This textbook details how mental health and addiction are interconnected through childhood trauma, how this affects neurobiology and neuropsychology, and the need for an integrated whole-person treatment for those of diverse backgrounds to enhance treatment outcomes. Using an integrative pedagogy, the book helps readers broaden their understanding of co-occurring disorders through case studies, learning objectives, key terms, quiz questions, suggested resources, and references. By linking to previous knowledge and suggesting practical applications, each chapter provides clear direction for learning more about each treatment approach, diagnosis, and population discussed within the multicultural and biopsychosocial perspective. Co-occurring Mental Illness and Substance Use Disorders will help graduate students in both substance use and mental health counseling make sense of integrative treatment with co-occurring disorders.

Robert Knapp reveals why some ordinary people in Judea and in the Roman and Greek worlds embraced a new approach to the supernatural in their daily lives. In a time of prophets, miracles, and magic, Jesus convinced people to change their beliefs by showing his connection to god-like power and solidifying his credentials through the Resurrection.

An Esquire Best Book of 2022! Written with inside access, comprehensive research, and a down-to-earth perspective, *Phasers on Stun!* chronicles the entire history of Star Trek, revealing that its enduring place in pop culture is all thanks to innovative pivots and radical change. For over five decades, the heart of Star Trek's pro-science, anti-racist, and inclusive messaging has been its willingness to take big risks. Across thirteen feature films, and twelve TV series—including five shows currently airing or in production—the brilliance of Star Trek is in its endless ability to be rethought, rebooted, and remade. Author and Star Trek expert Ryan Britt charts an approachable and entertaining course through Star Trek history; from its groundbreaking origins amid the tumultuous 1960s, to its influence on diversifying the space program, to its contemporary history-making turns with LGBTQ+ representation, this book illuminates not just the behind-the-scenes stories that shaped the franchise but the larger meaning of the Final Frontier. Featuring over 100 exclusive interviews with actors and writers across all the generations, including Walter Koenig, LeVar Burton, Dorothy Fontana, Brent Spiner, Ronald D. Moore, Jeri Ryan, and many more, Britt gets the inside story on all things Trek, like Spock's evolution from red devil to the personification of logical empathy, the near failure to launch of *The Next Generation* in 1987, and how Trekkie outrage has threatened to destroy the franchise more than once. The book also dives deep with creators like Michael Chabon (co-creator of *Star Trek: Picard*) and Nicholas Meyer (director, *The Wrath of Khan*). These interviews extend to the bleeding edge of contemporary Star Trek, from *Discovery* to *Picard* to *Lower Decks*, and even the upcoming highly anticipated 2022 series, *Strange New Worlds*. For fans who know every detail of each Enterprise bridge, to a reader who has never seen a single minute of any Star Trek, this book aims to entertain, inform, and energize. Through humor, insight, archival research, and unique access, this journey through the Star Trek universe isn't just about its

past but a definitive look at its future.

Literacy Assessment and Instructional Strategies by Kathy B. Grant, Sandra E. Golden, and Nance S. Wilson prepares literacy educators to conduct reading and writing assessments and develop appropriate corrective literacy strategies for use with their grade K-5 students. Connecting Common Core Literacy Learning Standards to effective strategies and creative activities, the book includes authentic literacy assessments and formal evaluations to support reading teaching in the elementary classroom. Initial chapters discuss literacy assessment and evaluation, data-driven instruction, high-stakes testing, and instructional shifts in teaching reading. Subsequent chapters focus on the latest instructional and assessment shifts, including pre-assessing literacy knowledge bases, using informational texts for vocabulary development, and close reading of text. Written by reading practitioners and researchers, this book is a must-have for novices as well as for veteran classroom teachers who want to stay on top of changing literacy trends.

Once the State-run Salon in Paris closed, an array of independent Salons mushroomed starting with the French Artists Salon and Women's Salon in 1881 followed by the Independent Artists' Salon, National Salon of Fine Arts and Autumn

Salon. Offering an unparalleled choice of art identities and alliances, together with undreamed-of opportunities for sales, commissions, prizes and art criticism, these great Salons guaranteed the centripetal and centrifugal power of Paris as the "modern art centre". Lured by the prospect of being exhibited annually in Salons the size of Biennales today, a huge number and national diversity of artists, from the Australian Rupert Bunny to the Spaniards Pablo Picasso and Juan Gris, flocked to Paris. Yet by no means were these Salons equal in power, nor did they work consensually to forge this "modern art centre". Formed on the basis of their different cultural politics, constantly they rivalled one another for State acquisitions and commissions, exhibition places and spaces, awards, and every other means of enhancing their legitimacy. By no means were the avant-garde salons those that most succeeded. Instead, as this cultural-political history demonstrates, the French Artists' and National Fine Art Salons were the most successful, with the genderist French Artists' Salon being the most powerful and "official". Despite the renown today of Neo-Impressionism, Art Nouveau, Fauvism, Cubism and Orphism, the most powerful artists in this "modern art centre" were not Sonia Delaunay, Émile Gallé, Paul Signac, Henri Matisse or even Picasso but such Academicians as Léon Bonnat, William Bouguereau, Fernand Cormon, Edouard Detaille, Gabriel Ferrier, Jean-Paul Laurens, Luc-Oliver Merson and Aimé Morot, who exhibited at the "official" Salon supported by the machinery of the State. In its exposure of the rivalry, conflict and struggle between the Salons and their artists, this is an unprecedented history of dissension. It also exposes how, just below the welcoming internationalist veneer of this "modern art centre", intense persecutionist paranoia lay festering. Whenever France's "civilizing mission" seemed culturally, commercially or colonially threatened, it erupted in waves of nationalist xenophobia turning artistic rivalry into bitter enmity. In exposing how rivals became transmuted into conspirators, ultimately this book reveals a paradox resonant in histories that celebrate the international triumph of French modern art: that this magnetic "centre", which began by welcoming international modernists, ended by attacking them for undermining its cultural supremacy, contaminating its "civilizing mission" and politically persecuting the very modernist culture for which it has received historical renown.

Life is full of different paths, sometimes willingly we choose which path to walk upon, other times paths are chosen for us. Alain's true identity has always been unknown, mysterious, unexplainable, Alain mastered the talent to block out the mystery of who indeed she truly is. Alain has managed to keep this void in her life dormant in her mind. This came with serious consequences. Alain Roselle unfortunately did not only block out the void of her unknown identity. Alain blocked out life in general. Read what happens when Alain's negative dormant void, awakens, learn how a negative in one's life can blossom into facets of positives.

Detroit: The Dream Is Now is a visual essay on the rebuilding and resurgence of the city of Detroit by photographer Michel Arnaud, co-author of *Design Brooklyn*. In recent years, much of the focus on Detroit has been on the negative stories and images of shuttered, empty buildings—the emblems of Detroit's financial and physical decline. In contrast, Arnaud aims his lens at the emergent creative enterprises and new developments taking hold in the still-vibrant city. The book explores Detroit's rich industrial and artistic past while giving voice to the dynamic communities that will make up its future. The first section provides a visual tour of the city's architecture and neighborhoods, while the remaining chapters focus on the developing design, art, and food scenes through interviews and portraits of the city's entrepreneurs, artists, and makers. Detroit is the story of

an American city in flux, documented in Arnaud's thought-provoking photographs. [United States Imports of Merchandise for Consumption](#) Macmillan
