Lord of the Flies Princeton University Press

Poetry. Latinx Studies. Translated by Laura Cesarco Eglin. If life is no more than a prolonged flirtation with death, then Hilda Hilst's OF DEATH. MINIMAL ODES is the true account of a lifelong seduction. It is at once both a reverie and reliquary, as the poet imagines and reimagines that most paradoxical moment of disintegration--the corporeal flesh fusing with death's own dark corpus. With a visceral-mystical poetic voice that is as teasingly unrestrained as it is intellectually sublime, Hilst's odes enact a baroque danse macabre, where the poet revels in the incongruities of simultaneously seeking the sacred and profane. Translating the first collection of Hilda Hilst's significant body of poetry to appear in English, Laura Cesarco Eglin renders the imagery and philosophical complexity of these minimal odes with brio, while preserving the playful tone and lush melodies that mark OF DEATH. MINIMAL ODES as uniquely Hilstian. "The spare but ornate poems in this collection are startling the way a menagerie of creatures can be startling when the creatures themselves are composed of animal bits: claw, fur, 'brain and hooves / in the pitch dark.' Each minimal ode addresses death who becomes at times a lover, a sister, a slow-moving and wild mammal ever arriving. Hilst builds 'passageways' for death with each line--corridors which are 'Intricate. In knots.' The reader cannot help but join the poet in calling out the various names for death: 'Amber / Bundle of flutes / Gutter / Light.' And these are rendered stunningly in English by Laura Cesarco Eglin, who

carries over every verse with clarity and care as though she were holding up pieces of glass to sunlight."--Carolina Ebeid "Before gaining notoriety for her highly original, experimental, and provocative works of fiction, Hilda Hilst engraved her name in Brazilian literary circles as a poet. OF DEATH. MINIMAL ODES, newly and assuredly translated by Laura Cesarco Eglin, shows Hilst the poet at her distilled best. As much a multimedia conversation with poetry as with life, death, and herself, Hilst poses essential questions whose answers lie at the core of these poems."--John Keene "In OF DEATH. MINIMAL ODES by Brazilian writer Hilda Hilst, death and poetry are lifelong bedfellows. In fact, they engage in a natural partnership, or, to borrow from the poet herself, a sisterhood-in-dialogue that is at once serious and seductive, playful, perilous, and habitual. Hilst's creative wordplays and tonal spectrum, by contrast, are extraordinary, and Laura Cesarco Eglin's translation matches her inventiveness with equal illumination. Hilst's verses affirm the common ground that exists between life and death, and carry with them a vibrant, volatile charge that accompanies this complicit union."--

Marguerite Itamar Harrison, Associate Professor of Portuguese and Brazilian Studies, Smith College "The poetry of Hilda Hilst is fundamental--in every sense. Thanks to Laura Cesarco Eglin, who has accepted the challenge of translating these verses brimming with sensuality and music, a little more of Hilst's work is made known to the world. I welcome this partnership."--Adriana Lisboa

Gallegos won an international reputation as one of the leading novelists in Latin American literature with *Doña Bárbara* (1929; Eng. trans. Doña Barbara), the story of the ruthless woman who runs a great hacienda, and who finally meets her match in the person of the city-educated Santos Luzardo. She and the violent frontier yield in the face of civilization and law.

From internationally-acclaimed novelist Mayra Santos-Febres comes a carnal, epic novel about the life of Isabel "La Negra" Luberza--a legendary Puerto Rican madam who, by the end of

World War II, became the most powerful woman on the island. Born into poverty and then abandoned by her mother, Isabel "La Negra" Luberza blossoms into a supremely sensual young woman. Obsessed with attaining aristocratic status—armed with incredible physical presence, indomitable ambition, and keen intelligence—she meets Fernando Fornarís, the man who will forever change her life. With a parcel of land given to her by her rich, white married lover, Isabel transforms herself into a hard-edged and merciless businesswoman—abandoning her own newborn son to become Puerto Rico's most feared and respected madam, a collector of society's secrets, a queen of the notorious brothel that emerges as the island's true political and economic heart. Set against the rich backdrop of the Caribbean and the United States during the tumultuous years of World War II, Mayra Santos-Febres's *Our Lady of the Night* is a breathtaking novel of passion, power, and the devastating price of achieving everything one wishes for.

"The Adventures of Tom Sawyer by Mark Twain is an 1876 novel about a young boy growing up along the Mississippi River. It is set in the 1840 in the fictional town of St. Petersburg, inspired by Hannibal, Missouri, where Twain lived as a boy. In the novel Tom Sawyer has several adventures, often with his friend Huckleberry Finn. Originally a commercial failure, the book ended up being the best selling of any of Twain's works during his lifetime. Though overshadowed by its sequel, *Adventures of Huckleberry Finn*, the book is by many considered a masterpiece of American literature, and was one of the first novels to be written on a typewriter."

"Like man, woman is a human being." When *The Second Sex* was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. *The Independent Woman* contains three key chapters of Beauvoir's masterwork, which illuminate the feminine condition and identify practical social reforms for gender equality. It

captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today.

Of Death Harper Collins

An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. "An important, firsthand document for readers who wish to understand this seminal writer and thinker." —Booklist In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. *Memories, Dreams, Reflections* is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos.

Robert Browning's friendship for Isabella Blagden was almost as remarkable as was his love for Elizabeth Barrett. After Elizabeth's death (June 1861), Browning went to England to educate their son, but he hoped eventually to return to Italy, principally so that he might be near his friend "Isa." He asked her to write to him once a month on the twelfth, promising to answer her letter on the nineteenth. The fulfillment of this obligation resulted in a correspondence which is remarkable from the standpoint of continuity. Most collections of letters suffer from their fragmentary form; there are no continuing threads of interest which hold them together. Not so the letters which Browning wrote to Miss Blagden. They are not in the great English letter writing tradition, being obviously written for Isa rather than for posterity, but they are filled with the most intimate and

interesting sort of gossip and informal exchanges of ideas which give them a character all their own. One hundred and fifty-four letters from Browning to Isabella Blagden are known to be in existence; all of them are included in the present volume, together with copious explanatory notes and an illuminating introduction. Edward C. McAleer has approached every detail of his editorial task with thoroughness, imagination, and skill. His notes will add immeasurably to the pleasure of reading the letters, in addition to making a substantial contribution to the world's knowledge of Browning and his associates.

Clara e o Trote Faber & Faber

"An essential read for anyone interested in the stories of the animals in our home or on our plate."—BBC Focus Without our domesticated plants and animals, human civilization as we know it would not exist. We would still be living at subsistence level as hunter-gatherers if not for domestication. It is no accident that the cradle of civilization—the Middle East—is where sheep, goats, pigs, cattle, and cats commenced their fatefully intimate association with humans. Before the agricultural revolution, there were perhaps 10 million humans on earth. Now there are more than 7 billion of us. Our domesticated species have also thrived, in stark contrast to their wild ancestors. In a human-constructed environment—or man-made world—it pays to be domesticated. Domestication is an evolutionary process first and foremost. What most distinguishes domesticated animals from their wild ancestors are genetic alterations resulting in tameness, the capacity to tolerate close human proximity. But selection for tameness often results in a host of seemingly unrelated by-products, including floppy ears, skeletal alterations, reduced aggression, increased sociality, and reduced brain size. It's a package deal known as the domestication syndrome. Elements of the domestication syndrome can be found in every domesticated species—not only cats, dogs, pigs, sheep, cattle, and horses but also more recent human creations, such as domesticated camels, reindeer, and laboratory rats. That domestication results in this suite of changes in such a wide variety of mammals is a fascinating evolutionary story, one that sheds much light on the evolutionary process in general. We humans, too, show signs of the domestication syndrome, which some believe was key to our evolutionary success. By this view, human evolution parallels the evolution of dogs from wolves, in particular. A natural storyteller,

Richard C. Francis weaves history, archaeology, and anthropology to create a fascinating narrative while seamlessly integrating the most cutting-edge ideas in twenty-first-century biology, from genomics to evo-devo.

A Guide to the Latin American Art Song Repertoire Harper Perennial

James Laughlin has been called the American Catullus. Like that most Greek of ancient Latin poets, he elevated his everyday subjects with wit and clarity of language. Love and hate, death and aging, politics, literature, travel, the horrors of war--Laughlin's muse spoke of all these things with a fresh directness that make his poems both timeless and contemporary. The founder of New Directions, Laughlin's efforts as publisher and poet had been to prolong and extend the old poetic traditions. Poetry for him was, in Gertrude Stein's phrase, a "continuous present" in all times and cultures. Laughlin developed his distinctive tight metrics with the advice of William Carlos Williams. A longer, comical line is found in the recent poems of Laughlin's cheeky doppelganger, Hiram Handspring.

The psychological and social effects of the evacuation and its consequences. Beginning with an account of the impact of evacuation the various segments of the Japanese American population, carries through from evacuation to re-establishment in West Coast communities after the lifting of the exclusion orders. The anxiety and unrest of the early period of adjustment in the relocation centers, the turmoil of being sorted in the registration and segregation programs, the settling down in the relocation centers after segregation, and the reluctant movement out of the centers when exclusion orders were lifted are described from the point of view of the evacuees who went through these experiences. Brings into focus the damaging effects of salvaging a people who have been subjected to life in artificial communities such as relocation centers.
