Just a trolley ride from El Paso, Ciudad Juárez was a popular destination in the early 1900s. Enticing and exciting, tourists descended on this and other Mexican border towns to browse curio shops, dine and dance, attend bullfights, and perhaps escape Prohibition America. In Postcards from the Chihuahua Border Daniel D. Arreola captures the exhilaration of places in time, taking us back to Mexico's northern border towns of Ciudad Juárez, Ojinaga, and Palomas in the early twentieth century. Drawing on more than three decades of archival work, Arreola uses postcards and maps to unveil the history of these towns along west Texas's and New Mexico's southern borders. Postcards offer a special kind of visual evidence. Arreola's collection of imagery and commentary about them shows us singular places, enriching our understandings of history and the history of change in Chihuahua. No one postcard tells the entire story. But image after image offers a collected view and insight into changing perceptions. Arreola's geography of place looks both inward and outward. We see what tourists see, while at the same time gaining insight about what postcard photographers and postcard publishers wanted to be seen and perceived about these border communities.

Postcards from the Chihuahua Border is a colorful and dynamic visual history. It invites the reader to time travel, to revisit another era—the first half of the last century—when these border towns were framed and made popular through picture postcards.

Inhabiting the Sierra Madre Occidental of southwestern Chihuahua in Mexico, the Tarahumara (or Rarámuri) are known in their language as the "foot runners" due to the way in which they must navigate their rugged terrain. This book offers an accessible ethnography of their history, customs, and current life, accompanied by photographs that offer striking images of these gentle people. The subtitle of the book derives from the Tarahumara's belief that the soul works at night while the body sleeps and that during this "day of the moon" both the spirits of the dead and the souls of the living move about in their mysterious ways. As the authors observe, the fact that "so many men, women, and children persist in distinctive, centuries-old cultural traditions in spite of their nearness to all the complexities and attractions of modern industrial society is an important part of the story." Their book tells that story and brings readers closer to understanding the Tarahumara world and way of life.

This is Ironpower Publishing's second volume in the Precious Pooches Dog coloring books series. This second one is called Cheeky Chihuahuas Dog Coloring Book, and has been designed to give coloring pleasure for both kids and adults alike. If you love both dogs and coloring, then this is the right book for you. And if Chihuahua's are your favorite dog breed, then this is the perfect match for you! :) Both puppies and older dogs are included. We have used an advanced hybrid effect, where the line drawings for coloring have been enhanced with subtle shading and tones. This provides depth to the images, and makes realistic coloring more easily achieved. It is suitable for both children and adults because young children may choose to disregard the tonal guide outlines, and just color to the traditional solid lines used in normal coloring books; whereas adults may choose to adopt a much more advanced coloring style, by using the tonal shading as a guide to where to create color gradations and variations. In this way we hope to satisfy the coloring needs of both the very young, and not so young. All the line drawings in the book have been rendered from our Cheeky Chihuahuas volume 2 colored photo images book. A cover image of that book, and our other Precious Pooches photo image books in the series, can be found at the end of this coloring book. All 42 images in this volume have been printed on one side of the paper only, for the best coloring experience. Doing this minimizes the chances of colors bleeding through pages and spoiling other images. Photocopying of the images for personal use is allowed, so you can color the images multiple times if you so desire. This is good if you wish to frame your colored images into your own unique works of art, without pulling this book apart, or if you just want to have a practice before coloring directly into the book. For the coloring medium, most colorists will prefer using colored pencils, but there are many other great mediums, such as pastels and crayons. So use whichever you prefer, and let your artistic talents shine! We hope you enjoy coloring these images as much as we enjoyed creating them! :)
