<b>REILLY HINES</b>	
<b>Fodor's Essential Caribbean</b> Rough Guides UK "Fodor's travel intelligence; Comprehensive guide to the ships and ports"--Cover. <u>The Volcano Adventure Guide</u> Apa Publications (UK) Limited This 2001 book provides a selective annotated bibliography of the principal floras and related works of inventory for vascular plants. The second edition was completely updated and expanded to take into account the substantial literature of the late twentieth century, and features a more fully developed review of the history of floristic documentation. The works covered are principally specialist publications such as floras, checklists, distribution atlases, systematic iconographies and enumerations or catalogues, although a relatively few more popularly oriented books are also included. The Guide is organised in ten geographical divisions, with these successively divided into regions and units, each of which is prefaced with a historical review of floristic studies. In addition to the bibliography, the book includes general chapters on botanical bibliography, the history of floras, and general principles and current trends, plus an appendix on bibliographic searching, a lexicon of serial abbreviations, and author and geographical indexes. <u>Martinique and Guadeloupe</u> Lonely Planet Showcasing established and new patterns of research, The Routledge Research Companion to Travel Writing takes an interdisciplinary approach to scholarship and to travel texts themselves. The volume adopts a thematic approach, with each contributor considering a specific aspect of travel writing – a recurrent motif, an organising principle or a literary form. All of the essays include a discussion of representative travel texts, to ensure that the volume as a whole represents a broad historical and geographical range of travel writing. Together, the 25 essays and the editors’ introduction offer a comprehensive and authoritative reflection of the state of travel writing criticism and lay the ground for future developments. <i>Guadeloupe 4th Ed</i> Apa Publications (UK) Limited What's really included in your cruise fare? What cabins are the best--and the worst? What cruise line has the largest standard cabins, even at the lowest price levels? **The Rough Guide to the Caribbean (Travel Guide eBook)** Hunter Publishing, Inc  
Guadeloupe History, Travel and Tourism. Guadeloupe eBook and Book, Guadeloupe travel guide, Guadeloupe Island, Guadeloupe map, Guadeloupe tourism. Introduction; Guadeloupe is an archipelago of eight inhabited islands in the Lesser Antilles, between the tropical Atlantic and the Caribbean Sea. The two principal islands, Basse-Terre and Grande-Terre, are separated by a channel, the Rivière Salée. The capital, Basse-Terre, is on the western wing; the commercial center, Pointe-à-Pitre, is on the eastern wing. The other islands, known as "dependencies," are Marie-Galante, la Désirade, Petite-Terre (uninhabited), and the archipelago Les Saintes, along with Saint Barthélemy and the northern half of Saint Martin to the north. The total area is 660 square miles (1,705 square kilometers). Grande-Terre, essentially limestone, consists of plateaus, plains, and hills ( mornes ). Basse-Terre is volcanic with high mountains and a tropical rain forest. The climate is humid and tropical with a dry season from January to May and a wet season from June to December. The full history is found in this book "Guadeloupe History, Travel and Tourism"  
*Travel EGuide: Guadeloupe, Marie-Galante and Saintes Islands* Hunter Publishing, Inc  
Because Martinique and Guadeloupe are French, tourists here get a two-for-one holiday. French pride and bon vivant chic temper the hot, astonishing beauty of the tropics, creating a faux France in the Caribbean. Book jacket.

**Martinique Alive Guide** Bloomsbury Publishing USA

Insight Guides: Inspiring your next adventure The tropical islands of the Caribbean, arcing like a jeweled necklace between Florida and Venezuela, are famed for their picture-postcard sandy beaches, turquoise waters, and glowing sunshine. Each has a unique character, atmosphere, and flavor of its own, shaped by its people and history. Be inspired to take a cruise by the brand new Insight Pocket Guide Caribbean Ports of Call, a concise, full-color guide that combines lively text with vivid photography to highlight the best that the islands have to offer. Inside Insight Pocket Guide Caribbean Ports of Call: Where To Go details all the key sights on Caribbean cruise ports of call, sailing from major US ports such as Miami and New Orleans, taking in the central American countries and all the islands from Cuba and Puerto Rico to Jamaica, Barbados, and Aruba. Handy maps on the cover flaps help you find your way around and are cross-referenced to the text, while overviews of each major region or island group provide all the essential facts you'll want on your journey. Top 10 Attractions gives a run-down of the best sights to take in on your trip, including St

Lucia's dramatic Piton peaks, Mayan ruins at Chichen Itza in the Yucatan, the Grenadines' coral reefs, and tropical rainforest at Les Chutes du Carbet in Guadeloupe. A Perfect Cruise in the Caribbean provides an itinerary for nine days sailing the high seas. Essential information on the history and culture of the islands. . A-Z of all the practical information you'll need, including how to choose a cruise, preparing for a trip, and what life on board is like. There is also a listing of how to contact the various cruise lines. About Insight Guides: Insight Guides has over 40 years' experience of publishing high-quality, visual travel guides. We produce around 400 full-color print guide books and maps as well as picture-packed eBooks to meet different travelers' needs. Insight Guides' unique combination of beautiful travel photography and focus on history and culture together create a unique visual reference and planning tool to inspire your next adventure. Yes?Buckle up and Bon voyage!Cristina & Olivier Rebiere

**Martinique, Guadeloupe, Dominica and St. Lucia** Apa Publications (UK) Limited

Guadeloupe is an archipelago in the center of the Lesser Antilles. The main island is actually two irregular ovals hinged together like an open oyster shell. Smaller outer islands float nearby like spilled pearls in the turquoise sea. Grande-Terre, the eastern half of the shell, is basically a flat field of lush sugarcane dotted with colorful towns and rimmed by long, sandy beaches. Basse-Terre is a mountainous forest marked by waterfalls, rivers, hot springs and a volcano. The two are joined by a bridge over the Rivière-Salée, a channel that connects the Caribbean Sea and Atlantic Ocean. Grande-Terre and Basse-Terre: Why, you may wonder, is the smaller, flatter half of the island called Grande-Terre (big land), and the larger, mountainous half called Basse-Terre (low land)? The only theory that makes sense is that early sailors, with their obligatory obsession for wind, noticed that northeastern trade winds blew grande when they hit the flat eastern shore, but basse when they pushed over the mountains in the west. The less developed islands of Marie-Galante, Les Saintes and La Désirade stretch out along the double island's southern shore. Les Saintes is actually a collection of mini-islands that are rocky and steep like Basse-Terre. Marie-Galante is flatter and similar to Grande-Terre topographically. La Désirade is a long, narrow, rugged rock with one road, only a few residents and limited facilities a nature-lover's dream. Most visitors choose to stay on the main island and take day-trips or overnight excursions to the outer islands. Grande-Terre and Basse-Terre are connected by a highway that bridges the channel between them, so driving from one to the other is simple. Boats leave for the outer islands from four towns on the main island's southern coast, and they are the quickest and least expensive way to island-hop. Air Guadeloupe flies daily from the international airport near Pointe-à-Pitre to Les Saintes, Marie-Galante and La Désirade. Because the island is so diverse, in a single day you can enjoy a drive along both the jagged coast of the wild Atlantic and the pristine coves of the calm Caribbean or hike uphill into the rain forest then nap on a sunny beach. Several towns on both Basse-Terre and Grande-Terre offer gourmet dining, lively entertainment and world-class lodging. Because the archipelago is a legitimate région of France, you will enjoy French-style comfort and cuisine with a tropical twist wherever you stay. This tropical twist is one of Guadeloupe's many charms. Shops and offices close between noon and 2 o'clock for a leisurely gourmet lunch with wine, as they typically do all over Europe. But, out on the streets, the music has a decidedly African beat. The women wear madras headdresses as they do in India, and the aroma of West Indies spices permeates the air. Another appealing quality is the stable economy that makes Guadeloupe neither rich nor poor. Towns aren't filled with tourist-badgering hustlers or begging street people. At the same time, the islanders are friendly, and a simple bonjour breaks the language barrier. There aren't a lot of fancy boutiques or glitzy nightspots, but everyone seems to have plenty of everything they need. This is a complete and highly detailed guide to Guadeloupe - the restaurants, the hotels, what to see and what to do. It is excerpted from our 650-page Martinique, Guadeloupe, Dominica & St. Lucia Alive guide.

**Guide to Standard Floras of the World** Createspace Independent Publishing Platform

**Insight Guides Caribbean Cruises (Travel Guide eBook)** Fodor

The Volcano Adventure Guide is the first book of its type. It contains vital information for anyone wishing to visit, explore, and photograph active volcanoes safely and enjoyably. Following an introduction that discusses eruption styles of different types of volcanoes, how to prepare for a volcano trip, and how to avoid volcanic dangers, the book presents guides to visiting 42 different volcanoes around the world. This section is packed full of practical information including tour itineraries, maps, transportation details, and warnings of possible non-volcanic dangers. Three appendices at the end of the book direct the reader to a wealth of further volcano resources. Aimed at non-specialist readers who wish to explore volcanoes without being foolhardy, it will fascinate amateur enthusiasts and professional volcanologists alike. The stunning colour photographs throughout the book will delight armchair travellers as well as inspire the adventurous to get out and explore volcanoes for themselves.
