling extraordinary circumstances. Witness seemingly ordinary people as they confront their fears and embrace their challenges on a near-future Earth or an alternate-history past or even on a far distant alien world . . . - A single dad of a daughter with Down-syndrome considers what his life and career might have been as a parent and a pro football player in some alternate reality. - A young girl on an isolated Florida island discovers that her quirky

grandparents are even stranger than she thought. - A high-school basketball player confronts the ghosts of her past. - A young woman struggles to make peace with the horrors of her forgotten childhood. - An elderly woman slides into dementia even as she finds some essential truths that were lost in the hazy mists of her memory. - A baseball player becomes a spy during an alternate-history version of World War II, where he plays a pivotal role in stopping

the Nazi war machine. A powerful and poignant collection of memorable stories from an award-winning storyteller, *Rambunctious: Nine Tales of Determination* is charming, action-packed, frightening, and thoughtful by turn. Praise for *Rambunctious* "A major collection from what it's high past time to admit is one of our major writers. Wilber writes with literate flair, compassion, and a deep understanding of human psychology. Highly recommended!"
—Robert J. Sawyer, Hugo

Award-winning author of *The Oppenheimer Alternative* "Wilber draws you in through his compassion for his characters and his keen eye for the familiar, and then he slips you sideways into places startlingly new, beautiful, and true. You finish these stories entertained, to be sure, but moved as well, and with your perspective forever widened."
—Gregory Norman Bossert, World Fantasy Award-winning author "Wilber's voice [has] a kind of authority and

compassion that have helped him carve out a niche identifiably his own.” —Locus

 Kerrigan is writing a guidebook to the city of Copenhagen. Specifically, a guide to the city's drinking establishments – of which there are over 1,500. Thus, it is a project potentially without end, and one with a certain amount of drunken numbness built into it. And that's the point: for Kerrigan, an American expat fleeing a terrible

betrayal, has plenty he wants to forget. The only problem with his proposed project is his research associate, a voluptuous, green-eyed beauty who makes him tremble with forgotten desire. Kerrigan in Copenhagen is both a love story and a Joycean romp through a magical city.

 Book 1 in the bestselling

'Harry The Happy Mouse' series. 32 pages of illustrations by award winning illustrator Janelle Dimmett. Harry's Lovely Spring day follows Harry the mouse as he learns the value of kindness, and that one small thing to someone could mean something huge to someone else! Teaching children the value of kindness.

Harry S Truman Simon and Schuster
 The story of how a little-known junior senator fought wartime corruption and, in the process, set

himself up to become vice president and ultimately President Harry Truman. Months before Pearl Harbor, Franklin D. Roosevelt knew that the United States was on the verge of entering another world war for which it was dangerously ill-prepared. The urgent times demanded a transformation of the economy, with the government bankrolling the unfathomably expensive task of enlisting millions of citizens while also producing the equipment

necessary to successfully fight—all of which opened up opportunities for graft, fraud and corruption. In *The Watchdog*, Steve Drummond draws the reader into the fast-paced story of how Harry Truman, still a newcomer to Washington politics, cobbled together a bipartisan team of men and women that took on powerful corporate entities and the Pentagon, placing Truman in the national spotlight and paving his path to the White House. Drawing on the largely unexamined

records of the Truman Committee as well as oral histories, personal letters, newspaper archives and interviews, Steve Drummond—an award-winning senior editor and executive producer at NPR—brings the colorful characters and intrigue of the committee’s work to life. *The Watchdog* provides readers with a window to a time that was far from perfect but where it was possible to root out corruption and hold those responsible to account. It shows us what can be possible if politicians are

governed by the principles of their office rather than self-interest. The World of Priscilla Gingold Barbour Publishing
This history was compiled from the memoirs, diaries, and other personal documents of the two forest entomologists in charge of the first forest insect laboratories on the west coast. It traces the lives of the two pioneers from 1902 to 1952 as they pursued their careers in the USDA Bureau of Entomology, Division of Forest Insect

Investigations. Cooperative bark beetle control projects with the USDA Forest Service, Park Service, and private timber owners guided much of their early activities. Later, when the laboratories were located on university campuses, cooperative research was undertaken with Forest Service Research Stations. The focus shifted to more basic research and, particularly, studies on the silvicultural management of bark beetle populations. *Harry's Spooky Surprise!*

Harlequin
The Number 1 Bestselling Children's Picture Book about Kindness! Teaches children about kindness, and the value of helping others. Used in schools across the world!  Gollancz
 Few U.S. presidents have captured the imagination of the American people as has Harry S. Truman, "the man from Missouri." In this major new biography,

Robert H. Ferrell, widely regarded as an authority on the thirty-third president, challenges the popular characterization of Truman as a man who rarely sought the offices he received, revealing instead a man who—with modesty, commitment to service, and basic honesty—moved with method and system toward the presidency. Truman was ambitious in the best sense of the word. His powerful commitment to service was accompanied by a remarkable shrewdness

and an exceptional ability to judge people. He regarded himself as a consummate politician, a designation of which he was proud. While in Washington, he never succumbed to the "Potomac fever" that swelled the heads of so many officials in that city. A scrupulously honest man, Truman exhibited only one lapse when, at the beginning of 1941, he padded his Senate payroll by adding his wife and later his sister. From his early years on the family farm through his pivotal

decision to use the atomic bomb in World War II, Truman's life was filled with fascinating events. Ferrell's exhaustive research offers new perspectives on many key episodes in Truman's career, including his first Senate term and the circumstances surrounding the Truman Doctrine and the Marshall Plan. In addition, Ferrell taps many little-known sources to relate the intriguing story of the machinations by which Truman gained the vice presidential nomination in

1944, a position which put him a heartbeat away from the presidency. No other historian has ever demonstrated such command over the vast amounts of material that Robert Ferrell brings to bear on the unforgettable story of Truman's life. Based upon years of research in the Truman Library and the study of many never-before-used primary sources, Harry S. Truman is destined to become the authoritative account of the nation's favorite president. Henry F. Du Pont and

Winterthur Penguin
The diaries of 'Tommy' Lascelles - as featured in the Netflix hit THE CROWN 'Brilliantly entertaining and historically priceless' Spectator 'Fascinating ... as much a contribution to royal legend as to the history of the war' Daily Telegraph As Assistant Private Secretary to four monarchs, 'Tommy' Lascelles had a ringside seat from which to observe the workings of the royal household and Downing Street during the first half of the 20th

century. These fascinating diaries begin with Edward VIII's abdication and end with George VI's death and his daughter Elizabeth's Coronation. In between we see George VI at work and play, a portrait more intimate than any other previously published. This compelling account also includes Princess Margaret's relationship with Peter Townsend, and throws an intriguing new light on the way in which King George VI and Winston Churchill worked together during the Second World War.

Lascelles was a fine writer - like most of the best diaries his are a delight to read as well as being invaluable history. Harry: a Spring Walk BoD - Books on Demand Book 1 in the worldwide bestselling 'Harry The Happy Mouse' series. A great way to teach children the value of kindness, used in schools around the world! We see the start of the 'Harry The Happy Mouse' series as Harry learns about the value of kindness, and why a small thing for someone could mean

something big for someone else. Harry is living in the city when he is helped by a stranger. Harry then decides to find the stranger to thank her. It really does turn out to be a Lovely Spring Day! The Sabbath Recorder Harlequin "Every reader will find this book about attachment enlightening." --Dr. Sue Johnson, author of Hold Me Tight "Does a magnificent job of revealing how attachment manifests at the workplace, in friendships, religion, and even

politics.” --Amir Levine, M.D., author of *Attached* A revealing look at attachment theory, uncovering how our early childhood experiences create a blueprint for all our relationships to come Attachment theory is having a moment. It’s the subject of much-shared articles and popular relationship guides. Why is this fifty-year-old theory, widely accepted in psychological circles, suddenly in vogue? Because people are discovering how powerfully it sheds light

on who we love--and how. Fascinated by the subject, award-winning journalist and author Peter Lovenheim embarked on a journey to understand it from the inside out. Interviewing researchers, professors, counselors, and other experts, as well as individuals and couples whose attachment stories illuminate and embody the theory's key concepts. The result is this engaging and revealing book, which is part journalism, part memoir, part psychological guide--and a fascinating read for

anyone who wants to better understand the needs and dynamics that drive the complex relationships in their lives. Topics include: * What it means to be securely and insecurely attached * How our early childhood experiences create a blueprint for future relationships--and how to use those insights to gain self-awareness and growth * Why anxious and avoidant attachment types tend to attract each other, and how to break the negative cycle * How anyone can work to

become "earned secure" regardless of their relationships.
