Fans of the Impossible Life by Kate Scelsa is the story of love, loss, growing up and the magic - and terror - of finding friends who truly see the person you are and the person you're trying to become. It's a story about rituals and love, and of those transformative friendships that burn hot and change you, but might not last. SEBBY seems to carry sunlight around with him. Even as life in his foster home starts to take its toll, Sebby and his best friend Mira together craft a world of magic rituals and impromptu road trips designed to fix the broken parts of their lives. MIRA is starting over at St. Francis Prep. She promised her parents she would at least try to pretend that she could act like a functioning human this time, not a girl who can't get out of bed for days on end, who only feels awake when she's with Sebby. JEREMY is the painfully shy art nerd at St. Francis who's been in self-imposed isolation after an incident that ruined his last year of school. When he sees Sebby for the first time across the school lawn, it's as if he's been expecting him. As Jeremy finds himself drawn into Sebby and Mira's world, he begins to understand the secrets that they hide in order to protect themselves, to keep each other safe from those who don't understand their quest to live for the impossible.

When he is diagnosed with cancer, in the silence of the hospital room broken only by the swish of cars outside, Italian writer Tiziano Terzani realizes that his whole life has been one long ride on a merry-go-round where he has always journeyed without a ticket. Now, for the first time, the ticket collector has come to demand his dues. At first, Terzani turns to Western medicine for a cure, but a question soon begins to haunt him: is cancer, as the doctors say, an enemy that needs to be destroyed, or is it a friend one can talk to? Travelling had always been a way of life for him, so he decides to make another trip, in search of a solution - to India. This final ride turns out to be very different though. And more difficult. Because every step, every choice - often between reason and faith, between science and magic - is inextricably linked to his own survival. As he crisscrosses the country from an ashram in Coimbatore to a hut in Almora, the external journey in search of a cure transforms into an inner journey and a return to the divine roots of man. Then, one day, as he looks at the sun rising over the mountains, he stumbles upon the one truth that has eluded him: death is as desirable and eternal as life itself. A bestseller in Europe, this is a book about modern medicine and alternative cures, and the quest to understand the true meaning of mortality.

Faber

Palermo, Sicily, 1978. The Christian Democrat leader Aldo Moro has just been kidnapped in Rome by members of the notorious Red Brigades. Two months after his disappearance on 9th May, Moro is found dead in the boot of a car. A trio of eleven-year-old schoolboys, Nimbo, Raggio, and Volo, avidly follow the news of the abduction as their admiration for the brigatisti grows. When the boys themselves resolve to abduct a classmate and incarcerate him in a makeshift 'people's prison', the darkness within their world, and the world of the novel, becomes all-pervasive. A vivid and hellish description of Sicily in the late seventies, *Time on my Hands* is an unforgettable novel from a significant new voice in Italian fiction.
